Lost Oasis The Desert War And The Hunt For Zerzura

Minjie Lin

Lost Oasis The Desert War And The Hunt For Zerzura:

The Hunt for Zerzura Saul Kelly, 2002 This is a study of the true story behind The English Patient one of the least known and most extraordinary episodes of World War II In the 1930s the Zerzura Club named after a lost oasis in the Libyan desert met once a year for dinner at the Cafe Royal in London Ostensibly its members were cosmopolitan adventurers indulging a craze for desert travel by motor car and aeroplane and searching for the lost oases and ancient cities of a vanished civilization In reality they were mapping the desert for military reasons marking vital wells and checking terrain The Club s members were drawn from countries that would soon be enemies and fellowship masked a vicious rivalry Mussolini hoped to make Egypt the centrepiece of a new Italian empire but the British for whom the Suez Canal was strategically vital were determined to hold onto that country When war broke out in 1939 Ralph Bagnold founded the Long Range Desert Group to spy on and disrupt the Axis powers advance on Cairo under Rommel while his fellow club member Count Almasy tried to spirit the Egyptian Chief of Staff out of Cairo and succeeded in inserting German spies Both of them were using knowledge and desert craft drawn from the hazardous hunt for the Zerzura Oasis where each had deceived the other about his true purpose In telling this story Saul Kelly draws on interviews with survivors as well as previously unknown documentary material in Britain Italy Germany Hungary and Egypt His book reads like a thriller by John Buchan or Frederick Forsyth with one key difference it is true

The Lost Oasis Saul Kelly, 2009-04-20 The Lost Oasis tells the true story behind The English Patient An extraordinary episode in World War II it describes the Zerzura Club a group of desert explorers and adventurers who indulged in desert travel by early model motor cars and airplanes and who searched for lost desert oases and ancient cities of vanished civilizations In reality they were mapping the desert for military reasons and espionage The club s members came from countries that soon would be enemies England and the Allied Forces v Italy and Germany When war erupted in 1939 Ralph Bagnold founded the British Long Range Desert Group to spy on and disrupt Rommel s advance on Cairo while a fellow club member Hungarian Count Almasy succeeded in placing German spies there Ultimately the British prevailed Saul Kelly s riveting history draws on interviews with survivors and previously unknown documentary material in England Italy Germany Hungary and Egypt His book reads like a thriller with one key difference it s all true

The Lost Oasis Saul Kelly, 2003 War of Shadows Gershom Gorenberg, 2021-01-19 In this World War II military history Rommel s army is a day from Cairo a week from Tel Aviv and the SS is ready for action Espionage brought the Nazis this far but espionage can stop them if Washington wakes up to the danger As World War II raged in North Africa General Erwin Rommel was guided by an uncanny sense of his enemies plans and weaknesses In the summer of 1942 he led his Axis army swiftly and terrifyingly toward Alexandria with the goal of overrunning the entire Middle East Each step was informed by detailed updates on British positions The Nazis somehow had a source for the Allies greatest secrets Yet the Axis powers were not the only ones with intelligence Brilliant Allied cryptographers worked relentlessly at Bletchley Park

breaking down the extraordinarily complex Nazi code Enigma From decoded German messages they discovered that the enemy had a wealth of inside information On the brink of disaster a fevered and high stakes search for the source began War of Shadows is the cinematic story of the race for information in the North African theater of World War II set against intrigues that spanned the Middle East Years in the making this book is a feat of historical research and storytelling and a rethinking of the popular narrative of the war It portrays the conflict not as an inevitable clash of heroes and villains but a spiraling series of failures accidents and desperate triumphs that decided the fate of the Middle East and quite possibly the outcome of the war

Prevail Jeff Pearce, 2017-07-04 It was the war that changed everything and yet it's been mostly forgotten in 1935 Italy invaded Ethiopia It dominated newspaper headlines and newsreels It inspired mass marches in Harlem a play on Broadway and independence movements in Africa As the British Navy sailed into the Mediterranean for a white knuckle showdown with Italian ships riots broke out in major cities all over the United States Italian planes dropped poison gas on Ethiopian troops bombed Red Cross hospitals and committed atrocities that were never deemed worthy of a war crimes tribunal But unlike the many other depressing tales of Africa that crowd book shelves this is a gripping thriller a rousing tale of real life heroism in which the Ethiopians come back from near destruction and win Tunnelling through archive records tracking down survivors still alive today and uncovering never before seen photos Jeff Pearce recreates a remarkable era and reveals astonishing new findings He shows how the British Foreign Office abandoned the Ethiopians to their fate while Franklin Roosevelt had an ambitious peace plan that could have changed the course of world history had Chamberlain not blocked him with his policy on Ethiopia And Pearce shows how modern propaganda techniques the post war African world and modern peace movements all were influenced by this crucial conflict a war in Africa that truly changed the world Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

