Russia 2010 And What It Means For The West

Gerlinde Groitl

Russia 2010 And What It Means For The West:

Russia, the West, and the Ukraine Crisis Elias Götz, 2018-12-07 This book examines the causes and consequences of the Ukraine crisis with a special focus on Russia's relations with the West Towards that end it brings together international relations scholars and area specialists Issues covered include the evolution of EU Russia and US Russia relations the role of strategic culture and ontological insecurities in the formation of Russian foreign policy the role of hybrid warfare in Russian military policy the geopolitical drivers of Russia's Ukraine policy and a discussion of the decision making dynamics that led to Russia's intervention in eastern Ukraine The contributors employ different theoretical approaches and offer partly complementary and partly competing analyses In so doing this book seeks to stimulate dialogue between different positions and advance our understanding of a topic that will shape the European security order for many years to come This book was originally published as a special issue of Contemporary Politics

Russia and the Western Far Right

Anton Shekhovtsov, 2017-09-08 The growing influence of Russia on the Western far right has been much discussed in the media recently This book is the first detailed inquiry into what has been a neglected but critically important trend the growing links between Russian actors and Western far right activists publicists ideologues and politicians The author uses a range of sources including interviews video footage leaked communications official statements and press coverage in order to discuss both historical and contemporary Russia in terms of its relationship with the Western far right Initial contacts between Russian political actors and Western far right activists were established in the early 1990s but these contacts were low profile As Moscow has become more anti Western these contacts have become more intense and have operated at a higher level The book shows that the Russian establishment was first interested in using the Western far right to legitimise Moscow's politics and actions both domestically and internationally but more recently Moscow has begun to support particular far right political forces to gain leverage on European politics and undermine the liberal democratic consensus in the West Contributing to ongoing scholarly debates about Russia's role in the world its strategies aimed at securing legitimization of Putin's regime both internationally and domestically modern information warfare and propaganda far right politics and activism in the West this book draws on theories and methods from history political science area studies and media studies and will be of interest to students scholars activists and practitioners in these areas

Russia, the West, and Military

Intervention Roy Allison, 2013-05-09 A detailed and carefully structured study of Soviet Russian attitudes and responses to military interventions It explores cases from the Gulf War in 1990 to the intervention led by Western states in Libya in 2011

The Limits of Partnership Angela E. Stent, 2015-03-29 A gripping account of U S Russian relations since the end of the Soviet Union The Limits of Partnership is a riveting narrative about U S Russian relations from the Soviet collapse through the Ukraine crisis and the difficult challenges ahead It reflects the unique perspective of an insider who is also recognized as a leading expert on this troubled relationship American presidents have repeatedly attempted to forge a strong and

productive partnership only to be held hostage to the deep mistrust born of the Cold War For the United States Russia remains a priority because of its nuclear weapons arsenal its strategic location bordering Europe and Asia and its ability to support or thwart American interests Why has it been so difficult to move the relationship forward What are the prospects for doing so in the future Is the effort doomed to fail again and again What are the risks of a new Cold War Angela Stent served as an adviser on Russia under Bill Clinton and George W Bush and maintains dialogues with key policymakers in both countries Here she argues that the same contentious issues terrorism missile defense Iran nuclear proliferation Afghanistan the former Soviet space the greater Middle East have been in every president's inbox Democrat and Republican alike since the collapse of the USSR Stent vividly describes how Clinton and Bush sought inroads with Russia and staked much on their personal ties to Boris Yeltsin and Vladimir Putin only to leave office with relations at a low point and how Barack Obama managed to restore ties only to see them undermined by a Putin regime resentful of American dominance and determined to restore Russia's great power status *The Limits of Partnership* calls for a fundamental reassessment of the principles and practices that drive U S Russian relations and offers a path forward to meet the urgent challenges facing both countries This edition includes a new chapter in which Stent provides her insights about dramatic recent developments in U S Russian relations particularly the annexation of Crimea war in Ukraine and the end of the Obama Reset

The Sense of Mission in Russian Foreign Policy Alicja Curanović, 2021-03-04 This book explores how far messianism the conviction that Russia has a special historical destiny is present in and affects Russian foreign policy Based on extensive original research including analysis of public statements policy documents and opinion polls the book argues that a sense of mission is present in Russian foreign policy that it is very similar in its nature to thinking about Russia's mission in Tsarist times that the sense of mission matters more for Russia's elites than for Russia's masses and that Russia's special mission is emphasised more when there are questions about the regime's legitimacy as well as great power status Overall the book demonstrates that a sense of mission is an important factor in Russian foreign policy

