others have not Some have genuine and well articulated grievances against the processes of changes Others have fallen victim to a nostalgia which appropriates very selective memories of the amateur past to highlight apparent problems with the professional present Above all these contributions provide a range of perspectives that enable the reader to take stock at a particular point in what is still a rapidly evolving game Read in ten or twenty years this book may confirm that many of the right paths have been taken or it may provide pointers to crisis as yet unimagined **Rugby Behind Barbed Wire** Chris Schoeman, 2020-11-15 Drawing on first hand accounts from several players and original research respected rugby writer Chris Schoeman marks the 50th anniversary of this controversial tour remembered as much for politics as for rugby
