A Collision of Truths Robert Ellis, 2008-04 Robert Y Ellis *A Collision of Truths* is a beautifully written and insightful autobiography of one man's journey of faith Ellis was raised a Christian Scientist but later both rejected and appropriated many of its central beliefs Ellis narrates the role Christian Science played in providing balance and meaning in his life while questioning its hostility to critical inquiry and modern medicine Through sensitive description of the arc of his own life Ellis calls his readers to re-examine their basic values and commitments amidst the complexities of daily existence in a digital world where knowledge increases exponentially A genuine achievement and must read for fellow travelers who are looking for meaning and hope in our time Mark I Wallace PhD Professor of Religion Swarthmore College Author of *Finding God in the Singing River* A man would be singularly inert if he were not to find this account vastly tantalizing What an extraordinary tale The way Ellis proceeds through his life from earliest childhood on keeps a reader wanting to know what comes next And his prose is a blessed relief to anyone who loves good English prose Thomas Howard PhD author *Christ the Tiger* This narrative is the first to reveal one Christian Science family's story their faith's underpinnings and those singular episodes that collided with Ellis' beliefs including his Christian Science mother being treated by a beam of protons at the Harvard University cyclotron his father's unsolved murder in Harlem and the religious tensions in his childhood home that ultimately exploded Ellis' sometimes painful always captivating journey will inspire everyone being challenged by today's extraordinary scientific discoveries which appear to leave no room for God *Finding God in the Waves* Mike McHargue, 2016 Science Mike draws on his personal experience to tell the unlikely story of how science led him back to faith Among other revelations we learn what brain scans reveal about what happens when we pray how fundamentalism affects the psyche and how God is revealed not only in scripture but in the night sky in subatomic particles and in us Dust jacket flap *Paradigm Shift* Roy Peacock, 2013-10-01 Science and faith hang in the balance for one atheistically inclined scientist until his life is turned around by events he can only categorize as miraculous which launches him into a powerful Christian ministry alongside his professional work A personal memoir of events that have shaped the life of a practical scientist The book tells a story and along the way explores the synthesis Roy Peacock found after he came to faith in Christ Testing the claims of the Bible in the same way he would any other truth claims he finds that God acts as dramatically and speaks as clearly today as he did in Bible times People are healed spiritually and physically as Roy learns to trust God increasingly in every area of his life *A Life of Miracles* Don Schulze, 2014-04-18 At first Don Schulze wasn't sure he was really hearing from God because what he was hearing didn't make sense Could God really be calling him to leave a good career and a stable life to take his family on a

journey of ministry across the country and around the world And could Don trust God to take care of his loved ones on that journey Would they trust and understand God s call as well With a deep breath and a lot of faith Don and his family took the leap and said yes stepping forward into what would become a lifelong quest to follow God s calling In A Life of Miracles you ll travel with this ordinary family across the years as you witness inspiring encounters with God dramatic rescues just in time provisions amazing miracles of healing and God s surprising answers to everyday prayers As you read you ll see evidence of just how closely God sticks by us even in our most uncomfortable moments This modern day spiritual odyssey takes you on a heartwarming soul stirring exploration of faith Join Don and his family on their unexpected adventures and discover how your own daily walk with God can add up to a life of miracles [Life Is a Journey in God, Through God - Colored Part 1 \(of 2\)](#)

Ifeanyi Chukwujama, 2017-05-09 God s creation accounts in Genesis are the truths of the origin of all things on the earth and in the universe Is there any other kind of day on the planet earth in which every high noon is followed by the evening and then the morning Genesis 1 5 8 13 19 23 31 Is there any planet anywhere in the universe on which some of its one day lasts millions of years while the others are simply one regular day For every one of the 6 days of creation God never failed to state that the high noon was followed by evening and then morning Genesis 1 5 8 13 19 23 31 clearly demonstrating that He knew that counterfeit scientists and false prophets would be minting their own truths to lead people away from their God Light s first appearance on the earth instantly covered a twelve hour span from 6 pm in the east to 6 am in the west and noon at the meridian that was perpendicular to the God s focus at light s first impingement on the earth God s narrowed focus was the source of that light Otherwise all of earth would have immediately become flush with obliterating radiant energies giving the extreme small size of the earth in relation to God In human science a vacuum is total absence of substance matter because human beings can only see the 3 dimensions of nature But in God s absolute truth a vacuum void of Grace is a mirror image of the 3 dimensional content that used to occupy the vacuum The mirror image of life which Satan never saw coming is death Ezekiel 28 18 We know that life is real and has 3 dimensions We also know that death is real but believe that natural death is finality and dimensionless Wrong We see people depart from here and go there all the time The realness of the heights of heaven and the realness of the depths of death is the reason why Jesus Christ said the following to His apostles Even if I testify on my own behalf my testimony is valid for I know where I came from and where I am going But you have no idea where I come from or where I am going John 8 14 See also John 8 21 John 13 33 John 14 4 John 16 5 John 16 10 He continued to say where in these passages because heaven is a real place far beyond our universe and surrounding our universe at every side Death also is a real place with physical dimensions which are diffused throughout our world and our universe into the invisible realms of our earth and our universe beyond human cognition and detection Death has 3 dimensions x y z in much the same way life has 3 dimensions x y z bringing our space to a total of six 6 dimensions not three 3 as postulated by human science Death is diffused throughout the earth and the universe to incapacitate the spirit death against those who are

obedient to God Death is a micro cosmic reality which is dispersed by God amidst our physical effluence to snare the rebellious and the wicked Here is what the Bible says about death Ephesians 4 9 KJV Now that he ascended what is it but that he also descended first into the lower parts of the earth We always mistake the lower parts of the earth to mean underground Wrong It is the Spirit of Jesus Christ Grace that scrubs our sins from our souls and our bodies and not the dead body of Jesus Christ that was placed inside the tomb That is why Jesus Christ continues till this day to remove everybody s sins even though His dead body had since been raised from dead by God the father It was the Spirit of Jesus Christ that descended into the lower parts of the earth to free those who all their lives were held in slavery by their fear of death Hebrews 2 14 15 That is why we know about Dark Matter and Dark energy but not what they are or where they are Every mathematics really does not lead to the truth of physics but every truth of physics lends itself to a mathematical formula $x y x$ coordinates make up the Sphere of Life while $x y z$ make up the death dimension