The British Empire and the Second World War Ashley Jackson, 2006-03-09 In 1939 Hitler went to war not just with Great Britain he also went to war with the whole of the British Empire the greatest empire that there had ever been In the years since 1945 that empire has disappeared and the crucial fact that the British Empire fought together as a whole during the war has been forgotten All the parts of the empire joined the struggle and were involved in it from the beginning undergoing huge changes and sometimes suffering great losses as a result The war in the desert the defence of Malta and the Malayan campaign and the contribution of the empire as a whole in terms of supplies communications and troops all reflect the strategic importance of Britain's imperial status Men and women not only from Australia New Zealand and India but from many parts of Africa and

the Middle East all played their part Winston Churchill saw the war throughout in imperial terms The British Empire and the Second World War emphasises a central fact about the Second World War that is often forgotten *Great Desert Explorers* Andrew Goudie,2016-12-01 Desert exploration like climbing Everest or polar expeditions is not for the faint hearted and many of the vivid tales within this fascinating biographical history end in tragedy However the informative and absorbing descriptions of the extraordinary journeys challenges and achievements of these intrepid figures are captivating They risked their lives variously for good old fashioned epic adventure solitude fame the answer to mythical questions and some were even spies They experienced fear excitement and hardship in their journeys into the unknown There are many books on exploration but remarkably few on desert exploration Moreover some of the great desert explorers of the last three hundred years are now very little remembered or appreciated in comparison say with those who ventured to the poles climbed Everest or sought the source of the Nile Yet crossing unknown deserts is no less challenging This volume finally brings these Great Desert Explorers into the limelight with short illustrated biographies of around 60 of the most interesting intrepid and important explorers of the world s greatest deserts There is also a brief introduction to each desert region The many original quotations illustrations and maps contemporary figures as well as plates of a range of desert landscapes make this a colourful lively and informative read [The Rough Guide to Egypt](#) Daniel Jacobs,Dan Richardson,2010-08-02 The Rough Guide to Egypt is your essential travel guide to this ancient land Fully revised and updated the guide provides unparalleled coverage of everything from Egypt s tombs temples and pyramids to diving in the Red Sea desert safaris and cruising the Nile in style With accurate maps plans colour spreads and beautiful colour photography throughout you ll find informed practical advice on what to see and do in Egypt plus honest reviews of the best hotels bars clubs shops and restaurants for all budgets Adventurous informative and opinionated The Rough Guide to Egypt puts the facts at your fingertips introducing you to the country s best reefs and beaches the latest discoveries from antiquity the remotest oases nightlife only locals know and much much more Make the most of your time with The Rough Guide to Egypt **The Rough Guide to Egypt** Dan Richardson,Daniel Jacobs,2010-08-02 The Rough Guide to Egypt is your essential travel guide to this ancient land Fully revised and updated the guide provides unparalleled coverage of everything from Egypt s tombs temples and pyramids to diving in the Red Sea desert safaris and cruising the Nile in style With accurate maps plans colour spreads and beautiful colour photography throughout you ll find informed practical advice on what to see and do in Egypt plus honest reviews of the best hotels bars clubs shops and restaurants for all budgets Adventurous informative and opinionated The Rough Guide to Egypt puts the facts at your fingertips introducing you to the country s best reefs and beaches the latest discoveries from antiquity the remotest oases nightlife only locals know and much much more Make the most of your time with The Rough Guide to Egypt [The Great Explorers](#) Robin Hanbury-Tenison,2018-10-16 Penetrating biographies written by a group of distinguished travel writers broadcasters and historians reveal the lives motives and passions of forty major explorers in

