Prehistoric Societies on the Northern Frontiers of China Gideon Shelach, 2016-04-08 The northern borders of China known as the Northern zone were a key area of interaction between sedentary and nomadic people during the late second and early first millennium BCE During this period the region's unique economy socio political systems local cultures and identities took shape Prehistoric Societies on the Northern Frontiers of China analyses the archaeological record to examine the changes that took place in Northern China in the first millennium Drawing on field work in the Chifeng area of Inner Mongolia the book explores dramatic changes in the construction of identities alongside more gradual changes in subsistence strategies and political organization The book is unique in integrating the archaeological data and historical records of this period with anthropological theory to examine the role of identity construction and the use of symbol in the shaping of East Asian society

The Development of Pre-State Communities in the Ancient Near East Diane Bolger, Louise C. Maguire, 2010-04-30 This book explores the dynamics of small scale societies in the ancient Near East by examining the ways in which particular

communities functioned and interacted and by moving beyond the broad neo evolutionary models of social change which have characterised many earlier approaches By focusing on issues of diversity scale and context it considers the ways in which economy crafts technology and ritual were organised the roles played by mortuary practices and households in the structure and development of ancient societies and the importance of agency identity ethnicity gender community and cultural interaction for the rise of socio economic complexity The contributors to this volume are well known archaeologists in the field of Near Eastern studies all are currently engaged in fieldwork or research in Cyprus the Levant or Turkey The variety and depth of the research they present here reflect the richness of the archaeological record in the cradle of civilisation and convey the vibrancy of current interpretive approaches within the field of Near Eastern prehistory today

Prehistoric Societies Grahame Clark, Stuart Piggott, 1965 **An Archaeology of Prehistoric Bodies and Embodied Identities in the Eastern Mediterranean** Maria Mina, Sevi Triantaphyllou, Yiannis Papadatos, 2016-10-11 In the long tradition of the archaeology of the eastern Mediterranean bodies have held a prominent role in the form of figurines frescos or skeletal remains and have even been responsible for sparking captivating portrayals of the Mother Goddess cult the elegant women of Minoan Crete or the deeds of heroic men Growing literature on the archaeology and anthropology of the body has raised awareness about the dynamic and multifaceted role of the body in experiencing the world and in the construction performance and negotiation of social identity In these 28 thematically arranged papers specialists in the archaeology of the eastern Mediterranean confront the perceived invisibility of past bodies and ask new research questions Contributors discuss new and old evidence they examine how bodies intersect with the material world and explore the role of body situated experiences in creating distinct social and other identities Papers range chronologically from the Palaeolithic to the Early Iron Age and cover the geographical regions of the Aegean Cyprus and the Near East They highlight the new possibilities that emerge for the interpretation of the prehistoric eastern Mediterranean through a combined use of body focused methodological and theoretical perspectives that are nevertheless grounded in the archaeological record Storage in Ancient Complex Societies Linda R. Manzanilla, Mitchell Rothman, 2016-05-20 The ability to accumulate and store large amounts of goods is a key feature of complex societies in ancient times Storage strategies reflect the broader economic and political organization of a society and changes in the development of control mechanisms in both administrative and non administrative often kinship based sectors This is the first volume to examine storage practices in ancient complex societies from a comparative perspective This volume includes 14 original papers by leading archaeologists from four continents which compare storage systems in three key regions with lengthy traditions of complexity the ancient Near East Mesoamerica and Andes Storage in Ancient Complex Societies demonstrates the importance of understanding storage for the study of cultural evolution *The Past in Prehistoric Societies* Richard Bradley, 2014-03-18 The idea of prehistory dates from the nineteenth century but Richard Bradley contends that it is still a vital area for research He argues that it is only through a combination

of oral tradition and the experience of encountering ancient material culture that people were able to formulate a sense of their own pasts without written records *The Past in Prehistoric Societies* presents case studies which extend from the Palaeolithic to the early Middle Ages and from the Alps to Scandinavia It examines how archaeologists might study the origin of myths and the different ways in which prehistoric people would have inherited artefacts from the past It also investigates the ways in which ancient remains might have been invested with new meanings long after their original significance had been forgotten Finally the author compares the procedures of excavation and field survey in the light of these examples The work includes a large number of detailed case studies is fully illustrated and has been written in an extremely accessible style

Creation Stories of the Middle East Ewa Wasilewska, 2000 This comprehensive study explores the region's forgotten narratives myths and traditions Drawing on stories from Ancient Mesopotamia Egypt Anatolia Syria Palestine and Persia Wasilewska shows how these narratives of creation destruction and rebirth reach to the very roots of the Biblical and Quranic Genesis

The Natural Superiority of Women Ashley Montagu, 1999 An iconoclast Montagu wields his encyclopedic knowledge of physical anthropology to show how women's biological genetic and physical characteristics make her not only man's equal but his superior Also a humanist Montagu points to the emotional and social qualities typically ascribed to women and devalued as being central to the attainment of equitable and just social relations **BOOK JACKET**

Women in Ancient Greece Sue Blundell, 1995 Largely excluded from any public role the women of ancient Greece nonetheless appear in various guises in the art and writing of the period and in legal documents These representations in Sue Blundell's analysis reveal a great deal about women's day to day experience as well as their legal and economic position and how they were regarded by men

Agricultural and Pastoral Societies in Ancient and Classical History Michael Adas, 2001 Introduces readers to the cross cultural study of ancient and classical civilizations The book is divided into two sections the first examining the ongoing interaction between ancient agrarian and nomadic societies and the second focusing on regional patterns in the dissemination of ideas

Society and Death in Ancient Egypt Janet E. Richards, 2005-03-07 Janet Richards considers social stratification in Middle Kingdom Egypt exploring the assumption that a middle class arose during this period By focusing on the entire range of mortuary behavior she shows how Middle Kingdom Egyptian practices and landscapes relating to death reveal information about the living society

The Myth of Matriarchal Prehistory Cynthia Eller, 2001-04-13 According to the myth of matriarchal prehistory men and women lived together peacefully before recorded history Society was centered around women with their mysterious life giving powers and they were honored as incarnations and priestesses of the Great Goddess Then a transformation occurred and men thereafter dominated society Given the universality of patriarchy in recorded history this vision is understandably appealing for many women But does it have any basis in fact And as a myth does it work for the good of women Cynthia Eller traces the emergence of the feminist matriarchal myth explicates its functions and examines the evidence for and against a matriarchal prehistory Finally she

explains why this vision of peaceful woman centered prehistory is something feminists should be wary of **Society and Culture in the Ancient World** Mr. Rohit Manglik,2024-03-23 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels **The Moundbuilders: Ancient Societies of Eastern North America (Second)** George R.
