Lost In Transmission? Nicholas Perrin, 2009-08-24 Bart Ehrman in his New York Times bestseller *Misquoting Jesus* claims that the New Testament cannot wholly be trusted Cutting and probing with the tools of text criticism Ehrman suggests that many of its episodes are nothing but legend fabricated by those who copied or collated its pages in the intervening centuries The result is confusion and doubt Can we truly trust what the New Testament says Now Wheaton College scholar Nicholas Perrin takes on Ehrman and others who claim that the text of the New Testament has been corrupted beyond recognition Perrin in an approachable compelling style gives us a layman's guide to textual criticism so that readers can understand the subtleties of Ehrman's critiques and provides firm evidence to suggest that the New Testament can indeed be trusted

Lost in Transmission? The Effectiveness of Monetary Policy Transmission Channels in the GCC Countries Mr. Serhan

Cevik, Ms. Katerina Teksoz, 2012-07-01 This paper empirically investigates the effectiveness of monetary policy transmission in the Gulf Cooperation Council GCC countries using a structural vector autoregressive model The results indicate that the interest rate and bank lending channels are relatively effective in influencing non hydrocarbon output and consumer prices while the exchange rate channel does not appear to play an important role as a monetary transmission mechanism because of the pegged exchange rate regimes The empirical analysis suggests that policy measures and structural reforms strengthening financial intermediation and facilitating the development of liquid domestic capital markets would advance the effectiveness of monetary transmission mechanisms in the GCC countries **Jade & Echo: Love Lost in Transmission.**
