Rule the Freakin' Markets Michael Parness, 2007-04-01 In 1998 Michael Parness was a struggling playwright and screenwriter who was leaving the stability of his successful sports memorabilia business to write full time Following the advice of a stockbroker he invested his nest egg of 150 000 But the October 1998 crash gutted his portfolio by 80% and his stocks failed to recover With virtually no income and no financial cushion he found himself in a tiny low rent apartment with time to think about what had happened and eventually enact financial revenge In January 1999 he opened an online brokerage account and set out to get his money back And in fifteen months Michael Parness turned 33 000 into seven million dollars started the online trading website Trend Fund where thousands of traders Rule the Freakin Markets with him and had his life story optioned by a major Hollywood producer In Rule the Freakin Markets Michael Parness uses visual aids combined with practice exercises to show online traders and investors how to Practice responsible trading techniques that maximize reward and limit risk Avoid the 7 deadly sins plus fear that block success in the market Protect investments no matter what the market does Understand how market psychology drives daily and cyclical market moves Avoid the pitfalls of trading in cyberspace Recover and learn from significant losses Strategize and anticipate rather than overreact or freeze when change occurs And finally live full and satisfying lives as traders With its lively tone and refreshing approach to trading and investing Rule the Freakin Markets is an essential guide for online traders and investors alike

Rule Your Freakin' Retirement Michael Parness, 2009-03-03 DON'T PANIC RULE Market turbulence has made opening monthly 401 k statements shocking rather than reassuring Michael Waxie Parness can help The standard strategies and advice regarding your retirement accounts are NOT working Many people's 401 k's are now 201 k's and it may get worse YOU need to take control of your retirement and your life Rule Your

Freakin Retirement through practical and pragmatic advice and examples will teach you alternatives to the buy hold and pray strategies most investment advisers give In today s world you need fresh ideas and this book gives you the tools you need to not only protect what you have in your IRA but to grow it in an aggressive time tested yet easily managed way And yes a safer way Building on his successful Rule the Freakin Markets master trader and motivational speaker Michael Parness applies the same aggressive strategies to normally ignored or undermanaged 401 k IRA and other retirement accounts Contrary to conventional wisdom Parness argues that no matter what age you are NOW is the time to adopt active aggressive and controlled strategies to ensure a fully funded real retirement on your own terms not subject to market gyrations out of your control He outlines in plain language bold but practical strategies emphasizing research and tailoring approaches to individual needs With record numbers of baby boomers entering or nearing retirement and succeeding generations caught by a volatile economy Rule Your Freakin Retirement offers tangible proven no nonsense advice that all can profit from in the engaging Waxie style

The Art of Trend Trading Michael Parness,2015-12-02 Look inward for the missing piece to your trading strategy The Art of Trend Trading bucks the trend of technicality to show readers how instinct and strategy can unite to bring about consistent investment success Rather than diving ever deeper into the overdone world of complicated modeling and forecasting techniques trader CEO and bestselling author Michael Parness explains how making intuition a part of your investment strategy tends to result in more long term profit Using animal spirits as a metaphor and tool Parness helps readers understand how their natural tendencies may run counter to their strategy and how this dichotomy may be the shackle holding them back from true market success Readers will learn how this perspective lifted Parness from homelessness to making millions in both Bull and Bear markets and will start developing their own market instinct as they refine and tune into their own natural intuition Everyone s looking for the ultimate system a way to game the market and uncover the secret to successful investing Over the years Parness has observed that the best traders those who consistently make money are the ones that use instinct and intuition as well as strategy This book shows you how to identify the natural trader within and use your gut to inform an ever evolving investment plan Follow the author s journey from homelessness to millionaire Identify and understand your own strengths and weaknesses Develop your instinct alongside your strategy Take a lesson from traders making consistent money There s no substitute for good strategy but it s no secret that some strategies seem to be more profitable than others The Art of Trend Trading helps you find that missing piece and turn it into more consistent investment success

Heads I Win, Tails I Win Spencer Jakab,2016 Since leaving his job as a stock analyst to become an investing columnist Jakab has watched his readers and his family friends and colleagues make the same mistakes again and again He set out to evaluate the typical advice people get from the clearly risky to the seemingly safe to figure out where it all goes wrong and how they could do much better Dust jacket flap
