

Lope De Vega Et Calderon

Henry W. Sullivan

Lope De Vega Et Calderon:

Calderon and the Baroque Tradition Kurt Levy, Jesús Ara, Gethin Hughes, 2006-01-01 Calder n and the Baroque Tradition is the outcome of a tricentennial commemoration of the seventeenth century Spanish poet and dramatist Pedro Calder n de la Barca and a tribute to a distinguished tradition in Calderonian studies at the University of Toronto A major dramatist of the Spanish Golden Age and a master of the auto sacramental genre Calder n produced some one hundred and twenty comedias and eighty autos during his rather colourful lifetime This volume assembles an impressive collection of essays relating the baroque artistic tradition to such aspects of Calder n s theatre as the use of music mythology costume and his distinctive dramatic technique It will be of interest and value both to students of Spanish drama and Hispanic life in general and to followers of Calder n in particular

The Mind and Art of Calderón Alexander Augustine Parker, 1988 Professor Parker s essays provide a wide ranging survey of the work of Calder n the greatest exponent of Spanish Golden Age drama

Biographie Universelle, Ancienne Et Moderne , 1843 *Calderón in the German Lands and the Low Countries* Henry W. Sullivan, 2009-10-29 This book recounts the afterlife of the great Golden Age dramatist Pedro Calder n de la Barca in Dutch and German speaking Europe The high quality of the German critical and philosophical tradition has led to a far greater appreciation of Calder n outside than inside his native Spain and it is in the German territories that the playwright s influence has been most remarkable and widespread Professor Sullivan documents and analyses Calder n s reception and influence on the stage and on playwrighting criticism philosophy and music in these territories In addressing his book to students of both the German and the Spanish traditions Professor Sullivan has supplied the necessary background to both cultures and has rendered all quotations into English The range of material will also make the book important for students of philosophy comparative drama and German opera

A Companion to Calderón de la Barca Roy Norton, Jonathan Thacker, 2021 The first comprehensive study of Calder n in English Pedro Calder n de la Barca 1600 1681 is one of the most important dramatists many would say the single most important dramatist of the Spanish Golden Age Spain s dominant and most prestigious playwright for much of the seventeenth century his work is still regularly staged and translated influential in more recent times on writers as diverse as Schiller Shelley and Lorca The author of around 120 plays not counting his numerous Corpus Christi autos in a variety of styles Calder n is most famous for his stirring dramas characterized by rhetorically powerful poetry dramatic structures carefully calibrated to produce poignant echoes and the fizzing intellectual energy they apply to the age s ontological eschatological and political preoccupations His plays succeed in combining these perennial concerns with compelling plots subtle enough to defy definitive interpretation As this volume seeks to show however Calder n s comedies deserve equal recognition Too long stereotyped as a dour cerebral conservative this playwright s comic works are as amusing as they are clever This Companion is the first comprehensive study of Calder n in English It provides a rigorous but readable introduction to the man his work and its legacy Its chapters written by leading

international comedia specialists provide an overview of his life explain his intellectual social moral and literary contexts and examine his stagecraft his corpus and his reception both within and without the Hispanic world up to the twenty first century Specific chapters are devoted to La vida es sue o his most famous work which appears on many a university syllabus and to his infamous wife murder plays **The Foreign quarterly review [ed. by J.G. Cochrane].** John George Cochrane,1843

