Russia The Commonwealth A:

Russia and the Commonwealth of Independent States Zbigniew K Brzezinski, 2016-09-16 This work brings together major accords and protocols that form the institutional framework of the Commonwealth of Independent States CIS a selection of policy statements by the leaders of CIS countries a chronological record of political economic and military security developments and major crises in CIS hot spots and statistics and country profiles

Russia's Western Borderlands, 1710-1870 Edward C. Thaden, 2014-07-14 This book examines Russian policies in the western borderlands during the main period of expansion of the imperial system Originally published in 1985 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

A History of Global Capitalism Sambit Bhattacharyya, 2020-10-31 The book sets out to explore the economic motivations of imperial expansion under capitalism This undoubtedly is related to two fundamental research questions in economic sciences First what factors explain the divergence in living standards across countries under the capitalist economic system Second what ensures internal and external stability of the capitalist economic system The book adopts a unified approach to address these questions Using the standard growth model it shows that improvements in living standards are dependent on access to raw materials labour capital technology and perhaps most importantly economies of scale Empires ensure scale economy through guaranteed access to markets and raw materials The stability of the system depends on growth and distribution and it is not possible to have one without the other However the quest for growth and imperial expansion implies that one empire invariably comes into conflict with another This is perhaps the most unstable and potentially dangerous characteristic of the capitalist system Using extensive historical accounts the book shows that this inherent tension can be best managed by acknowledging mutual spheres of influence within the international system along the lines of the 1815 Vienna Congress This timely publication addresses not only students and scholars of economics geography political science and history but also general readers interested in a better understanding of economic development international relations and the history of global capitalism

Russia and the Commonwealth A to Z Andrew Wilson, Nina Bachkatov, 1992 Entries cover the history politics culture and prominent individuals of Russia and the Commonwealth

The Russian Empire 1450-1801 Nancy Shields Kollmann, 2017-02-09 Modern Russian identity and historical experience has been largely shaped by Russia's imperial past an empire that was founded in the early modern era and endures in large part today The Russian Empire 1450-1801 surveys how the areas that made up the empire were conquered and how they were governed It considers the Russian empire a Eurasian empire characterized by a politics of difference the rulers and their elites at the center defined the state's

needs minimally with control over defense criminal law taxation and mobilization of resources and otherwise tolerated local religions languages cultures elites and institutions The center related to communities and religions vertically according each a modicum of rights and autonomies but didn't allow horizontal connections across nobilities townsmen or other groups potentially with common interests to coalesce Thus the Russian empire was multi ethnic and multi religious Nancy Kollmann gives detailed attention to the major ethnic and religious groups and surveys the government's strategies of governance centralized bureaucracy military reform and a changed judicial system The volume pays particular attention to the dissemination of a supranational ideology of political legitimacy in a variety of media written sources and primarily public ritual painting and particularly architecture Beginning with foundational features such as geography climate demography and geopolitical situation The Russian Empire 1450-1801 explores the empire's primarily agrarian economy serfdom towns and trade as well as the many religious groups primarily Orthodoxy Islam and Buddhism It tracks the emergence of an Imperial nobility and a national self consciousness that was by the end of the eighteenth century distinctly imperial embracing the diversity of the empire's many peoples and cultures

A History of Eastern Europe Robert Bideleux, Ian Jeffries, 2007-09-12 This welcome second edition of A History of Eastern Europe provides a thematic historical survey of the formative processes of political social and economic change which have played paramount roles in shaping the evolution and development of the region Subjects covered include Eastern Europe in ancient medieval and early modern times the legacies of Byzantium the Ottoman Empire and the Habsburg Empire the impact of the region's powerful Russian and Germanic neighbours rival concepts of Central and Eastern Europe the experience and consequences of the two World Wars varieties of fascism in Eastern Europe the impact of Communism from the 1940s to the 1980s post Communist democratization and marketization the eastward enlargement of the EU A History of Eastern Europe now includes two new chronologies one for the Balkans and one for East Central Europe and a glossary of key terms and concepts providing comprehensive coverage of a complex past from antiquity to the present day
