Warner Arundell Edward Lanzer Joseph, 2001 Of all the islands in the Caribbean Trinidad has experienced the most varied ethnocultural and linguistic history Its relatively brief period of plantation slavery and extent of racial mixing have generated a wide range of literary responses Previous examinations of Trinidad s literary roots have largely dismissed works written prior to 1920 The first work in the series is Warner Arundell the Adventures of a Creole originally published in 1838 This was the first novel set at least partly in Trinidad and possibly the first Caribbean novel in English This extremely well written novel provides a good read as it chronicles the adventures of Warner Arundell a white Creole of British descent born in Grenada and brought up in Antigua and Trinidad After being defrauded by lawyers he studies law in Venezuela and medicine in England then goes to seek his fortune After many adventures he is reunited with the coloured branch of his family and his Venezuelan love The originally published novel has been heavily annotated and the contextualized edition of the original text makes it useful to scholars The book is of particular interest to students and faculty of Caribbean literature

Edmondson,2009 It is commonly assumed that Caribbean culture is split into elite highbrow culture which is considered derivative of Europe and authentic working class culture which is often identified with such iconic island activities as salsa carnival calypso and reggae This book recovers a middle ground a genuine popular culture in the English speaking Caribbean that stretches back into the nineteenth century It shows that popular novels beauty pageants and music festivals are examples of Caribbean culture that are mostly created maintained and consumed by the Anglophone middle class Much of middle class culture is further gendered as female women are more apt to be considered recreational readers of fiction for example and women s behavior outside the home is often taken as a measure of their community s respectability The book also highlights the influence of American popular culture especially African American popular culture as early as the nineteenth century Varieties of English in Writing Raymond Hickey,2010 This volume is concerned with assessing fictional and non fictional written texts as linguistic evidence for earlier forms of varieties of English These range from Scotland to New Zealand from Canada to South Africa covering all the major forms of the English language around the world Central to the volume is the question of how genuine written representations are Here the emphasis is on the techniques and methodology which can be employed when analysing documents The vernacular styles found in written documents and the use of these as a window on earlier spoken modes of different varieties represent a focal concern of the book Studies of language in literature which were offered in the past have been revisited and their findings reassessed in the light of recent advances in variationist linguistics *The Routledge Companion to Anglophone Caribbean Literature* Michael A. Bucknor,Alison Donnell,2011-06-14 This Companion is divided into six sections that provide an introduction to and critical history of the field discussions of key texts and a critical debate on major topics such as the nation race gender and migration In the final section contributors examine the material dissemination of Caribbean literature and point towards the new directions that Caribbean literature and criticism are taking **Caribbean Literature in Transition, 1800-1920: Volume 1** Evelyn O'Callaghan,Tim Watson,2021-01-14 This volume examines what Caribbean literature looked like before 1920 by surveying the print culture of the period The emphasis is on narrative including an enormous range of genres in varying venues and in multiple languages of the Caribbean Essays examine lesser known authors and writing previously marginalized as nonliterary popular writing in newspapers and pamphlets fiction and poetry such as romances sentimental novels and ballads non elite memoirs and letters such as the narratives of the enslaved or the working classes especially women Many contributions are comparative multilingual and regional Some infer the cultural presence of subaltern groups within the texts of the dominant classes Almost all of the chapters move easily between time periods linking texts writers and literary movements in ways that expand traditional notions of literary influence and canon formation Using literary cultural and historical analyses this book provides a complete re examination of early Caribbean literature *Strolling in the Ruins* Faith Smith,2023-02-20 In *Strolling in the Ruins* Faith Smith engages with a period in the history of the Anglophone Caribbean

often overlooked as nondescript quiet and embarrassingly pro imperial within the larger narrative of Jamaican and Trinidadian nationalism Between the 1865 Morant Bay Rebellion and World War I British imperialism was taken for granted among both elites and ordinary people while nationalist discourses would not begin to shape political imagination in the West Indies for decades Smith argues that this moment far from being uneventful disrupts the inevitability of nationhood in the mid twentieth century and anticipates the Caribbean's present day relationship to global power Smith assembles and analyzes a diverse set of texts from Carnival songs poems and novels to newspapers photographs and gardens to examine theoretical and literary historiographic questions concerning time and temporality empire and diaspora immigration and indigeneity gender and the politics of desire Africa's place within Caribbeanist discourse and the idea of the Caribbean itself Closely examining these cultural expressions of apparent quiescence Smith locates the quiet violence of colonial rule and the insistence of colonial subjects on making meaningful lives
