Wofford, 2010-10-13 There is no available information at this time **Materialism and the Mind-body Problem** David M. Rosenthal, 2000-01-01 Expanded and updated to include a wide range of classic and contemporary works this new edition of David Rosenthal's anthology provides a selection of the most important and influential writings on materialism and the mind body problem THE LETTER OF JAMES Edward D. Andrews, 2022-01-01 THE LETTER OF JAMES is the best known of the

27 New Testament books James is straightforward yet powerfully concerned with the actual doing rather than theory and ideas His letter is filled with unforgettable figures of speech and illustrations that it has become the go to book for the churchgoer and the church This admirably authentic verse by verse commentary makes every volume easy to understand and beneficial to your Christian life today Yet it also gives the reader a more in depth understanding of God's Word The author does not provide you with what he thinks feels or believes Instead he gives you what God said and what the Bible author meant by the words that he used The reader will also be given the historical context Bible backgrounds and any Bible difficulties **Sally Potter** Catherine Fowler, 2010-10-01 This survey of Sally Potter's work explores her cinematic

development from the feminist reworking of *La Bohème* in *Thriller* to the provocative contemplation of romantic relationships after 9/11 in *Yes* Catherine Fowler traces a clear trajectory of developing themes and preoccupations and shows how Potter uses song dance performance and poetry to expand our experience of cinema beyond the audiovisual Potter has relentlessly struggled against predictability and safe options Again and again her works grapple with the complexities of being a woman in charge Instead of the quest to find a romantic partner that drives mainstream cinema Potter's films feature characters seeking answers to questions about their sexual gendered social cultural and ethnic identities They find answers by retelling stories investigating mysteries and traveling and interacting with people At the heart of Potter's work is a concern with the ways narrative circumscribes women's ability to act speak look desire and think for themselves Her first two films *Thriller* and *The Gold Diggers* largely deconstruct found stories clichés and images By contrast later films like *Orlando* and *The Tango Lesson* create new and original narratives that place female acts voices looks desires and thoughts at their center Fowler's analysis is supplemented by a detailed filmography bibliography and an extensive interview with the director **Discovery**
