

Lost Love

**Tell me young man
Why are you so numb?
You don't care if I die
Yet you tell me I'm dumb**

**My heart is shouting at your ear
You're so deaf that you can't hear
Now I'm paralyzed with fear
'Coz all things are so unclear**

**Why did you leave me for her?
Though she can't love you truly
Please come back my long lost love
And I'll cherish you dearly**

**Tonight if you're not back
I'll just cut my wrist and die
My heart will be as hard as rock
And I'll keep these feelings in a lie**

WLA, 2009 The Lost World of Francis Scott Key Sina Dubovoy, 2014-05 Francis Scott Key was born during the Revolutionary War on his family's Maryland estate and died suddenly and unexpectedly in Baltimore at age sixty three History remembers him best as the composer of The Star Spangled Banner and least of all as a noted poet and eminent lawyer Time and again his career propelled him into the limelight which explains how Key happened to find himself aboard a truce ship during the massive British bombardment of Fort Mchenry in 1814 As he watched the assault all night long with the aid of a spyglass the poet lawyer was inspired to compose the ode that became the anthem of a nation During his forty plus years as a lawyer Francis Scott Key argued well over one hundred appeals before the Supreme Court in Washington As a devout evangelical Episcopalian and lay leader he found himself steeped in the divisive issues sundering his church His restless intellect and spirit sought an outlet in a mind boggling array of philanthropic projects which included the founding of the free African republic of Liberia As a result of new and overlooked sources and materials new facts about Francis Scott Key have emerged and some age old myths have been dispelled What still remains true and enduring about the man are his genius piety and service to his country and fellow man

Contemporary Irish Poetry and the Pastoral Tradition Donna L. Potts, 2012-01-01 In Contemporary Irish Poetry and the Pastoral Tradition Donna L Potts closely examines the pastoral genre in the work of six Irish poets writing today Through the exploration of the poets and their works she reveals the wide range of purposes that pastoral has served in both Northern Ireland and the Republic a postcolonial critique of British imperialism a response to modernity industrialization and globalization a way of uncovering political and social repercussions of gendered representations of Ireland and more recently a means for conveying environmentalism s more complex understanding of the value of nature Potts traces the pastoral back to its origins in the work of Theocritus of Syracuse in the third century and plots its evolution due to cultural changes While all pastoral poems share certain generic traits Potts makes clear that pastorals are shaped by social and historical contexts and Irish pastorals

in particular were influenced by Ireland's unique relationship with the land language and industrialization due to England's colonization. For her discussion Potts has chosen six poets who have written significant collections of pastoral poetry and whose work is in dialogue with both the pastoral tradition and other contemporary pastoral poets. Three poets are men: John Montague, Seamus Heaney, Michael Longley, while three are women: Eavan Boland, Medbh McGuckian, Nuala Ní Dhomhnaill. Five are English language authors while the sixth, Ní Dhomhnaill, writes in Irish. Additionally, some of the poets hail from the Republic while others originate from Northern Ireland. Potts contends that while both Irish Republic and Northern Irish poets respond to a shared history of British colonization in their pastorals, the 1921 partition of the country caused the pastoral tradition to evolve differently on either side of the border, primarily because of the North's more rapid industrialization, its more heavily Protestant population whose response to environmentalism was somewhat different than that of the Republic's predominantly Catholic population, as well as the greater impact of the world wars and the Irish Troubles. In an important distinction from other studies of Irish poetry, Potts moves beyond the influence of history and politics on contemporary Irish pastoral poetry to consider the relatively recent influence of ecology. Contemporary Irish poets often rely on the motif of the pastoral retreat to highlight various environmental threats to those retreats, whether they be high rises, motorways, global warming, or acid rain. Potts concludes by speculating on the future of pastoral in contemporary Irish poetry through her examination of more recent poets, including Moya Cannon and Paula Meehan, as well as other genres such as film, drama, and fiction.

Reading the Middle Generation Anew Eric Haralson, 2006-04. Ten original essays by advanced scholars and well-published poets address the middle generation of American poets, including the familiar Robert Lowell, Elizabeth Bishop, Randall Jarrell, and John Berryman, and various important contemporaries: Delmore Schwartz, Theodore Roethke, Robert Hayden, and Lorine Niedecker. This was a famously troubled cohort of writers for reasons both personal and cultural, and collectively their poems give us powerful, moving insights into American social life in the transforming decades of the 1940s through the 1960s. In addition to having worked during the broad middle of the last century, these poets constitute the center of twentieth-century American poetry in the larger sense, refuting invidious connotations of middle as coming after the great moderns and being superseded by a proliferating postmodern experimentation. This middle generation mediates the so-called American century and its prodigious body of poetry, even as it complicates historical and aesthetic categorizations. Taking diverse formal and thematic angles on these poets, biographical, historical, deconstructionist, and more formalist accounts, this book re-examines their betweenness and ambivalence, their various positionings and repositionings in aesthetic, political, and personal matters. The essays study the interplay between these writers and such shifting formations as religious discourse, consumerism, militarism, and war, the ideology of America as nature's nation, and U.S. race relations and ethnic conflicts.

Reading the Middle Generation Anew also shows the legacy of the middle generation, the ways in which their lives and writings continue to be a

shaping force in American poetry This fresh and invigorating collection will be of great interest to literary scholars and poets
