John Lisners

Lord Goodman:

Lord Goodman Brian Brivati,1999 For just over a decade from 1963 to the mid 1970s Arnold Goodman was the most powerful non elected figure in Britain His power was based on access to the top political and social figures in the age of Harold Wilson and Edward Heath He was skilled at extracting the most fulsome apologies in libel cases and even more skilled in stopping unwelcome stories before they appeared He also chaired the Arts Council brokered for the Observer and performed several other notable services Brian Brivati's study is fair minded and often sympathetic as he tracks Goodman's many acts of kindness and personal patronage and his genuine and pervasive sense of humor But also included is a full account of Goodman's financial dealings with the Portman family funds and of his acting as middleman when Mohammed Fayed paid for Norman Tebbit then Secretary of State for Industry to have a new car for his wife **The Traitor's Heir** Anna Thayer,2014-05-15 2014 INDIES Winner Bronze in Fantasy Fiction A thrilling story fraught with uncertainty and betrayal Publishers Weekly In an epic and mystical tale that resonates with modern times the young Eamon Goodman goes on a journey of discovery A journey which sees him taking an increasingly pivotal role in the battle between the rival forces of the king and the master and takes him from being a young soldier in his home of Edesfield to being a fast rising hero in the dense and rotten city of Dunthruik Under the watchful eye of Lord Cathair in the loving arms of Lady Alessia Turnholt and torn between enemy forces Eamon's experiences lead him to question the nature and true meaning of some of the most important things in life love and friendship loyalty and honour and who he really is But will the answers he finds lead him to become true to himself and true to his name Will they lead him to become a good man *Rise And Fall Of The Murdoch Empire* John Lisners,2013-07-24 Rupert Murdoch ruthless visionary empire builder and business genius He has created a global media network which has made him one of the most powerful and influential figures in the world So potent was the force of his empire that he was even on first name terms with presidents and prime ministers superpowers were only a telephone call away But just recently rather than controlling the news Murdoch has instead become the front page story as the world had been gripped by the unfolding drama of the News International phone hacking scandal Ragamo Today Paul Massiet,2015-04-02 The book is all about the challenges in life the story starts with Lee Goodmans 1st day as a CEO of the Goodman Metropolitan advertising agency Sitting at his desk reminiscing the past The Official History of Criminal Justice in England and Wales Paul Rock,2019-04-30 Volume II of The Official History of Criminal Justice in England and Wales traces for the first time the genesis and early evolution of two principal institutions in the criminal justice system the Crown Court and the Crown Prosecution Service This volume examines the origins and shaping of two critical institutions the Crown Court which rose from the ashes of the Courts of Assize and Quarter Sessions and the Crown Prosecution Service which replaced a rather haphazard system of police prosecuting solicitors The 1971 Courts Act and the 1985 Prosecution of Offences Act were to reconfigure the architecture of criminal justice transforming the procedures by which people were charged prosecuted

and in the weightier cases demanding a judge and jury tried in the criminal courts of England and Wales One stemmed from a crisis in a medieval system of travelling justices that tried people in the wrong places and for inadequate lengths of time The other was precipitated by a scandal in which three men were wrongly convicted for the murder of a bisexual prostitute Theirs is an as yet untold history that can be explored in depth because it is recent enough in the words of Harold Wilson to have been written while the official records could still be supplemented by reference to the personal recollections of the public men who were involved This book will be of much interest to students of criminology and British history politics and law

Continental Drift Constantin Roman, 2000-01-01 Continental Drift Colliding Continents Converging Cultures is as much an account of the impressions Western culture made on Constantin Roman as a young researcher from behind the Iron Curtain as a personal history of the developing new science of plate tectonics The book elucidates the author s struggles against a web of bureaucracy to secure his rights in the free world while exploring historical events A refined observer of the contrast of cultures between East and West Roman s personal story relates his encounters with eminent scientists artists and embassy officials Constantin Roman defied communist restrictions by coming to England in 1968 on a NATO travel grant After being encouraged by Keith Runcorn at the University of Newcastle to stay in Britain for a higher degree he received a Ph D scholarship at the University of Cambridge This is where he studied under Sir Edward Bullard when plate tectonics was in its infancy when the concepts of continental drift and sea floor spreading were galvanizing geology As a continental student adrift on English shores Roman soon staked his claim on the plate tectonics map with his work on the deep earthquakes of the Carpathians But the stakes became higher with a race against the clock to be the first to publish a plate tectonics solution to the Himalayan earthquakes Continental Drift delves into all of this and more It will delight earth scientists physicists and general readers as well as historians of science who will find a wealth of personal recollections of key figures in the continental drift story
