Body, Boots, and Britches Harold W. Thompson, 1979-11-01 A superb blend of good story telling and sound scholarship this book provides a fascinating record of what country New Yorkers have had to say and sing about themselves as they made their way through three centuries You ll find stories and songs about pioneers Injun fighters canallers outlaws uncanny critters lumberjacks farmers lovers murderers and tricksters You ll even be reminded that piracy and whaling are part of New York s many faceted tradition One chapter examines the origins of New York s strange place names Another is devoted to an engrossing account of New York s proverbs and folk wisdom **Hidden History of the Finger Lakes** Patti

Unvericht, 2018-07-16 New York s Finger Lakes region is filled with compelling characters tragic disasters and fascinating mysteries Famed daredevil Sam Patch known as the Yankee Leaper thrilled audiences at Niagara Falls but took his last jump into the Genesee River with his pet black bear plummeting to his death The first ever Memorial Day was celebrated in Waterloo in 1866 and inspired a nation to adopt the holiday Seneca Lake claims its fair share of ships including the Onondaga which was blown up with dynamite as part of a spectacle to commemorate the sinking of the USS Maine Author Patti Unvericht reveals the forgotten history of the Finger Lakes region *Capitalism by Gaslight* Brian P. Luskey, Wendy A. Woloson, 2015-03-18 While elite merchants financiers shopkeepers and customers were the most visible producers consumers and distributors of goods and capital in the nineteenth century they were certainly not alone in shaping the economy Lurking in the shadows of capitalism s past are those who made markets by navigating a range of new financial instruments information systems and modes of transactions prostitutes dealers in used goods mock auctioneers illegal slavers traffickers in stolen horses emigrant runners pilfering dock workers and other ordinary people who through their transactions and lives helped to make capitalism as much as it made them Capitalism by Gaslight illuminates American economic history by emphasizing the significance of these markets and the cultural debates they provoked These essays reveal that the rules of

economic engagement were still being established in the nineteenth century delineations between legal and illegal moral and immoral acceptable and unsuitable were far from clear The contributors examine the fluid mobility and unstable value of people and goods the shifting geographies and structures of commercial institutions the blurred boundaries between legitimate and illegitimate economic activity and the daily lives of men and women who participated creatively and often subversively in American commerce With subjects ranging from women s studies and African American history to material and consumer culture this compelling volume illustrates that when hidden forms of commerce are brought to light they can become flashpoints revealing the tensions fissures and inequities inherent in capitalism itself Contributors Paul Erickson Robert J Gamble Ellen Gruber Garvey Corey Goettsch Joshua R Greenberg Katie M Hemphill Craig B Hollander Brian P Luskey Will B Mackintosh Adam Mendelsohn Brendan P O Malley Michael D Thompson Wendy A Woloson
