People and Place Len Richardson, 2020-05-04 This book traces the enduring relationship between history people and place that has shaped the character of a single region in a manner perhaps unique within the New Zealand experience It explores the evolution of a distinctive regional literature that both shaped and was shaped by the physical and historical environment that inspired it Looking westwards towards Australia and long shut off within New Zealand by the South Island's rugged Southern Alps the

West Coast was a land of gold coal and timber In the 1950s and 1960s it nurtured a literature that embodied a sense of belonging to an Australasian world and captured the aspirations of New Zealand s emergent radical nationalism More recent West Coast writers observing the hollowing out of their communities saw in miniature and in advance the growing gulf between city and regional economies aligned to an older economic order losing its relevance Were they chronicling the last hurrah of a retreating age or crafting a literature of regional resistance *Sport and Its Female Fans* Kim Toffoletti, Peter Mewett, 2012-10-12 Why do women follow sports How do they participate from the sidelines and what is the significance of this contribution What can female fandom tell us about gender relations in sport This book explores these and related questions by bringing together the varied strands of research being conducted internationally across the social sciences and humanities on this emerging and topical field While sports spectatorship is a popular and well respected site of analysis no book length scholarly contribution documents women s experiences of sports fandom For this reason there is an obvious need for a book that offers researchers students and non professional readers an authoritative introduction to women s modes of sport support *Sport and Its Female Fans* will be a landmark contribution in the field of sport research and in studies of sports fandom making an original contribution to the growing yet under researched area of female sports spectators
