

Rural Aristocracy In Northern Ireland

M. Mulholland

Rural Aristocracy In Northern Ireland:

Rural Aristocracy in Northern Ireland Amanda N. Shanks, 1988 **Interpreting Northern Ireland** John Whyte, 1991-10-03 Relative to its size Northern Ireland is possibly the most heavily researched area on earth hundreds of books and thousands of articles have been published since the current troubles began in the mid 1960s John Whyte had been studying Northern Ireland since the mid 1960s In *Interpreting Northern Ireland* he provides a badly needed guide to the mass of literature and comment In Part I he surveys the research on the nature and extent of the community divide examining in turn the religious economic political and psychological aspects of the issue In Part II he discusses ideological interpretations of the Northern Ireland problem from unionist and nationalist to Marxist In the final section of the book he surveys the various solutions that have been proposed and looks critically at what the mass of research has achieved He suggests that if it has not achieved more it may be because it has sometimes asked the wrong questions **Northern Ireland and the Politics of Reconciliation** Dermot Keogh, Michael H. Haltzel, 1993 This collection adds to the extensive literature on Northern Ireland and Ireland by bringing together the leading academic and political figures working in the field and offering a comprehensive multidisciplinary overview of the historical process The topics discussed include the remote and proximate causes of the conflict fresh developments within the two states on the island the role of the Roman Catholic Church the rise of the ecumenical movement and the impact of the 1985 Anglo Irish Agreement on the triangular relationship between Dublin Belfast and London The volume concludes with an evaluation of likely impact of membership of the European Community on the conflict in Northern Ireland The contributors to this book do not offer any easy solutions but provide a context in which the problem may be better understood by the international scholarly community and by the interested general reader *Northern Ireland at the Crossroads* M. Mulholland, 2015-12-22 Centred on the dramatic premiership of Terence O'Neill Northern Ireland at the Crossroads examines the most hopeful decade for Ulster Unionism this century O'Neill's bold ambition to reach out to Catholics inspired optimism but also massive political instability Though concerned with the drama and personalities of high politics this book has much to say on popular attitudes in one of the world's most politicised societies New light is shed on Paisleyism discrimination and the civil rights movement **The Anthropology of Ireland** Hastings Donnan, Thomas M. Wilson, 2020-08-04 Where and what is Ireland What are the identities of the people of Ireland How has European Union membership shaped Irish people's lives and interests How global is local Ireland This book argues that such questions can be answered only by understanding everyday aspects of Irish culture and identity Such understanding is achieved by paying close attention to what people in Ireland themselves say about the radical changes in their lives in the context of wider global transformation As notions of sex religion and politics are radically reworked in an Ireland being reimagined in ways inconceivable just a generation ago anthropologists have been at the forefront of recording the results The first comprehensive book length introduction to anthropological research on the island

as a whole The Anthropology of Ireland considers the changing place in a changing Ireland of religion sex sport race dance young people the Travellers St Patrick's Day and much more **Lord Dufferin, Ireland and the British Empire, c.**

1820-1900 Annie Tindley, 2021-03-29 This book explores the life and career of Frederick Temple Hamilton Temple Blackwood 1st Marquess of Dufferin and Ava 1826 1902 Dufferin was a landowner in Ulster an urbane diplomat literary sensation courtier politician colonial governor collector son husband and father The book draws on episodes from Dufferin's career to link the landowning and aristocratic culture he was born into with his experience of governing across the British Empire in Canada Egypt Syria and India This book argues that there was a defined conception of aristocratic governance and purpose that infused the political and imperial world and was based on two elements the inheritance and management of a landed estate and a well defined sense of rule by the best It identifies a particular kind of atmosphere of empire and aristocracy one that was riven with tensions and angst as those who saw themselves as the hereditary leaders of Britain and Ireland were challenged by a rising democracy and in Ireland by a powerful new definition of what Irishness was It offers a new perspective on both empire and aristocracy in the nineteenth century and will appeal to a broad scholarly audience and the wider public **The Ordinary People of Essex** John Clarke, 2010-11-23 Clarke covers a remarkable number of topics

including geographic factors in the choice of agricultural land land acquisition and clearance energy expended in clearing and planting the land and selection of specific crops and their extent and yields in particular combinations of soils He also investigates the geographic parameters for wheat production which drove the local economy and the cultural origins of farmers as it relates to their use of intensive and extensive agriculture Brimming with detail and expert analysis The Ordinary People of Essex is an illuminating study of settler life and the conditions that make it possible to found a community It complements the author's award winning Land Power and Economics *British Aristocracy and the Modern World*

