Sánchez, 2022-07-12 The radical history of a dynamic multiracial American neighborhood When I think of the future of the United States and the history that matters in this country I often think of Boyle Heights George J Sánchez The vision for America's cross cultural future lies beyond the multicultural myth of the great melting pot That idea of diversity often imagined ethnically distinct urban districts the Little Italys Koreatowns and Jewish quarters of American cities built up over generations and occupying spaces that excluded one another But the neighborhood of Boyle Heights shows us something altogether different a dynamic multiracial community that has forged solidarity through a history of social and political upheaval Boyle Heights is an in depth history of the Los Angeles neighborhood showcasing the potent experiences of its residents from early contact between Spanish colonizers and native Californians to the internment of Japanese Americans during World War II the hunt for hidden Communists among the Jewish population negotiating citizenship and belonging among Latino migrants and Mexican American residents and beyond Through each period and every struggle the residents of Boyle Heights have maintained remarkable solidarity across racial and ethnic lines acting as a unified polyglot community even as their tribulations have become more explicitly racial in nature Boyle Heights is immigrant America embodied and it can serve as the true beacon on a hill toward which the country can strive in a time when racial solidarity and civic

resistance have never been in greater need The New Deal Kathryn Flynn,2009-09 2008 marks the 75th anniversary of the New Deal the series of programs initiated by President Franklin Delano Roosevelt to help Americans recover during the Great Depression Programs such as the Civilian Conservation Corps the Civil Works Administration and the Works Progress Administration gave hope support and encouragement to millions of Americans Several New deal programs including Social Security continue to help Americans today **Popular Culture in the Age of White Flight** Eric Avila,2006-04 In Popular Culture in the Age of White Flight Eric Avila offers a unique argument about the restructuring of urban space in the two decades following World War II and the role played by new suburban spaces in dramatically transforming the political culture of the United States Avila s work helps us see how and why the postwar suburb produced the political culture of balanced budget conservatism that is now the dominant force in politics how the eclipse of the New Deal since the 1970s represents not only a change of views but also an alteration of spaces George Lipsitz author of The Possessive Investment in Whiteness

The Urban Community Nels Andersen,2013-03-07 Part of the Sociology of the City series originally published in 1959 this volume looks at the urban community bringing together rural and urban sociology It advises that areas need to be looked at in terms the way of the life of the inhabitants and not by size and that urban sociology needs to assume a more global perspective not just locally Proud to Be an Okie Peter La Chapelle,2007-04-03 Proud to Be an Okie brings to life the influential country music scene that flourished in and around Los Angeles from the Dust Bowl migration of the 1930s to the early 1970s The first work to fully illuminate the political and cultural aspects of this intriguing story the book takes us from Woody Guthrie s radical hillbilly show on Depression era radio to Merle Haggard s Okie from Muskogee in the late 1960s It explores how these migrant musicians and their audiences came to gain a sense of identity through music and mass media to embrace the New Deal and to celebrate African American and Mexican American musical influences before turning toward a more conservative outlook What emerges is a clear picture of how important Southern California was to country music and how country music helped shape the politics and culture of Southern California and of the nation Library Accessions
