
THE LOOKING- GLASS SELF

*An Examination of
Self-Awareness*

JOHN V. CANFIELD

Looking Glass Self An Examination Of Self Awareness

Pasquale De Marco

Looking Glass Self An Examination Of Self Awareness:

The Looking-Glass Self John V. Canfield, 1990-11-20 John Canfield here presents a penetrating study of the self and self consciousness from the point of view of contemporary analytic philosophy Taking as his starting point Wittgenstein's views on the nature of the self Canfield explains Wittgenstein's approach to philosophy and his way of looking at language He also explores significant non Wittgensteinian philosophical literature including the widespread debate over criteria of personal identity and basic assumptions about the I of such expressions as I think The second half of the book examines how we fix or ascertain certain beliefs about ourselves a problem not previously discussed by analytic philosophers Canfield begins by examining traditional theories that take the self to be a fiction of some sort He goes on to analyze our deep seated existential belief in self a belief that he notes can coexist with a theoretical denial of self's existence A central chapter of the book attempts to delineate clearly Wittgenstein's view of the I as a grammatical fiction In addressing the large literature on criteria of personal identity Canfield argues that a central assumption of that work the notion of judging by intuition in puzzle cases is mistaken Turning his attention to forms of self consciousness Canfield demonstrates that the I of gut level belief is categorically heterogeneous and in part fictional Written with a minimum of jargon this book will interest Wittgensteinian scholars as well as philosophers social scientists and psychoanalysts involved in the study of the self

The Looking-Glass Self John V. Canfield, 1990-11-20 John Canfield here presents a penetrating study of the self and self consciousness from the point of view of contemporary analytic philosophy Taking as his starting point Wittgenstein's views on the nature of the self Canfield explains Wittgenstein's approach to philosophy and his way of looking at language He also explores significant non Wittgensteinian philosophical literature including the widespread debate over criteria of personal identity and basic assumptions about the I of such expressions as I think The second half of the book examines how we fix or ascertain certain beliefs about ourselves a problem not previously discussed by analytic philosophers Canfield begins by examining traditional theories that take the self to be a fiction of some sort He goes on to analyze our deep seated existential belief in self a belief that he notes can coexist with a theoretical denial of self's existence A central chapter of the book attempts to delineate clearly Wittgenstein's view of the I as a grammatical fiction In addressing the large literature on criteria of personal identity Canfield argues that a central assumption of that work the notion of judging by intuition in puzzle cases is mistaken Turning his attention to forms of self consciousness Canfield demonstrates that the I of gut level belief is categorically heterogeneous and in part fictional Written with a minimum of jargon this book will interest Wittgensteinian scholars as well as philosophers social scientists and psychoanalysts involved in the study of the self

Communication Theory James Arthur Anderson, 1996-05-17 This book provides a thorough analysis of the scientific critical and cultural questions at the foundation of theory building in communication and other social sciences Any claim to knowledge the author explains can be analyzed in terms of a series of characteristics the object of its explanation the explanatory form and evidentiary method employed its

characteristic explanations the scope of its performance and its consequences of value From identifying basic epistemological questions to exploring the impact of the knowledge industry on society the volume offers readers the analytical tools to understand compare and evaluate theories and their use both inside and outside the classroom The book also includes a systematic analysis of communication s most influential theories and traces their genealogies across different content fields and disciplines

The End of Individualism and the Economy Ann E. Davis,2020-02-05 Individualism has been one of the driving forces in the rise of modern capitalism and methodological individualism has been dominant in social science for many years In this paradigm the economy is seen as a machine to routinize production and improve efficiency and the discipline of economics has come to focus on control and automation Recent innovations in natural and social sciences however indicate a shift in thinking away from individualism and towards interconnectedness The End of Individualism and the Economy Emerging Paradigms of Connection and Community traces the origins of the individual in history philosophy economics and social science Drawing from linguistic philosophy there is increasing attention to language as a social substrate for all institutions including money and the market One irony is that the individual is a key term related to distinct institutions and associated expertise that is the individual is social The book explores the influence of individualism in the subversion of class consciousness the view of impersonality as a virtue and the rise of financialization The founding assumption of economics the rational autonomous individual with exogenous tastes undercuts social solidarity and blocks awareness of interconnections and interdependencies The text looks forward and embraces the new paradigms and alternative forms of governance economics and science which can be developed based on collectives and communities with new values frameworks and world views This work is suitable for academics students scholars and researchers with an interest in economic and social collectives and methodological individualism as well as those studying the connections between economics and other disciplines in the social and natural sciences

