Loose Canons Notes Of The Culture Wars

Barbara Simerka

Loose Canons Notes Of The Culture Wars:

Loose Canons Henry Louis Gates Jr., 1992-04-30 Multiculturalism It has been the subject of cover stories in Time and Newsweek as well as numerous articles in newspapers and magazines around America It has sparked heated jeremiads by George Will Dinesh D Souza and Roger Kimball It moved William F Buckley to rail against Stanley Fish and Catherine Stimpson on Firing Line It is arguably the most hotly debated topic in America today and justly so For whether one speaks of tensions between Hasidim and African Americans in Crown Heights or violent mass protests against Moscow in ethnic republics such as Armenia or outright war between Serbs and Bosnians in the former Yugoslavia it is clear that the clash of cultures is a worldwide problem deeply felt passionately expressed always on the verge of violent explosion Problems of this magnitude inevitably frame the discussion of multiculturalism and cultural diversity in the American classroom as well In Loose Canons one of America s leading literary and cultural critics Henry Louis Gates Jr offers a broad illuminating look at this highly contentious issue Gates agrees that our world is deeply divided by nationalism racism and sexism and argues that the only way to transcend these divisions to forge a civic culture that respects both differences and similarities is through education that respects both the diversity and commonalities of human culture His is a plea for cultural and intercultural understanding You can t understand the world he observes if you exclude 90 percent of the world s cultural heritage We feel his ideas most strongly voiced in the concluding essay in the volume Trading on the Margin Avoiding the stridency of both the Right and the Left Gates concludes that the society we have made simply won t survive without the values of tolerance and cultural tolerance comes to nothing without cultural understanding Henry Louis Gates is one of the most visible and outspoken figures on the academic scene the subject of a cover story in The New York Times Sunday Magazine and a major profile in The Boston Globe and a much sought after commentator And as one of America s foremost advocates of African American Studies he is head of the department at Harvard he has reflected upon the varied meanings of multiculturalism throughout his professional career long before it became a national controversy What we find in these pages then is the fruit of years of reflection on culture racism and the American identity and a deep commitment to broadening the literary and cultural horizons of all Americans

Multiculturalism and Representation John Rieder, Larry E. Smith, 1996-01-01

Black Enterprise , 1992-10 BLACK ENTERPRISE is the ultimate source for wealth creation for African American professionals entrepreneurs and corporate executives Every month BLACK ENTERPRISE delivers timely useful information on careers small business and personal finance

Cultural Wars in American Politics Rhys H. Williams, That contemporary American politics is divided into two differing ideological moral and lifestyle groups a divide so severe as to constitute a cultural war is a widely held popular belief The most systematic academic version of the culture wars claim has appeared in two influential books by sociologist James Davison Hunter the earlier dating from 1991 Hunter s formulation of the myth serves the contributors to this volume as a point of departure They add more measured analyses to the rhetorical

overstatement in Hunter's claim assessing its accuracy with a broad range of evidence based on individual attitudes subcultural values political party dynamics and culture wide ideological currents On every level of analysis the contributors find that Hunter's bipolar axis obscures the variety of ways in which culture actually functions in current politics That variety receives the nuanced treatment it deserves in this collection Examining the full range of sources of cultural politics and offering competing models for understanding the current ideological landscape this volume will be useful in a variety of classroom and seminar settings from political sociology and social movements to contemporary American culture and the sociology of religion

The Culture War in the Civil Rights Movement Joe Street, 2017-07-21 Offers a lively well informed and perceptive analysis of the links between the postwar African American freedom struggle and various forms of black cultural expression and organizing

Every Step a Struggle Frank Manchel, 2007 This book pays tribute to the sacrifices and achievements of seven individuals who made difficult and controversial choices to insure that black Americans shared in the evolution of the nation's cultural heritage Transcriptions and analyses of never before published uncensored conversations with Lorenzo Tucker Lillian Gish King Vidor Clarence Muse Woody Strode Charles Gordone and Frederick Douglass O Neal reveal many of the reasons and rationalizations behind a racist screen imagery in the first three quarters of the twentieth century This primary source replete with pictures documentation and extensive annotations recounts through the words of important participants what happened to many film pioneers when a new generation of African Americans rebelled against the nation's stereotyped film imagery A unique historical resource this book is a fitting tribute to these artists reminding us of their courage integrity and perseverance to succeed against great odds The thorough meticulous annotations make it an indispensable addition to collections in film studies and African American studies Denise Youngblood Professor of History University of Vermont The author has taken a unique approach and may have even created a new genre of writing the interview embellished with scholarly commentary It is a fascinating experiment This book belongs in every research library and in all public libraries from mid size to large cities It fills in lacunae between existing studies Peter C Rollins Editor in Chief of Film History