Ambiguous Antidotes Hilaire Kallendorf,2017-01-01 In Ambiguous Antidotes Hilaire Kallendorf explores the receptions of Virtues in the realm of moral philosophy and the artistic production it influenced during the Spanish Gold Age **The Study of Spanish and Portuguese Literature** Friedrich Bouterwek,2021-05-07 This 2 volume book on the literature of Spain and Portugal represents an extraction from Bouterwek s most significant critical work entitled Geschichte der Poesie und Beredsamkeit seit dem Ende der dreizehnten Jahrhunderts History of Poetry and Eloquence from the Close of the Thirteenth Century in which the author has taken an historical and critical survey of the literature of the principal nations of Europe The first of the following volumes is devoted to the history of Spanish and the second to the history of Portuguese Literature The subdivisions of the work correspond with periods marked out by certain revolutions in taste produced by the rise of eminent writers or by other influential circumstances These epochs in literary cultivation form convenient resting places for the student and contribute to exhibit in a clear point of view the circumstances by which the advancement of polite learning has been accelerated or retarded The specimens which are numerous and a great portion of which are selected from very scarce works cannot fail to prove highly acceptable to the lovers of the literature of Spain and Portugal For a general and comprehensive knowledge of that literature they will be found amply sufficient and to those who wish to pursue its study more in detail they will afford most useful assistance In such a course of study great advantage may also be derived from the numerous bibliographical notes introduced by the author **Sins of the Fathers** Hilaire Kallendorf,2013-12-06 Sins of the Fathers considers sins as nodes of cultural anxiety and explores the tensions between competing organizational categories for moral thought and behaviours namely the Seven Deadly Sins and the Ten Commandments Hilaire Kallendorf explores the decline and rise of these organizational categories against critical transformations of the early modern period such as the accession of Spain to a position of world dominance and the arrival of a new courtly culture to replace an old warrior ethos This ground breaking study is the first to consider Spanish Golden Age comedias as an archive of moral knowledge Kallendorf has examined over 800 of these plays to illustrate how they provide insight into aspects of early modern experience such as food sex work and money Finally Kallendorf engages the theoretical terminology of Marxist literary criticism to demonstrate the inherent ambiguity of cultural change **Perilous Passions: Ethics and Emotion in Early Modern Spain** Hilaire Kallendorf, **Calderon: Love Is No Laughing Matter** Sean Page,K. Muir,1986-01-15 Although Calderon s comedy has received rather less attention than the other genres in which he excelled it is widely acknowledged that his comic plays are unrivalled among his contemporaries in terms of plot structure and technical expertise they also

explore contemporary issues to an extent which has not been appreciated Love is no Laughing Matter is one of the best in which the dramatist casts a sardonic eye on male chauvinism women s education and social snobbery This is the first complete text of the play to be published since 1650 Spanish text with facing page translation **Catalogue of the Spanish Library and of the Portuguese Books Bequeathed by George Ticknor to the Boston Public Library** Boston Public Library. Ticknor Collection, George Ticknor, James Lyman Whitney, 1879 Hand-book of Universal Literature, from the Latest and Best Authorities Anne Charlotte Lynch Botta, 1860 *Handbook of Universal Literature from the Best and Latest Authorities* Anne Charlotte Lynch Botta, 1871 *The 17th and 18th Centuries* Frank N. Magill, 2013-09-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual s place in history All entries conclude with a fully annotated bibliography **A History of Spanish Golden Age Drama** Henry K. Ziomek, 2014-07-15 Spain s Golden Age the seventeenth century left the world one great legacy the flower of its dramatic genius the comedia The work of the Golden Age playwrights represents the largest combined body of dramatic literature from a single historical period comparable in magnitude to classical tragedy and comedy to Elizabethan drama and to French neoclassical theater A History of Spanish Golden Age Drama is the first up to date survey of the history of the comedia with special emphasis on critical approaches developed during the past ten years A history of the comedia necessarily focuses on the work of Lope de Vega and Calderon de la Barca but Ziomek also gives full credit to the host of lesser dramatists who followed in the paths blazed by Lope and Calderon and whose individual contributions to particular genres added to the richness of Spanish theater He also examines the profound influence of the comedia on the literature of other cultures **Handbook of Universal Literature** Anne Charlotte Lynch Botta, 1860 Hand-book of Universal Literature Anne Charlotte Lynch Botta, 1867 *The Encyclopædia Britannica* , 1911 *Staging the Spanish Golden Age* Kathleen Jeffs, 2018-04-13 In this volume Kathleen Jeffs draws on first hand experience of the Royal Shakespeare Company s rehearsal room for the 2004 05 Spanish Golden Age season to put forth a collaborative model for translating rehearsing and performing Spanish Golden Age drama Building on the RSC season the volume offers methodologies for translation and communication that can feed the creative processes of actors and directors while maintaining an ethos of fidelity with regards to the original texts It argues that collaboration between academics and theatre practitioners was instrumental in the success of the season and that the work carried out has repercussions for critical debate of Comedia The volume posits a model for future productions of the Comedia in English one that recognizes the need for the languages of the scholar and the theatre artist to be made mutually intelligible by the use of

collaborative strategies mediated by a consultant or dramaturg proficient in both tongues This model applies more generally to theatrical collaborations involving a translator writer and director and will be useful for translation and performance processes in any language