history It has always been mankind's gift or curse to be inquisitive and through the ages people have been driven to explore the limits of the worlds known to them and beyond Here are the stories of forty of the world's greatest explorers from Europe America Asia and Australia These are men and women who changed our perception of the world through their courageous adventures Organized thematically the book opens with the oceanic journeys of five hundred years ago when the great era of recorded exploration began The following sections look at The Land Rivers Polar Ice Deserts Life on Earth and New Frontiers Many of these explorers recounted their journeys in vivid firsthand accounts others were superb artists or photographers The book features quotes from their journals and reports and it is illustrated with paintings photographs engravings and maps so that we can experience their adventures through their own eyes and in their own words Featured explorers include Christopher Columbus Vasco da Gama James Cook Lewis and Clark Richard Burton Samuel de Champlain David Livingstone Roald Amundsen Gertrude Bell Alexander von Humboldt Yuri Gagarin and Jacques Yves Cousteau Paddy Mayne Hamish Ross,2011-08-26 The best biography I've read recently Colin Bateman Sunday Independent An excellent examination of Mayne Ross corrects many of the myths about him that have flourished over the years History of War magazine This welcome reassessment officially backed and well researched sets the record straight Soldier Magazine Paddy Mayne was one of the most outstanding special forces leaders of the Second World War Hamish Ross's authoritative study follows Mayne from solicitor and rugby international to troop commander in the Commandos and then the SAS whose leader he later became and whose annals he graced winning the DSO and three bars the Croix de Guerre and the Legion d'Honneur Mayne's achievements attracted attention and after his early death legends emerged based largely on anecdote and assertion Hamish Ross's closely researched biography challenges much of the received version using contemporary sources the official war diaries the chronicle of 1 SAS Mayne's papers and diaries and a number of extended interviews with key contemporaries Ross's analysis shows Mayne to be a dynamic yet principled and thoughtful man committed to the unit's original concepts He was far from flawless but his leadership and tactical brilliance in the field secured the reputation of the SAS proving he was every bit a rogue hero World War II Spencer C. Tucker,2016-09-06 With more than 1 700 cross referenced entries covering every aspect of World War II the events and developments of the era and myriad related subjects as well as a documents volume this is the most comprehensive reference work available on the war This encyclopedia represents a single source of authoritative information on World War II that provides accessible coverage of the causes course and consequences of the war Its introductory overview essays and cross referenced A Z entries explain how various sources of friction culminated in a second worldwide conflict document the events of the war and why individual battles were won and lost and identify numerous ways the war has permanently changed the world The coverage addresses the individuals campaigns battles key weapons systems strategic decisions and technological developments of the conflict as well as the diplomatic economic and cultural aspects of World War II The five volume set provides comprehensive information that gives readers

insight into the reasons for the war's direction and outcome Readers will understand the motivations behind Japan's decision to attack the United States appreciate how the concentration of German military resources on the Eastern Front affected the war's outcome understand the major strategic decisions of the war and the factors behind them grasp how the Second Sino-Japanese War contributed to the start of World War II and see the direct impact of new military technology on the outcomes of the battles during the conflict The lengthy documents volume represents a valuable repository of additional information for student research

A Companion to International History 1900 - 2001 Gordon Martel, 2010-03-29 A comprehensive overview of the most important international events movements and controversies of the 20th century Written by distinguished scholars each an authority in their field Explores influential underlying themes such as imperialism nationalism internationalism technological developments and changes in diplomatic methods Addresses a broad range of topics including diplomacy of wartime and peacemaking the cold war era and the new world order the end of European empires the rise of nationalism in the Third World globalization and terrorism Chronological organization makes the volume easily accessible Includes useful guides for further reading and research

The Life and World of Francis Rodd, Lord Rennell (1895-1978) Philip Boobbyer, 2021-01-20 This book is a biographical study of the geographer explorer and banker Francis Rodd the second Lord Rennell of Rodd 1895-1978 Rodd's life is interesting for the way it connected the worlds of geography international finance politics espionage and wartime military administration He was famous in the 1920s for his journeys to the Sahara and his study of the Tuareg People of the Veil 1926 A career in banking included a stint at the Bank of England before he became a Partner in the merchant bank Morgan Grenfell where remained for most of his working life 1933-1961 During the war he worked for the Ministry of Economic Warfare 1939-40 before getting closely involved in the sphere of military government civil affairs In 1942 he was War Office's Chief Political Officer in East Africa He was then appointed head of the first Allied Military Government in occupied Europe Chief Civil Affairs Officer of AMGOT In civil affairs he was drawn to the principles of indirect rule A generalist in an age of growing specialisation he was also a mixture of traditionalist and moderniser A product of Eton and Balliol College Oxford and elevated to the peerage in 1941 he was well connected socially and his life is a window onto British society at a time of great change

The Secret War for the Middle East Youssef Aboul-Enein, 2013-10-15 It can be argued that the Middle East during the World War II has been regarded as that conflict's most overlooked theater of operations Though the threat of direct Axis invasion never materialized beyond the Egyptian Western Desert with Rommel's Afrika Korps this did not limit the Axis from probing the Middle East and cultivating potential collaborators and sympathizers These actions left an indelible mark in the socio-political evolution of the modern states of the Middle East This book explores the infusion of the political language of anti-Semitism nationalism fascism and Marxism that were among the ideological byproducts of Axis and Allied intervention in the Arab world The status of British dominated Middle East was tailor made for exploitation by Axis intelligence and propaganda German and Italian intelligence efforts fueled anti-British resentments their influence shaped the course of Arab nationalist sentiments throughout the Middle East A relevant parallel to the pan-Arab cause was Hitler's attempt to bring ethnic Germans into the fold of a greater German state In theory as the Sudeten German stood on par with the Carpathian German so too according to doctrinal theory did the Yemeni stand in union with the Syrian in the imagination of those espousing pan-Arabism As historic evidence demonstrates this very commonality proved to be a major factor in the development of relations between Arab and Fascist leaders The Arab nationalist movement amounted to nothing more than a shapeless fragmented counter position to British imperialism imported to the Arab East via Berlin for Nazi aspirations