Professor Miles Taylor, Christopher Ridgway, 2025-07-02 In the thirty five years since the publication of David Cannadine's Decline and Fall of the British Aristocracy 1990 the power of Britain's landed elite declined but they remain far from extinct One third of Britain's land still belongs to the aristocracy Moreover partly inspired by Cannadine's book we now know much more about the ways in which the aristocracy established their hold on modernity and how they have lasted so long Many key questions remain How much was this a distinctively British story to what extent were things different in Scotland Wales and Ireland Does decline and fall accurately describe what happened to landed elites in other countries particularly in western Europe or amongst assimilated elites such as Jews Was the soft power of the aristocracy their role in the arts philanthropy and higher education as significant as their political and economic sway How dependent on the colonies and also the USA were the British aristocracy for their wealth in the first place and how did their role overseas change their profile at home This volume brings together a wide ranging group of scholars to explore The Decline and Fall developing its themes in new ways and investigating other aspects for the first time **The Ship of Dreams** Gareth Russell, 2019-11-19 Gareth Russell

has chosen a handful of passengers on the doomed liner and by training a spotlight on every detail of their lives he has given us a meticulous sensitive and at times harsh picture of the early 20th century in Britain and America A marvelous piece of work Julian Fellowes creator of Downton Abbey A riveting account of the Titanic disaster and the unraveling of the gilded Edwardian society that had created it In April 1912 six notable people were among those privileged to experience the height of luxury first class passage on the ship of dreams the RMS Titanic Lucy Leslie Countess of Rothes son of the British Empire Tommy Andrews American captain of industry John Thayer and his son Jack Jewish American immigrant Ida Straus and American model and movie star Dorothy Gibson Within a week of setting sail they were all caught up in the horrifying disaster of the Titanic s sinking one of the biggest news stories of the century Today we can see their stories and the Titanic s voyage as the beginning of the end of the established hierarchy of the Edwardian era Writing in his elegant signature prose and using previously unpublished sources deck plans journal entries and surviving artifacts Gareth Russell peers through the portholes of these first class travelers to immerse us in a time of unprecedented change in British and American history Through their intertwining lives he examines social technological political and economic forces such as the nuances of the British class system the explosion of competition in the shipping trade the birth of the movie industry the Irish Home Rule Crisis and the Jewish American immigrant experience while also recounting their intimate stories of bravery tragedy and selflessness Masterful in its superb grasp of the forces of history gripping in its moment by moment account of the sinking revelatory in discounting long held myths and lavishly illustrated with color and black and white photographs this absorbing accessible and authoritative account of the Titanic s life and death is destined to become the definitive book on the subject

Patrons of History Longina Jakubowska, 2016-05-13 This book explores resilience social capital and relationships of power in an examination of the manner in which capital can be converted from one form to another Through a study of the survival of the Polish gentry in spite of the communist regime s attempts to disempower and discredit them through land reform and high profile trials Patrons of History shows how the gentry managed not only to survive as a class but also to remain influential By revitalising older forms of cultural capital invested with education and transnational networks the gentry were able to transform wealth land patronage lifestyle and the ability to define patriotism and authorise a version of history so as to ensure that noble heritage remained an advantageous resource in the face of communist opposition Drawing on rich interview material spanning fifteen years Patrons of History sheds light not only on communism as it existed and the stratification that persisted under such regimes but also on the functioning of relationships of power and the ways in which privilege can be studied in the contemporary world As such this book will appeal to anthropologists sociologists ethnographers and historians interested in cultural and social capital inequality and resistance
