Handbook of Catholic Dogmatics 6 Matthias Joseph Scheeben, 2024-01-16 Building on Book Five's considerations of the person and redemptive deed of Christ Book Six of Matthias Joseph Scheeben's *Handbook of Catholic Dogmatics* offers his account of the subjective realization of salvation through Christ's bestowal of grace This stands as Scheeben's fullest treatment of the much contested notion of actual grace and the issues related to the sixteenth century *de auxiliis* controversy concerning predestination and how God moves the human will Progressing in three parts Book Six commences with an analysis of the concept of actual grace establishing how God can move the will without compelling it and providing a richly developed context for understanding God's motive influence The second part examines three principal heresies concerning grace namely Pelagianism Semi Pelagianism and the Reformation doctrines using these as a basis for evaluating the Catholic dogmas about grace that were articulated against them Finally in the third part Scheeben explores the necessity of grace in light of man's fallen condition and his supernatural end **The Works of Jacobus Arminius Volume 3 - A Friendly**

Discussion Jacobus Arminius, 2017-03-22 A friendly discussion between a theological college the third book in this three volume set starts to show another view on the Bible that challenges the works of John Calvin Martin Luther and others The aspect of self determinism and the role of sin in a believer's life are dominant in Arminius's thinking while the other theologians in his time were focusing on the idea of determinism in the role of Biblical theology **Guide to Christian**

Living George V. Lobo, 2004-09-28 Among all the theological disciplines perhaps moral theology has felt the impact of the

conciliar renewal most There has been a mass of excellent literature calling for a synthetic presentation At the same time a more flexible and dynamic ethic based on the Gospel values of love and freedom while it has undoubtedly deepened the Christian life of many has also caused not a little confusion in the minds of many There are endless discussions on burning issues like contraception and abortion which often do not end in any satisfactory conclusion because the general principles for ethical decision are not clear There is also a polarization between conservatives and progressives which leaves the neutral observer puzzled This book is written to clarify the basic issues in Christian ethics in an age of secularism and pluralism Although it can be taken as a treatise on General Moral Theology this book is addressed to a wider audience than students of theology It is meant to be a guide to Christian Living according to Vatican II It seeks to transcend the unfortunate dichotomy between moral and spiritual theology as the Council clearly wanted when it spoke of the subject of moral theology as the Christian vocation of the faithful and their obligation to bring forth fruit in charity for the life of the world While discussing the basic principles of Christian ethics the main preoccupation has been to discover an approach to moral decision that would safeguard all the moral values in a given situation The broad orientations for moral guidance today have been brought out in several places Special attention has been given to the question of moral absolutes as it is central to ethical discourse now The ecumenical spirit common preoccupations and a shared respect for the Word of God have brought Catholic and Protestant moral theology closer Hence an effort has been made to have a dialogue with the theologians of the Reformed tradition The strong influence of Protestant ethical writers on current Catholic moral theology has been brought out

The Living Age, 1862 *Wisdom, Law, and Virtue* Lawrence Dewan, 2008 This title focuses on morals how human beings should live their lives The essays included treat the history of philosophy as a development that proceeds by deepening appreciation of basic questions rather than the constant replacement of one worldview by another
