Rules And Discretion In International Economic Policy:

International Economic Policy Coordination Centre for Economic Policy Research (Great Britain), National Bureau of Economic Research, 1985 This volume presents some of the best current research on international economic policy coordination

Rules and Discretion in International Economic Policy Manuel Guitian, Manuel Guitián, 1992 Economic interdependence offers the potential for raising global welfare but there is a fuzzy boundary between national interests and global objectives in the economic policy area This paper examines the boundary area It concludes that all international economic regimes must entail a mix of rules and discretion and it considers the most appropriate weights to be given to rules and discretion

International Economic Policy Coordination Michael Carlberg, 2005-03-04 This book studies the international coordination of monetary and fiscal policies in the world economy It carefully discusses the process of policy competition and the structure of policy cooperation As to policy competition the focus is on monetary and fiscal competition between Europe and America Similarly as to policy cooperation the focus is on monetary and fiscal cooperation between Europe and America The spillover effects of monetary policy are negative while the spillover effects of fiscal policy are positive The policy targets are price stability and full employment The policy makers follow either cold turkey or gradualist strategies Policy expectations are adaptive or rational The world economy consists of two three or more regions The present book is part of a larger research project on European Monetary Union see the references at the back of the book Some parts of this project were presented at the World Congress of the International Economic Association in Lisbon Other parts were presented at the International Institute of Public Finance at the Macro Study Group of the German Economic Association at the Annual Meeting of the Austrian Economic Association at the Gottingen Workshop on International Economics at the Halle Workshop on Monetary Economics at the Research Seminar on Macroeconomics in Freiburg and at the Passau Workshop on International Economics

The Unique Nature of the Responsibilities of the International Monetary Fund Mr. Manuel Guitián, 1992-06-15 Bretton Woods constituted the first formal international agreement on a code of conduct applicable for economic transactions among countries that had subscribed to it This pamphlet focuses on only one aspect of that code of conduct the norms that have guided the conduct of financial and exchange transactions among countries as they have been presented in the original Articles of Agreement of the IMF and their subsequent amendments The paper outlines the fundamental characteristics of the IMF examines the direct link between surveillance and conditionality explores potential risks and dangers that might compromise certain fundamental features of the institution and presents a set of ideas and proposals to ensure the activities of the IMF maintain continuity of its institutional uniqueness

International Coordination of Economic Policies International Monetary Fund, 1988-06-29 This paper discusses the scope methods and effects of international coordination of economic policies In analyzing the scope for and of coordination the paper addresses the rationale for coordination barriers to coordination the range and specificity of policies to be coordinated and the

frequency of coordination In evaluating the methods of coordination the emphasis is on the broad issues of rules versus discretion single indicator versus multi Indicator systems and hegemonic versus symmetric systems Finally using the MULTIMOD global macroeconomic model some simulations are presented of several rule based proposals for coordination

Currency Convertibility in the Middle East and North Africa Mr.Saleh M. Nsouli,Mr.Manuel Guitián,1996-11-05 Currency convertibility is a far reaching instrument to facilitate integration into the global economy With it a country can gain the benefits of increased freedom in capital movements and of fostering trade and financial linkages worldwide A seminar sponsored by the Arab Monetary Fund and the IMF held in Marrakesh Morocco discussed the theoretical and empirical aspects of currency convertibility in the Arab countries The volume edited by Manuel Guiti n and Saleh M Nsouli reproduces the papers presented at the seminar

Functioning of the International Monetary System Mr.Jacob A. Frenkel,Mr.Morris Goldstein,1996-04-24 The fiftieth anniversary of the Bretton Woods Conference served as an opportunity to reappraise the desirability of strengthening the IMF s oversight of the functioning of the international monetary system Whatever the design of an exchange rate system and the arrangements for the provision of international liquidity it is widely accepted that to be effective such oversight must rest on a strong analytic foundation These two volumes edited by Jacob A Frenkel and Morris Goldstein present 30 analytic papers on the system as it functioned during 1987 91 and aim at conveying the flavor of those issues that commanded close attention in the Fund s research program

Economic Policy Coordination Wilfried Guth,1988-12-15 This volume which presents the proceedings of a seminar moderated by Wilfred Guth in Hamburg Germany dicusses the extent of international policy coordination its effectiveness and how it can be expected to work in the future

The Reality of International Economic Policy Coordination H. J. Blommestein,1991 The reality of international economic policy coordination is the subject of this book This reality comprises the objectives of policy makers the various constraints faced by policy makers and current economic knowledge about international coordination The treatment of the subject matter is unique because the principal authors have first hand knowledge based on their current or past involvement in the process of international economic policy coordination This makes the book important and stimulating for both policy makers and academic specialists in this field The study provides an in depth analytical overview of the most important topics in the area of international coordination the role of institutions fiscal policy tax policy the international monetary system the European monetary system policy assignment rules and exchange rate regimes structural policy and structural reform methods and empirical effects of international policy coordination

Monetary Policy, Fiscal Policies and Labour Markets R. Beetsma,C. Favero,A. Missale,V. A. Muscatelli,P. Natale,P. Tirelli,2007-09-24 Following the birth of the European Monetary Union EMU economists are still divided in their assessment of the ability of its key institutions to provide macroeconomic stability and foster the reforms necessary to stimulate economic growth In this collection experts focus on issues of fiscal policy monetary policy and labour markets and ask Can the stability and growth pact provide an adequate

framework for the conduct of national fiscal policies Is the ECB reacting with competence and flexibility to a rapidly changing macroeconomic environment How do national labour markets react to the macroeconomic institutions and what are the structural reforms needed in labour markets Blending empirical and theoretical data this book offers one of the most comprehensive surveys of research in macroeconomic policymaking within the EMU