Russia's Encounter with Globalisation J. Wilhelmsen, E. Wilson Rowe, 2011-08-26 An analysis of Russia's response to globalization This book explores how Russian domestic politics shape this international engagement Thematically the focus is on Russia's external engagement with areas of policy relating to globalization namely energy climate health direct foreign investment finance and international terrorism

Russia, China and the Revisionist Assault on the Western Liberal International Order Gerlinde Groitl, 2023-05-22 This book analyzes Russian and Chinese revisionism in the face of US and Western post Cold War liberal international order building and asks why both powers have turned revisionist in the late 2000s The study develops a neoclassical realist model of international order building and contestation and posits to view revisionism as a strategic choice States go revisionist if the status quo international order threatens their vital security needs broadly defined not only as territorial security but also political economic normative and ontological and if they have the means to challenge the undesirable status quo Russia and

China were both unhappy with the post Cold War international order of American designs but had to opt for accommodation in the 1990s and early 2000s strategic accommodation in the Chinese case resentful accommodation in the Russian case before revisionism became even more of a necessity and a real policy option from the late 2000s onward constructive revisionism in the Chinese case destructive revisionism in the Russian case The author calls for a policy of neo containment to counter Moscow s and Beijing s efforts to game and erode the international order

Russia and its Near Neighbours M. Freire,R. Kanet,2012-05-15 Russia has recently re emerged as the dominant political economic and military actor in former Soviet nations Kanet and Freire bring together a stellar cast of contributors to consider Russia s recent return as a major regional and international actor and its likely future policy toward its neighbours

How the EU and Russia Narrate the World Mario Baumann,2025-07-25 In times of increasing challenges to the Western idea this book illuminates how Russian and EU foreign policy discourses interact While official Russian and EU articulations on issues of sovereignty human rights and the shared neighbourhood diverge greatly they are not articulated in isolation but are entangled and condition each other To understand this entanglement this book approaches the relationship between Russia and the EU as an intersubjective one a social context where diverging interpretations of the world struggle for hegemony Its theoretical framework marries poststructuralist thought with insights from critical approaches to Hegelian recognition dialectics Based on an extensive and systematic empirical discourse analysis of Russian and EU foreign policy texts this study draws a detailed picture of the intensifying discursive dynamics accompanying the deteriorating relationship between Brussels and Moscow It shows how neither the EU s nor Russia s foreign policy articulation has changed substantially The interaction pattern continues to be an asymmetrical one with Russia s articulations much more conditioned by the EU s discourse than vice versa The book thus argues that the EU is more independent in sovereignly articulating an interpretation of the world whereas Russia continues to face constraints in the formulation of an autonomous political project With its novel and innovative conceptual framework this book furthers the theoretical scholarship on poststructuralism in international relations It addresses all scholars interested in poststructuralist enquiries and will be of great value to students and scholars of Russian foreign policy and the EU

Intermarium Marek Jan Chodakiewicz,2017-09-08 History and collective memories influence a nation its culture and institutions hence its domestic politics and foreign policy That is the case in the Intermarium the land between the Baltic and Black Seas in Eastern Europe The area is the last unabashed rampart of Western Civilization in the East and a point of convergence of disparate cultures Marek Jan Chodakiewicz focuses on the Intermarium for several reasons Most importantly because as the inheritor of the freedom and rights stemming from the legacy of the Polish Lithuanian Ruthenian Commonwealth it is culturally and ideologically compatible with American national interests It is also a gateway to both East and West Since the Intermarium is the most stable part of the post Soviet area Chodakiewicz argues that the United States should focus on solidifying its influence there The ongoing political and

economic success of the Intermarium states under American sponsorship undermines the totalitarian enemies of freedom all over the world As such the area can act as a springboard to addressing the rest of the successor states including those in the Caucasus Central Asia and the Russian Federation Intermarium has operated successfully for several centuries It is the most inclusive political concept within the framework of the Commonwealth By reintroducing the concept of the Intermarium into intellectual discourse the author highlights the autonomous and independent nature of the area This is a brilliant and innovative addition to European Studies and World Culture

This is likewise one of the factors by obtaining the soft documents of this **Russia 2010 And What It Means For The West** by online. You might not require more times to spend to go to the book launch as well as search for them. In some cases, you likewise do not discover the declaration Russia 2010 And What It Means For The West that you are looking for. It will agreed squander the time.

However below, taking into consideration you visit this web page, it will be hence agreed simple to acquire as well as download lead Russia 2010 And What It Means For The West
