Rulers Of Ancient Europe:

Rulers and Rulership in the Arc of Medieval Europe, 1000-1200 Christian Raffensperger, 2023-08-24 *Rulers and Rulership in the Arc of Medieval Europe* challenges the dominant paradigm of what rulership is and who rulers are by decentering the narrative and providing a broad swath of examples from throughout medieval Europe. Within that territory the prevalent idea of monarchy and kingship is overturned in favor of a broad definition of rulership. This book will demonstrate to the reader that the way in which medieval Europe has been constructed in both the popular and scholarly imaginations is incorrect. Instead of a king we have multiple rulers male and female ruling concurrently. Instead of an independent church or a church striving for supremacy under the Gregorian Reform we have a pope and ecclesiastical leaders making deals with secular rulers and an in depth interconnection between the two. Finally instead of a strong centralizing polity growing into statehood we see weak rulers working hand in glove with weak subordinates to make the polity as a whole function. Medievalists, Byzantinists and Slavists typically operate in isolation from one another. They do not read each other's books or engage with each other's work. This book requires engagement from all of them to point out that the medieval Europe that they work in is one and the same and demands collaboration to best understand it.

Kings and Their Sons in Early Modern Europe Mark Konnert, 2018-12-01 Some of history's greatest dramas have unfolded in the stories of kings and their sons in early modern Europe and their conflicts presaged in some ways today's tensions in family run businesses. In several notorious cases the kings despised their sons to the point of committing murder thus killing their own heirs. Prof. Konnert shows that these tragic dramas actually represent an extreme of the normal state of affairs rather than unusual occurrences. They are different in degree not kind. This book is the first to look at these episodes in a systematic and comparative fashion. The stories are moving in themselves but viewed in their historical context they illuminate aspects of a past society which has faded from view in the 21st century. Two of the most famous episodes those of Frederick the Great of Prussia and his father and of Peter the Great of Russia and his son are examined here as well as three less well known cases. These episodes are put into historical context and the family dynamics of these royal dynasties are discussed showing not only how they differed from those of today but also from those of their more common contemporaries. These tensions are also compared to those that have emerged in family run businesses where conflicts between fathers and sons are also very common. Furthermore when the interests of the dynastic enterprise whether political or corporate take precedence over family life and personal happiness marriage practices can produce particularly toxic relations. The cases examined here are unusual only in the degree of hostility rather than in its existence.

Ancient Europe Stuart Piggott, **The Rise of Female Kings in Europe, 1300-1800** William Monter, 2012-01-24 In this lively and pathbreaking book William Monter sketches Europe's increasing acceptance of autonomous female rulers between the late Middle Ages and the French Revolution. Monter surveys the governmental records of Europe's thirty women monarchs the famous Mary Stuart Elizabeth I Catherine the Great as

well as the obscure Charlotte of Cyprus Isabel Clara Eugenia of the Netherlands describing how each of them achieved sovereign authority wielded it and more often than men abandoned it Monter argues that Europe's female kings who ruled by divine right experienced no significant political opposition despite their gender

The Handbook of Religions in Ancient Europe Lisbeth Bredholt Christensen, Olav Hammer, David Warburton, 2014-09-11 The Handbook of Religions in Ancient Europe surveys the major religious currents of Europe before Christianity the first continental religion with hegemonic ambition wiped out most local religions The evidence whether archaeological or written is notoriously difficult to interpret and the variety of religions documented by the sources and the range of languages used are bewildering The Handbook brings together leading authorities on pre Christian religious history to provide a state of the art survey The first section of the book covers the Prehistoric period from the Paleolithic to the Bronze Age The second section covers the period since writing systems began Ranging across the Mediterranean and Northern Celtic and Slavic Europe the essays assess the archaeological and textual evidence Dispersed archaeological remains and biased outside sources constitute our main sources of information so the complex task of interpreting these traces is explained for each case The Handbook also aims to highlight the plurality of religion in ancient Europe the many ways in which it is expressed notably in discourse action organization and material culture how it is produced and maintained by different people with different interests how communities always connect with or disassociate from adjunct communities and how their beliefs and rituals are shaped by these relationships The Handbook will be invaluable to anyone interested in ancient History and also to scholars and students of Religion Anthropology Archaeology and Classical Studies

