Rules For Spiritual Initiation:

Rules for Spiritual Initiation Zachary Lansdowne, 1990-05-01 Zachary Lansdowne author of earlier books on the Ageless Wisdom reveals the esoteric significance of fourteen symbolic rules that were originally published by Alice A Bailey. He shows that the symbols in each rule have both an outer and inner meaning. The outer meaning describes an objective in character building and the inner meaning describes a stage in the process of meditation. The initial sequence of seven rules provides elementary instructions for the path of probation leading to the first spiritual initiation and the next sequence provides advanced instructions for the path of discipleship leading to the second and third initiations. Lansdowne also discusses the close relationship between these rules and the typology of the seven rays. The end result is an easy-to-understand guidebook to the various stages of the spiritual path.

Instructions for Spiritual Living Paul Brunton, 2019-04-30 Answers to the questions that arise on the spiritual path. Includes specially selected writings from the huge literary archive of Paul Brunton. Explains the different stages of meditation and the obstacles likely to arise for each, offering guidance for achieving advanced states of meditation to deepen one's inner life. Challenges the need for spiritual dependency on any particular guru teaching or practice, showing that following your intuition can bring the best spiritual success. Explores the process of self-examination and emotional purification, revealing how to break free from the ego and tap into the inspiration flowing from within. No matter where we are in our spiritual development, we all have questions about our practice and what we are experiencing, both the challenges and opportunities. How can I overcome my struggles to meditate more deeply? Is there a need for a guru or can I rely on myself? Can I trust my intuition? Is it possible to hear the Inner Word, the voice of the soul, and how can I be sure that's what I'm hearing? Is the Higher Self in the heart? Offering trustworthy answers to these and many more questions, renowned spiritual teacher Paul Brunton provides instructions to guide one's development in three fundamental areas of the spiritual path: meditation, self-examination, and the unfolding of awakening. Guiding you with insight and care through each stage of meditation, including advanced states that deepen one's inner life, he explains how meditation is the art and practice of introverting attention, of freeing oneself for a period of time from thoughts, sensations, and feelings, and allowing the soul to reveal itself out of the quiet that one has created. He explains the goal of each meditative stage and the obstacles you are likely to face and examines the need for spiritual dependency on any particular guru teaching or practice, showing that following your intuition can bring spiritual success. Exploring the process of self-examination and emotional purification, Brunton shows how life's challenges are moments by which we can make real progress in our surrender to a higher life. He reveals how to break free from the ego, follow your intuition to align with your ideals, and tap into the inspiration flowing from within. He also examines the development of transcendental insight, the cornerstone of compassionate wisdom in action, which allows us to become a source of inspiration to all we encounter. Including writings received by the Paul Brunton Philosophic Foundation after his death, this guide offers transformative wisdom to aid our