New Spaces of Exploration Simon Naylor, James R. Ryan, 2009-12-18 For many the dawn of the twentieth century ushered in an era where the world map had few if any blank spaces left to discover The age of exploration was supposedly dead *New Spaces of Exploration* challenges this assumption Focusing specifically on exploration in the twentieth century the authors demonstrate how new technologies and changing geopolitical configurations have ensured that exploration has remained a key feature of our rapidly globalizing world Ranging widely in their geographical focus from the Europe and Asia to Australia and from the polar regions to outer space they demonstrate the increasing diversity of modern exploration and reveal the continuing political military industrial and cultural motivations at play The result is a major contribution to our understanding of the significance of exploration in the twentieth century Contributors include E Baigent C Collis K Dodds F Driver M Godwin J Hill F Korsmo F MacDonald S Naylor J Ryan N Thomas and K Yusoff

The British

Defence of Egypt, 1935-40 Steve Morewood, 2004-11-25 A comprehensive and challenging analysis of the British defence of Egypt primarily against fascist Italy in the critical lead up period to the Second World War Culminating in the decisive defeat of the Italian military threat at Sidi Barrani in December 1940 this is a fascinating new contribution to the field The security of Egypt a constant of British imperial strategy is a curiously neglected dimension of the still burning appeasement debate Steven Morewood adds to the originality of his interpretation by suggesting the old view should be reinstated that Mussolini should and could have been stopped in his empire building at the Abyssinian hurdle Thereafter as Nazi Germany tore the Versailles peace settlement to shreds the drift to war accelerated as British resolve and credibility were brought into question The fascist dictators in Rome and Berlin held no respect for weakness and Mussolini became the conduit through which Hitler could apply pressure to a sensitive British interest through reinforcing Libya at critical moments **Mission Mastery** Brian Dive, 2016-01-22 This book reveals the story of how the first large learning organization was formed Emerging around 1870 it involved an organizational transformation that followed a disaster some 60 years earlier The great success of this process was the introduction of a totally new approach to leadership a competitive edge that would go undetected for another 100 years The original development involved the Prussian German Army under a great leader Helmut von Moltke NATO countries finally discovered this secret weapon which they have since implemented in their mission command centers in the 1980s The book distils five underlying features or pillars of the transformed organization and describes how they can be applied in civilian organizations to attain a state of Mission Mastery Never before published these ideas are supplemented by numerous references and practical examples to illustrate the persuasive power of the case made namely that most civilian organizations are weak in terms of the five key ingredients needed for Mission Mastery This book is a must read for all charged with developing tomorrow's leaders Sir Michael Perry GBE previously Chairman and Chief Executive Officer at Unilever Chairman of Centrica Chairman of the Senior Salaries Review Body Independent Director at Singapore Technologies Telemedia Pte Ltd and Chairman of the Faculty Board at the Said Business School Oxford University Mission Mastery is a masterwork Professor Stephen J Perkins DPhil Oxon Dean Guildhall Faculty of Business Law London Metropolitan University UK No other book on organizational leadership is as relevant today as Mission Mastery Gerald A Arbuckle Organizational Anthropologist and author of *Humanizing Healthcare Reforms* The Fortunes of Africa Martin Meredith, 2014-10-14 A sweeping history the fortune seekers adventurers despots and thieves who have ruthlessly endeavored to extract gold diamonds and other treasures from Africa and its people Africa has been coveted for its rich natural resources ever since the era of the Pharaohs In past centuries it was the lure of gold ivory and slaves that drew merchant adventurers and conquerors from afar In modern times the focus of attention is on oil diamonds and other rare earth minerals In this vast and vivid panorama of history Martin Meredith follows the fortunes of Africa over a period of 5 000 years With compelling narrative he traces the rise and fall of ancient kingdoms and empires the spread of Christianity

and Islam the enduring quest for gold and other riches the exploits of explorers and missionaries and the impact of European colonization He examines too the fate of modern African states and concludes with a glimpse of their future His cast of characters includes religious leaders mining magnates warlords dictators and many other legendary figures among them Mansa Musa ruler of the medieval Mali empire said to be the richest man the world has ever known