A History of European Peoples Clarence Perkins, 1927

Government Leaders, Military Rulers and Political Activists David W. Del Testa, 2014-01-27 In each volume an introductory essay outlines the history of the disciplines under discussion and describes how changes and innovations in these disciplines have affected our lives The biographies that follow are organized in an A Z format each biography is divided into a life section describing the individual's life and influences and a legacy section summarizing the impact of that individual's work throughout history These biographies cover a diverse group of men and women from around the globe and throughout history Franklin Delano Roosevelt Mao Tse tung and Genghis Khan are among the 200 well known historical figures included in this volume Examples of other lesser known yet important individuals covered in this work are Gustavus Adolphus Swedish empire creator Hatshepsut queen of ancient Egyptian dynasty and Jean Jaurès French socialist leader and pacifist Each synopsis provides information on each individual's enduring impact on the common understanding of fundamental themes of human existence

European History For Dummies Seán Lang, 2011-03-14 Read about the world's smallest continent's incredible history From Greek gods and mad Roman emperors to kings queens Visigoths and Normans You meet Visigoths in Africa and Normans in Sicily an Italian who talked to his books and another who conquered a kingdom and gave it away Roman emperors who weren't Roman and Holy Roman Emperors who weren't holy or Roman This is the story of Europe's

rich history rolled into one thrilling account in plain English European History For Dummies takes you on a fascinating journey through the disasters triumphs people power and politics that have shaped the Europe we know today and you ll meet some incredible characters along the way From Roman relics to the Renaissance World Wars and Eurovision this accessible guide packs in the facts alongside fun tidbits and brings the past alive You meet the two Catholic kings of Spain one was a woman and the Spanish king who never smiled You discover a German monk who split Europe in two because he was so afraid of going to hell And what about the great European war that started when two nobles were thrown out of a window onto a dungheap Well at least they had a soft landing If you don t remember much of what you learned about European history at school if you didn t like those dry school textbooks if you think European history sounds a bit hard but you re interested anyway this is the book for you Inside you ll discover The varied history of the world s smallest continent its origins and its huge impact on the world How the Romans shaped the ancient world what they learned from the Greeks and what they lost to the barbarian tribes The many battles of the Middle Ages and the leaders who waged them The medieval people s great achievements in building and learning Europeans world explorers including Columbus and Vasco da Gama Unfortunate religious wars and the persecution of witches Europe s world domination in the 18th and 19th centuries The world wars of the 20th century European life today Get your own copy of European History For Dummies to learn all of that and more including the ten Europeans who dominated the continent ten unforgettable dates and ten European locales you ll absolutely want to visit

Morality and Responsibility of Rulers Anthony Carty,Janne Nijman,2018-02-09 The history of ideas on rule of law for world order is a fascinating one as revealed in this comparative study of both Eastern and Western traditions This book discerns rule of law as justice conceptions alternative to the positivist conceptions of the liberal internationalist rule of law today The volume begins by revisiting early modern European roots of rule of law for world order thinking In doing so it looks to Northern Humanism and to natural law in the sense of justice as morally and reasonably ordered self discipline Such a standard is not an instrument of external monitoring but of self reflection and self cultivation It then considers whether comparable concepts exist in Chinese thought Inspired by Confucius and even Laozi the Chinese official and intellectual elite readily imagined that international law was governed by moral principles similar to their own A series of case studies then reveals the dramatic change after the East West encounters from the 1860s until after 1901 as Chinese disillusionment with the Hobbesian positivism of Western international law becomes ever more apparent What therefore are the possibilities of traditional Chinese and European ethical thinking in the context of current world affairs Considering the obstacles which stand in the way of this both East and

West this book reaches the conclusion that everything is possible even in a world dominated by state bureaucracies and late capitalist postmodernism The rational ethical spirit is universal