History of Higher Education Annual 2002 Roger L. Geiger, 2002-01-01

The Splintering of the American Mind William Egginton, 2018-08-28 A timely provocative necessary look at how identity politics has come to dominate college campuses and higher education in America at the expense of a more essential commitment to equality Thirty years after the culture wars identity politics is now the norm on college campuses and it hasn't been an unalloyed good for our education system or the country Though the civil rights movement feminism and gay pride led to profoundly positive social changes William Egginton argues that our culture's increasingly narrow focus on individual rights puts us in a dangerous place The goal of our education system and particularly the liberal arts was originally to strengthen community but the exclusive focus on individualism has led to a new kind of intolerance degrades our civic discourse and fatally distracts progressive politics from its commitment to equality Egginton argues that our colleges and universities have

become exclusive expensive clubs for the cultural and economic elite instead of a national publicly funded project for the betterment of the country Only a return to the goals of community and the egalitarian values underlying a liberal arts education can head off the further fracturing of the body politic and the splintering of the American mind With lively on the ground reporting and trenchant analysis *The Splintering of the American Mind* is a powerful book that is guaranteed to be controversial within academia and beyond At this critical juncture the book challenges higher education and every American to reengage with our history and its contexts and to imagine our nation in new and more inclusive ways **South African**

Theatre as/and Intervention ,2021-11-22 One of the most striking features of cultural life in South Africa has been the extent to which one area of cultural practice theatre has more than any other testified to the present condition of the country now in transition between its colonial past and a decolonized future But in what sense and how far does the critical force of theatre in South Africa as a mode of intervention continue In the immediate post election moment theatre seemed to be pursuing an escapist nostalgic route relieved of its historical burden of protest and opposition But as the contributors to this volume show new voices have been emerging and a more complex politics of the theatre involving feminist and gay initiatives physical theatre festival theatre and theatre for education has become apparent Both new and familiar players in South African theatre studies from around the world here respond to or anticipate the altered conditions of the country while exploring the notion that theatre continues to intervene This broad focus enables a wide and stimulating range of approaches contributors examine strategies of intervention among audiences theatres established and fledgling writers canonical and new texts traditional and innovative critical perspectives The book concludes with four recent interviews with influential practitioners about the meaning and future of theatre in South Africa Athol Fugard Fatima Dike Reza de Wet and Janet Suzman Precious Perversions Tison Pugh,2016-03-21 The tragic sentiment of Southern literature and its heteronormative perspective are foundational attributes generally accepted by both popular and scholarly audiences Yet a pantheon of great authors ranging from like Tennessee Williams Carson McCullers and Truman Capote to present day voices of Alice Walker John Waters and David Sedaris collectively attest to both the vibrancy of queer experience and the prevalence of humor found in this rich regional cannon In *Precious Perversions* Humor Homosexuality and the Southern Literary Canon Tison Pugh challenges the premises that elevate William Faulkner and diminish Florence King that esteem Walker Percy yet marginalize David Sedaris by arguing for the inclusion of gay comic authors as long standing defining voices in the field By redefining the tenets of Southern literature Pugh reveals long overlooked or discounted aspects of gay humor within the South s literary realm Noting for example that Tennessee Williams is revered as a dramatist who probes the heart of the human condition rather than for his submerged camp humor and Truman Capote s comic cinema and literature never eclipsed serious works Pugh establishes a history of mainstream and academic critique that ignored queer humor Likewise Florence King and Rita Mae Brown wrote defining narratives of Southern lesbian experience in respectively *Confessions of a*

Failed Southern Lady and Rubyfruit Jungle yet according to Pugh they are almost entirely neglected in accounts of the literary South More recently the author shows the critical reception of Dorothy Allison's *Bastard Out of Carolina* testifies to an overarching interest in the traumatic aspects of her poetry and fiction rather than in her humor and its cathartic power Pugh also asserts that David Sedaris as a writer of the post Southern South who appears to fall beyond the parameters of regional literature for many readers creates a new humorous vision of the region that recognizes both its pained history and its grudging accession to modernity Drawing from works of key southern writers Pugh sets forth a new vision of Southern literature emerges one illuminated by the humor of gay voices no longer at the margins

Bad Language Edwin Battistella, 2005-08-25 Is today's language at an all time low Edwin Battistella argues that it is wrong to think of slang regional dialects and nonstandard grammar as simply breaking the rules of good English Re-examining debates over relativism in language Battistella argues that we should view language as made up of alternative forms of regularity and orderliness which require informed engagement with usage

Black Enterprise, 1992-10 BLACK ENTERPRISE is the ultimate source for wealth creation for African American professionals entrepreneurs and corporate executives Every month BLACK ENTERPRISE delivers timely useful information on careers small business and personal finance

