Rudi 14 Years With My Teacher:

Rudi John Harvey Mann,1987 Rudi was an authentic spiritual genius who nourished a deep personal contact with his hundreds of students His teaching was direct and intense yet the essence of simplicity The force of his personality immediately captured John Mann and never let him go Here is their story a chronicle of a special friendship and an evocation of Rudi s remarkable wisdom Homegrown Gurus Ann Gleig,Lola Williamson,2013-10-29 Today a new stage in the development of Hinduism in America is taking shape After a century of experimentation during which Americans welcomed Indian gurus who adjusted their teachings to accommodate the New World context American Hinduism can now rightly be called its own tradition rather than an imported religion Accordingly this spiritual path is now headed by leaders born in North America Homegrown Gurus explores this phenomenon in essays about these figures and their networks A variety of teachers and movements are considered including Ram Dass Siddha Yoga and Amrit Desai and Kripalu Yoga among others Two contradictory trends quickly become apparent an increasing Westernization of Hindu practices and values alongside a renewed interest in traditional forms of Hinduism These opposed sensibilities innovation and preservation radicalism and recovery are characteristic of postmodernity and denote a new chapter in the American assimilation of Hinduism **When Prophets Die** Timothy Miller,1991-09-03 When the charismatic founder leader of a religious movement dies the popular belief is that the movement usually disintegrates However many new religions not only survive but prosper despite leadership transition In this book prominent scholars examine what happened to eleven new movements following the deaths of their leaders and why An Introduction by J Gordon Melton serves to integrate the case studies Divine Androgyny John H. Mann,2012-11 Divine Androgyny arose spontaneously five years ago during A series of teaching that the author was giving in Sedona Arizona It has since been widely in the U S and Mexico Canada and Europe It is a sacred process that happens effortlessly in the Presence of an initiated couple such as John and Mirananda Mann By their mutual surrender a portal is created through which The higher spiritual energy of the universe is free to manifest John Mann is the author of the fourteen books including Rudi 14 Years With My Teacher Body Of Light Learning To Be Students Of The Light Encounter and Frontiers Of Psychology **Saved From Enlightenment** Tarini Bauliya,2015-10-05 A memoir of one woman s life viewed through the lens of her relationship with her spiritual teacher of over 20 years Her candid touching humorous stories are told in a voice that is authentic wry irreverent yet always colored with the note of longing for God that characterized her quest for something real from earliest childhood As she elaborates on various stepping stones and stumbling blocks encountered on her journey including the birth of her son several failed relationships and her wild and highly successful ride as a national sales executive her stories uniquely parallel the steps of any traditional spiritual path aimed at human transformation They also help to dispel the myths and expose the assumptions about enlightenment and other fantasy solutions to the hard work of simply being human that are so common on the Path She does this by shedding an honest heartfelt light on the real gifts

graces of her soul's journey a teaching of profound wisdom a community of other dedicated devotees and a guru who would not let her settle for less than her own intrinsic goodness The author received this spiritual name from her guru the American Baul master Lee Lozowick at her own request A few years into her 20 year apprenticeship with him she was ready to make a serious break with her past and to enter into a relationship of dedicated spiritual practice and service Her request for a new name it translates loosely as Mad Wind Friend was symbolic of that transformational leap of faith In his company she candidly admits she found an access point toward fulfillment of her hunger for God Lee Lozowick 1943 2010 was an iconoclast and founder of the Western Baul path He was the lyricist and lead singer in a rock band and a blues band and led his troupe all over the States Europe India sharing his work rock music in street festivals and concert halls for over 20 years When Tarini stumbled into his company his effect on her life was both confronting transformational In the end she reports she was saved from enlightenment among other invaluable treasures by the grace of God and skillful means of a worthy teacher Other seekers on any spiritual path will find here a story that can leave a smile a question and a small wound on a tender heart Her words will rekindle the longing that so many feel for a connection to their own deepest truth *American Veda* Philip Goldberg, 2013-05-14 A fascinating look at India's remarkable impact on Western culture this eye opening popular history shows how the ancient philosophy of Vedanta and the mind body methods of Yoga have profoundly affected the worldview of millions of Americans and radically altered the religious landscape What exploded in the 1960s following the Beatles trip to India for an extended stay with their new guru Maharishi Mahesh Yogi actually began more than two hundred years earlier when the United States started importing knowledge as well as tangy spices and colorful fabrics from Asia The first translations of Hindu texts found their way into the libraries of John Adams and Ralph Waldo Emerson From there the ideas spread to Henry David Thoreau Walt Whitman and succeeding generations of receptive Americans who absorbed India's science of consciousness and wove it into the fabric of their lives Charismatic teachers like Swami Vivekananda and Paramahansa Yogananda came west in waves prompting leading intellectuals artists and scientists such as Aldous Huxley Joseph Campbell Allen Ginsberg J D Salinger John Coltrane Dean Ornish and Richard Alpert aka Ram Dass to adapt and disseminate what they learned from them The impact has been enormous enlarging our current understanding of the mind and body and dramatically changing how we view ourselves and our place in the cosmos Goldberg paints a compelling picture of this remarkable East to West transmission showing how it accelerated through the decades and eventually moved from the counterculture into our laboratories libraries and living rooms Now physicians and therapists routinely recommend meditation words like karma and mantra are part of our everyday vocabulary and Yoga studios are as ubiquitous as Starbucks The insights of India's sages permeate so much of what we think believe and do that they have redefined the meaning of life for millions of Americans and continue to do so every day Rich in detail and expansive in scope *American Veda* shows how we have come to accept and live by the central teaching of Vedic wisdom Truth is one the wise

evaluation of the issues raised by it A century ago there were no Western masters no Westerners who were for instance Hindu swamis Zen roshis or Sufi sheikhs Now there are many such teachers with millions of followers Starting from scratch the West has produced its own spiritual teachers in traditions that until recently were utterly alien And in the last quarter century a number of independent teachers have appeared who belong to no single identifiable tradition The Western masters have not merely transplanted the Eastern spiritual traditions to the West they have transformed these traditions by their distinctively Western approach innovative entrepreneurial and combining elements from previously unconnected Eastern traditions The new teachers are changing Western culture by making available a view of the human condition which is new in the West but very attractive to large and growing numbers of Westerners an approach Dr Rawlinson callsspiritual psychology Spiritual psychology holds that human beings are best understood in terms of consciousness and its modifications that consciousness can be changed by spiritual practice and that there are enlightened masters who have done this and can teach others
