

RURality BITES

Current agricultural and rural policy in Australia, among governments and major industry groups alike, 'is a recipe for continued rural decline and the increasing dominance of agriculture by global agri-business. Indeed, so is a threat to the past.'

RURality BITES is the first comprehensive book on the social and environmental transformation sweeping rural Australia at the beginning of the 21st century.

RURality BITES proposes that the destiny of the future in rural Australia is an increasingly knowledge intensive one and the concerns, issues and identities of those Australians must be addressed if a positive future is to be realised. In this book it is apparent that the seeds of a new approach – one that acknowledges the increasingly globalised context for all activity, but also looks social and natural capital locally – have already been sown. The issue now is to nurture them and ensure that they allow for new enterprises, forms of knowledge, types of community service and forms of governance to develop, and evolve, in the face of ever shifting circumstances.

Recent books have taken Australia rural and environmental knowledge and research seriously and provided the nation's institutions for cultural research, management, teaching and learning a critical and critical function.

The book is a comprehensive overview of the history of the rural and the current issues and challenges facing rural Australia from a global perspective and includes a comprehensive bibliography.

political forces that shape healthcare in rural and remote Australia With limited current resources to support studies in rural and remote healthcare this title bridges the gap by offering valuable insights into Indigenous life and social determinants of health through the use of storytelling It is the perfect guide for anyone working in or planning to work in rural remote or Indigenous Australia and for those undertaking cultural studies or social policy Only text covering both rural and remote health in Australia Placement preparation with StudentConsult video interviews of experienced rural and remote practitioners providing first hand experience of rural and remote practice Pause and Think questions provide a frame Pause and think question boxes train the reader to critically assess and apply concepts to practical situations New Chapter Working with Indigenous Australians Written by Shannon Springer describes how to consult with Indigenous patients and draws on his experience in clinical practice It offers consultation signposts and practical principles for working with Indigenous Australians New Chapter Remote health practice Written by Sue Lenthall this chapter examines the differences and commonalities between the remote communities and then applies this information to a case study on a day in the life of a remote area nurse It presents a remote client consultation model and a StudentConsult audio consultation between a nurse and a distant doctor as well as tips for working in remote practice The audio consultation gives a first hand account of the experience of a remote area nurse managing an emergency case Video and audio content video interviews of experienced rural remote and Indigenous health practitioners as well as students The videos contain first hand experience of rural and remote practice as well as tips to help prepare those new to rural or remote practice

Welfare Reform in Rural Places

Paul Milbourne,Terry Marsden,2010-03-30 Intends to significantly extend previous research work on the rural impacts of national welfare reform and position it in a broader context This title provides a comprehensive and comparative account of the rural dimensions of welfare in a number of developed countries

Cultural Sustainability in Rural Communities

Catherine Driscoll,Kate Darian-Smith,David Nichols,2017-07-06 There has been a recent expansion of interest in cultural approaches to rural communities and to the economic and social situation of rurality more broadly This interest has been particularly prominent in Australia in recent years spurring the emergence of an interdisciplinary field called rural cultural studies This collection is framed by a large interdisciplinary research project that is part of that emergence particularly focused on what the idea of cultural sustainability might mean for understanding experiences of growth decline change and heritage in small Australian country towns However it extends beyond the initial parameters of that research bringing together a range of senior and emerging Australian researchers who offer diverse approaches to rural culture The essays collected here explore the diverse forms that rural cultural studies might take and how these intersect with other disciplinary approaches offering a uniquely diverse but also careful account of life in country Australia Yet in its emphasis on the simultaneous specificity and cross cultural recognisability of rural communities this book also outlines a field of inquiry and a set of critical strategies that are more broadly applicable to thinking about the rural in the early twenty first century This

book will be valuable reading for students and academics of Geography History Literary Studies Cultural Studies Anthropology and Sociology introducing rural cultural studies as a new dynamic and integrative discipline

Social Work in Rural Australia Jane Maidment, 2020-07-22 Social work practice in a country town or small remote community several hours drive from the nearest centre is very different from practice in the city Social Work in Rural Australia offers an introduction to the challenges and rewards of professional practice in rural and remote areas The authors explore the practical implications for social workers in non urban regions including teamwork with professionals from other fields working with various sub groups in communities and across distance with other social work colleagues the diversity of rural livelihoods and lifestyles and increasingly pressing environmental issues Social work theories and case studies demonstrate how enabling practice can promote clients and communities ability to deal with some of the challenges of housing youth unemployment child protection ageing mental health disability and the obstacles faced by Indigenous migrant and refugee populations in specific geographical settings Social Work in Rural Australia encourages students and practitioners towards a holistic and contextual engagement with rural communities in current and newly developing fields of social work practice This accessible text integrates the theory and practice of social work in often overlooked rural and remote regions The case studies offer students and practitioners practical insights and celebrate rural practice as both unique and enriching Alana Johnson 2010 Victorian Winner RIRDC Rural Women s Award Family Therapist and Social Worker

Tracking Rural Change Francesca Merlan, David Raftery, 2009-04-01 A key intensifying change affecting rural areas in the last few decades has been a decline in the proportion of national populations whose principal livelihood is farming The corresponding redistribution of population has typically resulted in a net population loss to rural areas and diversification of rural activity The corporatization and technological modification of food production has prompted new policy challenges and has bound rural and urban populations together in new relationships articulated in moral discourses of custodianship food safety and sustainability Contributors to this volume came together in the attempt to stimulate collective insight into trends of rural change in Australia New Zealand and Europe The first two countries have been characterised by avowedly neoliberal rural policy with considerable departures from it in practice Europe on the other hand by a mix of policy measures which attempt to integrate land management and sustainability diversification and maintenance of a competitive farming sector within an overarching policy framework more overtly though only partially oriented towards sustaining rural society Aiming to build on research relating to the character of rural transitions this volume offers substantive and critical contributions to the understanding of the sources of unpredictability instability and continuity that underpin rural transition The papers explore changes and continuities in policy the governance of rural spaces technological developments relating to rural areas and populations and social forms of subjectivation and participation in increasingly diverse rural settings