Democracy, Education, and Multiculturalism Carlos Alberto Torres, 1998-10-29 This important book looks at developments that are changing our understanding of the role of education in citizenship and the possibilities of democratic participation The first chapter reviews theories of citizenship and education based on the classical contributions to political theory of C B MacPherson and T H Marshall The second chapter challenges educators to think more politically about education It is based on a seminal analysis that shows the role education plays in the liberal neoliberal and neoconservative state incorporating critical perspectives from neo Marxism postmodernism and feminism In chapter three Professor Torres analyzes the transition from the welfare state to the neoliberal state including the role of international organizations in promoting educational reform and privatization policies In the concluding chapter Torres draws on Hobbes Locke Jefferson Kant Hegel Marx and other writers such as C Mouffe and C Pateman to outline contemporary approaches to multiculturalism in education and citizenship

Culture's Vanities David Steigerwald, 2004 Americans want it both ways They are committed to cultural diversity yet demand an endless variety of cheap consumer goods from a global system that destroys distinct ways of life In this groundbreaking work David Steigerwald argues that Americans have papered over this paradox by embracing the rhetoric of diversity and multiculturalism which hides the extent to which they have accepted homogenized ways of working and living

Political Correctness and Higher Education John Lea, 2010-05-26 This book is the first major study of political correctness in post compulsory education to be published in the UK For readers in the UK

unfamiliar with the nature of the controversies in US college campuses this book offers a comprehensive assessment of the key themes including who and what was behind key campaigns For readers in the US unfamiliar with how this cultural export has fared in the UK this book looks at the significant similarities and differences in the ways that the phrase has been used in both societies

Indecent Liberties Robert Schmuhl, 2000-08-01 This series of eight provocative essays examines why Americans have a penchant for going to extremes in their arts popular culture politics social movements and other aspects of life Robert Schmuhl considers historical examples the hunting of the buffalo in the West Prohibition business ventures in the Gilded Age but concentrates on contemporary subjects including the emphasis on what shocks the audience as entertainment today tensions among specific groups the decline of private life and the excesses of news media coverage in the O J Simpson and Bill Clinton Monica Lewinsky stories Indecent Liberties explores the dangers and consequences of carrying fundamental American freedoms too far In this environment achieving a public good can get lost in a frenzy of private gain or a worthwhile idea can be pushed to unrecognizable boundaries producing the opposite of its intended effect When an attitude of anything goes takes hold a sense of limits gets lost and it is different to achieve harmony or a center that holds Especially as we face a new century with talk of hyperdemocracy and hypercommunications common in intellectual circles Indecent Liberties argues that seeking equilibrium should be a central objective for all Americans To go to wretched excess can lead to indecent liberties and wretched results that throw the country off balance and endanger the future This book asks questions about today and yesterday that require answers for tomorrow This insightful analysis of a distinct American characteristic is for every reader concerned with America's penchant for going to extremes in ways that produce debatable even deplorable consequences

El Arte Nuevo de Estudiar Comedias Barbara Simerka, 1996 This anthology of new approaches to literary study takes its name from Lope de Vega's Arte nuevo de hacer comedias Like Lope's poem on poetics this volume also operates as a defense in the sense that many of the articles include a defense of the usefulness of literary theory in general and of their chosen approach in particular for enriching the study of the comedia In these essays it is the not quite new art of estudiar rather than hacer drama that is the central concern the contributors defending theoretical innovations approximately twenty years after James Parr in the pages of Hispania issued his challenge to Hispanists to update their approach This volume which combines innovative scholarship with the metacriticism that many critics advocate in all literary study is directed both the students of literature and to scholars who wish to expand their knowledge of the many different areas of theoretical inquiry that comediantes are currently exploring

Rightist Multiculturalism Kristen L. Buras, 2010-11-24 In this groundbreaking book Kristen Buras provides the first detailed critical examination of the Core Knowledge movement and explores the history and cultural politics underlying neoconservative initiatives in education

Debating the Canon L. Morrissey, 2016-05-24 Over the past two decades the debate over the Great Books has been one of the key public

controversies concerning the cultural content of higher education Debating the Canon provides a primary source overview of these ongoing arguments Many of these contributions to this debate have achieved canonical status themselves through the focus on the canon the full spectrum of approaches to literary studies can be seen in the essays Therefore this collection places the recent debate within a larger context of literary criticism s development of a canon going back to the eighteenth century

Loose Canons Notes Of The Culture Wars Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Loose Canons Notes Of The Culture Wars PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Loose Canons Notes Of The Culture Wars PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while

supporting the authors and publishers who make these resources available. In conclusion, the availability of Loose Canons Notes Of The Culture Wars free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Loose Canons Notes Of The Culture Wars Books

1. Where can I buy Loose Canons Notes Of The Culture Wars books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