Self-Inference Processes James M. Olson,2013-03-07 Although self inference processes the ways individuals make judgments about themselves have been studied in social psychology and sociology for many years a distinct literature on this topic has not emerged due to the diversity of relevant issues The editors of this current volume cull recent social psychological research and theory on self inference processes and identify some of the common themes in this area of study The specific topics covered in this volume include how people infer their emotions personality traits and body images from relevant information factors influencing the self concept identity and self standards the impact of self inferences on interpersonal relations conditions motivating escape from the self The book is written for researchers and graduate level students in clinical social developmental health and personality psychology

The Palgrave Handbook of Global Perspectives on Emotional Labor in Public Service Mary E. Guy, Sharon H. Mastracci, Seung-Bum Yang,2019-09-03 The Palgrave Handbook of Global Perspectives on Emotional Labor in Public Service challenges traditional public administration theory and its disavowal of the emotive component to

public service delivery Providing a comprehensive and comparative overview of the current research in this previously understudied area this handbook situates emotional labor within public service and establishes emotional labor within individual organizational cultural and situational scenarios With chapters spanning twelve different countries across six continents this handbook provides groundbreaking survey research that probes the daily work experience of public servants paying special attention to the relational aspect of public service delivery It ultimately seeks to revise the current public service paradigm and will be an invaluable resource to researchers public managers and international public service organizations as the first of its kind for the public administration market **The Self in Social Psychology** Roy F.

Baumeister,1999 This reader presents a collection of articles on the study of the self in social psychology The readings are in thematic sections covering topics such as self knowledge self esteem self regulation self presentation and the self and culture

Minerva's Aviary John G. Slater,2005-01-01 In Minerva s Aviary John G Slater documents the history of Toronto s Philosophy Department from its founding to contemporary times **Mentoring Across Boundaries** Jean Boreen,Donna Niday,Mary K. Johnson,2003 Designed for mentors administrators and teacher educators Mentoring Across Boundaries builds on the foundations of the authors previous book Mentoring Beginning Teachers to explore many of the specific issues that impact the mentoring relationship While there are general mentoring strategies that apply to nearly all programs the success of any individual mentoring situation is affected by the relationship between mentor and mentee the school environment the mentee s stage of career and other influences Among the issues the authors explore are age gender and culture in the mentoring relationship new teachers in urban or rural school environments veteran teachers moving across buildings or into a new school teachers working with at risk students mentoring burned out teachers self mentoring working with struggling teachers mentoring through technology The most recent report from the National Commission on Teacher and America s Future states that The conventional wisdom is that we can t find enough good teachers The truth is that we can t keep enough good teachers Mentoring has proven one of the most effective ways to keep teachers in the field With Mentoring Across Boundaries in hand mentors and administrators will find the guidance they need to navigate many of the rough spots that have the potential to derail successful mentoring **Theory and Practice of Leadership** Roger

Gill,2011-12-15 Praise for the first edition At last a well written balanced and insightful British book on leadership It is probable that every theory and assertion of consequence is commented upon A real tour de force Emeritus Professor Gerry Randell University of Bradford School of Management Theory and Practice of Leadership is an all encompassing global review of examples and case studies that is both comprehensive and easily adaptable to almost any situation one would encounter in leading people Richard J Conwell Nova Southeastern University Journal of Applied Management and Entrepreneurship If you are looking for a more holistic and critical take on the field of leadership look no further The second edition of this engaging and highly respected text offers an exploration of leadership in a variety of contexts both profit

orientated and non profit New to this edition Refined to capture and delineate the essential theories more clearly with broader coverage taking in the latest developments in areas such as change politics assessment and development of leadership and multiple intelligences Further development of a new integrative model of core leadership themes and practices Abundant examples and illustrations together with detailed explanations of how they apply in practice A companion website with an Instructor s Manual PowerPoint slides links to additional case studies and full text journal articles Theory and Practice of Leadership will prove a highly stimulating read for undergraduate and postgraduate students of leadership and related subjects as well as management consultants and practising managers

