Loony Bin Trip:

The Loony-Bin Trip Kate Millett, 2000 A personal story of Kate Millett's struggle to regain control of her life after falling under an ascription of manic depression Mad Muse Jeffrey Berman, 2019-09-03 Many of the well respected scholarly studies of autobiographical writing have little or nothing to say about mental illness This book uncovers the mysterious relationship between mood disorders and creativity through the lives of seven writers demonstrating how mental illness is sometimes the driving force behind creativity Depression and Narrative Hilary Clark, 2008-10-09 Depression and Narrative examines stories of depression in the context of recent scholarship on illness and narrative which up to this point has largely focused on physical illness and disability Contributors from a number of disciplinary perspectives address these narrative accounts of depression by both sufferers and those who treat them as they appear in memoirs diaries novels poems oral interviews fact sheets blogs films and television shows Together they explore the stories we tell about depression its contested causes its gendering the transformations in identity that it entails and the problems it presents for communication associated as it is with stigma and shame Unlike certain physical illnesses such as cancer depression is stigmatized sometimes as a nonproblem the sufferer should snap out of it and sometimes as the slippery slope to madness Thus depression narratives have their work cut out for them This book highlights the work these stories do including bringing meaning to sufferers explaining depression justifying therapies and treatments and reducing the burden of shame accounting for a suffering that is in the end unaccountable **Feminist Activism in the 1990s** Gabriele Griffin, 2005-11-01 Feminist activism is often taught as an historical phenomenon and many students entering courses on women's studies are not familiar with current feminist work in the field This book documents a wide variety of different forms of feminist activism in the 1990s from organisations such as Rights for Women and Southall Black Sisters to Asian Women's Work in Refuges It raises questions about the meaning of feminist activism and its interpretation within women's studies and other academic disciplines The chapters suggest against much current representation within women's studies and elsewhere that feminism is still alive With a comprehensive introduction providing an historical overview of the development of feminist activism from second wave feminism onwards this text is intended to be of use as a resource for all students of women's studies and related courses **Material Feminisms** Stacy Alaimo, Susan J. Hekman, 2008-01-02 Harnessing the energy of provocative theories generated by recent understandings of the human body the natural world and the material world Material Feminisms presents a way for feminists to conceive of the question of materiality **Mother Millett** Kate Millett, 2020-05-05 Kate Millett's tremulous and hauntingly beautiful memoir begins with a telephone call from Minnesota where her mother is dying Her return home to a severe intelligent and controlling matriarch is the catalyst for a meditation on her upbringing in middle America and her subsequent outcast status as a political activist artist and lesbian Mother Millett is an intensely personal journey through the author's interior life a subject she has visited over the years in such classic texts as *Sita* and *The Loony*

Bin Trip In these pages are reflections on a life of political engagement beginning with the sexual politics of the feminist movement proceeding to the struggle for gay liberation and culminating in her campaign for housing rights on the Lower East Side of New York where she and her neighbors currently face eviction Throughout Millett confronts her fears of losing her mother the anchor to a world she has long ago rejected but which continues to define her Echoing Philip Roth's Patrimony Millett writes with great poignancy about caring for the person who brought her into the world a role reversal that brings with it both devastation and grace Madness in Context: Historical, Poetic and Artistic Perspectives, 2020-09-25 A group of twenty scholars from different disciplinary and cultural backgrounds developed a series of dialogues and discussions on the notion experience and representation of madness This volume is the result of those discussions

Rage And Reason Bloomsbury Publishing,2014-05-29 Women playwrights speak about their art and the theatre in this collection of interviews about a key decade of British drama Twenty leading contemporary dramatists discuss their work from the perspective of being both writers and women Each talks about the state of the theatre now the craft of playwrighting and the pressures of working within a male dominated environment The book also features Sarah Kane s very last public interview What I think is so exciting about the response to a number of the plays written by women in the last ten years is that they are popular with audiences because they ve got this quality this energy and this culture that hasn t been seen much on stage before a humour sexiness and wit that s been missing Charlotte Keatley

Fragile Connections Donald Capps,2014-02-18 One of the greatest contributions of Capps s book is the way in which he weaves together a vast range of theories interpretations and explanations of psychopathology without ever losing sight of the humanity of the person living with mental illness Far too many books seek to find one single explanation of the baffling and complex phenomenon of mental illness Fragile Connections will expand our understanding and empower pastors and others concerned about mental illness with an eloquent exploration of one of the greatest mysteries of the human predicament Lewis Rambo San Francisco Theological Union and Graduate Theological Union Donald Capps skillfully guides his readers into the strange world of severe mental illness a neighborhood disturbingly close to home He first offers the lay of the land by scrutinizing particular psychiatric classifications He then carefully treks through gripping narrative accounts of those battling schizophrenia clinical depression bipolar disorder and Alzheimer s disease Finally with interpretive precision honed through a lifetime of attending to persons in pain Capps risks his own stunning insights into the anguish and mystery of these lives An exquisite and sobering journey Robert C Dykstra Princeton Theological Seminary Fragile Connections is a most welcome resource for those of us involved in theological education Capps s creative use of five memoirs allows persons who suffer from various mental illnesses and the family members who care for them to speak in their own voices about living with these afflictions Carol J Cook Louisville Presbyterian Theological Seminary Doing good with stealth as usual Donald Capps has designed this biblically historically grounded book for seminary students and ministers who will find no other like it The book holds out the key to understanding the experiences of those who are mentally ill and those who love them Capps argues that the study of individuals personal memoirs rather than medically modeled case studies reveals the deep and profoundly personal nature of each person s unique experience of mental illness What is more written as it is in Capps s inimitable style this book fills a void in seminary curricula as it addresses a problem in methodology Antoinette Goodwin pastoral psychotherapist Princeton New Jersey

The Spiritual Gift of Madness Seth Farber, 2012-04-17 A bold call for the insane to reclaim their rightful role as prophets of spiritual and cultural transformation Explains how many of those diagnosed as schizophrenic bipolar and other forms of madness are not ill but experiencing a spiritual awakening Explores the rise of Mad Pride and the mental patients liberation movement Reveals how those seen as mad must embrace their spiritual gifts to help the coming global spiritual transition Many of the great prophets of the past experienced madness a breakdown followed by a breakthrough spiritual death followed by rebirth With the advent of modern psychiatry the budding prophets of today are captured and transformed into chronic mental patients before they can flower into the visionaries and mystics they were intended to become As we approach the tipping point between extinction and global spiritual awakening there is a deep need for these prophets to embrace their spiritual gifts To make this happen we must learn to respect the sanctity of madness We need to cultivate Mad Pride Exploring the rise of Mad Pride and the mental patients liberation movement as well as building upon psychiatrist R D Laing s revolutionary theories Seth Farber Ph D explains that diagnosing people as mad has more to do with social control than therapy Many of those labeled as schizophrenic bipolar and other kinds of mad are not ill but simply experiencing different forms of spiritual awakening they are seeing and feeling what is wrong with society and what needs to be done to change it Farber shares his interviews with former schizophrenics who now lead successful and inspiring lives He shows that it is impossible for society to change as long as the mad are suppressed because they are our catalysts of social change By reclaiming their rightful role as prophets of spiritual and cultural revitalization the mad by seeding new visions for our future can help humanity overcome the spiritual crisis that endangers our survival and lead us to a higher and long awaited stage of spiritual development