Averting Global Extinction Louis S. Berger, 2009-06-11 The extensive literature about averting ecological disasters nuclear catastrophe and unsupportable overpopulation typically describes dangers analyzes their implications and presses for remedial action It seems that what is taken as too obvious and well understood to mention let alone to address seriously is humanity s failure to give global and human survival top priority More careful consideration of this irrational self destructive sociocultural negligence shows that it is complex puzzling and ensconced and perpetuated by pathological societal defenses This paradox is Averting Global Extinction s subject Berger argues that if these psychological defenses were reduced so would be society s indifference to necessary action The book s clinically informed approach conceptualizes society s self destructiveness as an analogue to the self destructive psychopathologies of individuals identifies society s ubiquitous and destructive psychological defenses denial projection and avoidance as the chief element in that sociocultural psychopathology and devises a sociocultural therapy This therapy is accomplished by translating a carefully selected individual psychotherapy framework a subtype of the so called analysis of defense into a corresponding societal therapeutic methodology society becomes the patient This intervention is intended to complement and facilitate not replace the usual recommended approaches to rescuing the globe Thus three analogies are deployed between individual and societal pathology defenses and psychotherapy The book s new and valuable principal contributions are the identification of sociocultural psychopathology as the underlying cause of our near indifference to the threat of global extinction the recognition of societal defenses as key elements in that pathology the conceptualization of a therapeutic analogue applicable at the societal level to counter that indifference and the construction of an exemplar of that analogue

The Production of Reality Jodi O'Brien, 2010-10-28 Featuring a new emphasis on how to be awake in the world and how to better see the patterns we use to make sense of our own lives this fifth edition of Jodi O'Brien s popular book introduces the major theories concepts and perspectives of contemporary social psychology in a uniquely engaging manner Compelling original essays that introduce relevant concepts are followed by a wide ranging eclectic enjoyable set of readings By grounding social psychology in student experiences and explaining theories through stories and narratives this one of a kind book is a fascinating read that helps students understand the forces that shape their feelings thoughts and actions

The Cambridge Encyclopedia of Child Development Brian Hopkins, Elena Geangu, Sally

Linkenauger,2017-10-19 Updated and expanded to 124 entries The Cambridge Encyclopedia of Child Development remains the authoritative reference in the field *Authenticity & Tourism* Jillian M. Rickly,Elizabeth S. Vidon,2018-09-14 This book brings together contributions from authors who are actively engaged in authenticity research in a tourism context In so doing it demonstrates the various trajectories research has taken towards understanding the significance of authenticity

Selfhood Rick Hoyle,Michael H. Kernis,Mark R. Leary,Mark W. Baldwin,2019-09-16 This text provides an integrative survey of the burgeoning social psychological literature on the self By way of an introduction the authors establish the intellectual climate that gave rise to contemporary perspectives on the self and integrate early and more recent research on the structure of the self The core of the text surveys the literatu One for Joy: An introvert's guide to the secret world of solitude Tom Albrighton,2023-01-10 If you love spending time alone One for Joy is for you Solitude is more than the absence of other people It s an experience just like any other and it can be as joyful valuable and inspiring as any other aspect of our lives It s time we rediscovered the lost art of being alone One for Joy is a treasure trove of ideas stories and reflections that looks at every side of solitude Why solitude is so important for introverts and why our need to be alone is sometimes hard for others to understand How we experience solitude and how solitude and company relate to each other The many ways to be alone from brief daydreams to solo journeys everywhere from wide open spaces to cosy nooks The benefits of solitude from resting and recharging to focused work self care and deep reflection Ideas and reflections on solitude from Byron and Charlotte Bront to Bo Burnham and Kate Bush and fictional characters from Pippi Longstocking to Darth Vader How digital technology and social media have changed our experience of solitude Wide ranging and insightful with a light and readable style One for Joy is a fun and fascinating read for anyone who s happy on their own *GATE Sociology [XH-C6] Sets of 2 Theory Books As Per Updated Syllabus* ,2024-10-13 Covered All 8 Chapters as Per Updated Syllabus Theory Cover in Detail Elaborate Each Every Topic Use Digram to Explain Design by Expert Faculties **Sociological Theory** Alessandro Orsini,2024-05-14 This textbook analyses the work of classical and contemporary sociological theorists The first part is dedicated to Comte Spencer Marx Durkheim Weber Pareto and Simmel The second part covers the major contemporary sociological perspectives Functionalism Marxism Conflict Theory Symbolic Interactionism Phenomenological Sociology and Rational Choice Theory The third part is devoted to Postmodern Theory Feminist Theory Postcolonial Theory and Race Theory The author combines academic rigour with clear and accessible language offering students an in depth and extensive overview of the main recurring problems that have troubled sociological theory from its origins to the present day The textbook uses contemporary examples analysing how sociological theory can explain the most tragic phenomena of our time including the war in Ukraine the Israeli Palestinian conflict US China competition over Taiwan nuclear proliferation radicalization neofascism white suprematism jihadism and terrorism With pedagogic features aiding learning this book helps navigate the various approaches methods and research that divide sociologists into distinct schools This textbook is therefore

an invaluable tool to any sociology student looking to gain a comprehensive understanding of the foundational thinkers that have shaped the discipline
