Goodson,2007-11-15 The Scorpion takes place in the near future in a day where when you die they take your brain and hook it up to a computer giving it the ability to think like a human with the speed and accuracy of a computer The Scorpion a USS starship comes back to Earth to get a new brain because the old one has gone senile Upon returning to Earth the Captain of the Scorpion is informed that they must head out by the end of the week with or without a brain on a rescue mission to save two scientists and their families who have been studying the collapse of a sun into a black hole The scientists have been there three years Their inter space shuttle has been destroyed and the sun is collapsing inward The only ship close enough and fast enough to have any hope at all of getting there on time is Scorpion And even then it s marginal At the last minute a brain is found and installed but the brain is drunk so it is hooked up all but the main plug while they wait for the brain to sober up Meanwhile the Scorpion gets underway The captain falls in love with a new recruit There is a stowaway and they come across an enemy flattop that is breaking up in space They rescue the survivors The brain is functioning perfectly Everything seems to be going just fine Due to the high alcohol levels of the brain the program to obey orders did not hold Unbeknownst to the Captain and the crew the Scorpion has a new master One that holds grudges One that plots and schemes working to fulfill an agenda of its own Using a disgruntled officer who felt that he should be in command along with the rescued crew members of the Kobon flattop and the ship s own onboard robots hell is about to break loose on board the USS Scorpion

The Scorpion's Tail Zahid Hussain,2010-11-16 A deeply reported account of the war against Islamic extremists in Pakistan and battles being fought in the remote tribal regions The war in Afghanistan has raged on longer than any war in US history and far from suppressing the insurgency being waged by radical Islamic militants it has led to stronger alliances among al Qaeda the Taliban and a host of once autonomous militant groups and has inspired a flood of new recruits In addition to reclaiming

control of substantial territory in Afghanistan the militants have now taken the fight deep within Pakistan threatening to totally destabilize that nuclear armed state and are launching attacks on the US homeland Why has the insurgency been so irrepressible Is this a war that can be won Can we expect a wave of attacks within the United States more sophisticated than the attempted bombing in Times Square Nothing can be understood about the prospects for the war and the threat to the US homeland without understanding how Pakistan has become the epicenter of the insurgency and why the rise of militant groups there has escalated out of control despite major offensives by the Pakistani military and an intensive secret US Predator drone war against them Based on extensive reporting inside Pakistan s dangerous lawless regions and exclusive interviews with militant leaders as well as high level military and intelligence sources Zahid Hussain one of the most respected reporters working out of Pakistan chronicles how and why the Islamic extremist groups based in Pakistan s remote tribal territories have greatly increased their power since the start of the war and unleashed a reign of terror on US forces in Afghanistan and on both the military and civilian population within Pakistan He is the first to reveal how a loose constellation of tribal groups has now come together to form a distinctive Pakistani Taliban working closely with al Qaeda and the Afghani Taliban to launch increasingly sophisticated and deadly attacks on both sides of the Af Pak border He discloses how they draw support and a steady flood of recruits from deeply entrenched support networks in major Pakistani cities and how they have recruited would be US attackers including Faisal Shahzad and Adnan Shukrijumah accused of plotting to bomb the New York City subway He is also the first to chronicle in detail the still unacknowledged US war carried out in Pakistan by remote Predator drones and reporting from the scenes of a number of drone missile strikes and interviewing a number of attempted suicide bombers he reveals the shocking extent of anti Americanism the strikes have stoked in Pakistan across the range of the population due to civilian deaths driving a new breed of highly educated professional and middle class Pakistanis into the militant groups His gripping and revelatory account is an urgent wake up call about the blowback effects of the US war in Afghanistan and the drone campaign in Pakistan about how volatile the situation in the Af Pak region has become and about the deeply troubling limitations of the current military strategy in ever gaining decisive ground against the insurgents

The Scorpion Chuks Okolo,1985 **When the Scorpion** Onyechi Mbamali,2011-11-16 The appointment of a renegade son of the soil as Warrant Chief by the white District Officer is received with utter consternation by the warrior kingdom of Umudimkpa In a bid to assert his authority he opts for a showdown with the aged regency exploiting the native police and the services of a dreaded juju man to unleash a reign of terror on the land His rabid obsession with power finds ready capital in the unfortunate shooting of a white preacher by a lone native He sets himself on a demolition course against the whole community hounding the men and grabbing their women heedless of marriage or betrothal tags He is a scorpion gone beserk But would he dare to sit on the ancient throne of the kingdom with its deadly myths mystique and taboos When The Scorpion is the third in the authors The Umudimkpa Discourse a series of plays set in history in the Igboland of Nigeria Like its

thrilling precursors the much acclaimed *Shadows of the Ancestors* and the hilarious *Your Man Abednego* this four act play is a feast of culture history and literature It maintains an essential thematic thrust and historical congruency but pushes new frontiers of form and vibrancy with a stunning use of improvisations and the exploration of symbolism This work deserves its plaudits and underscores Onyechi Mbamalis amazing depth and brilliance as wordsmith and playwright *Scorpion King* Scott Ritter,2020-06-01 We may be likened to two scorpions in a bottle each capable of killing the other but only at the risk of his own life ROBERT OPPENHEIMER *Scorpion King America s Suicidal Embrace of Nuclear Weapons from FDR to Trump* is a history of America s corrosive affair with nuclear weapons and the failed efforts to curb this radioactive ardor through arms control The book s title refers to the allusion by Robert Oppenheimer the father of the American atomic bomb to dueling scorpions when discussing the deadly nuclear rivalry between the US and Soviet Union and signals the dangers inherent in the resumption of the perilous US drive for nuclear supremacy Providing a vivid and gripping A Z history of America s deceptive use of arms control as a means of actually furthering its quest for nuclear dominance Ritter sheds light on a contradictory US agenda little understood by the lay reader while providing sufficient detail and context to engage the specialist Originally published by Nation Books in 2010 under the title *Dangerous Ground* this new version has been streamlined and significantly expanded to account for the failed arms control policies of the Obama administration and the rejection of arms control as a policy during the first term of the Trump administration The Trump administration has pulled out of one landmark arms control treaty the 1987 Intermediate Nuclear Forces treaty and is threatening to let another the 2010 New START treaty expire The terrifying Cuban missile crisis of 1962 demonstrated the apocalyptic folly of nuclear arsenals operating without limitation and led to reciprocal constraints that moderated the nuclear ambitions of both the US and Soviet Union Those constraints for the most part no longer exist The next missile crisis could prove terminal for humanity *Scorpion King* is a book that can and should occupy the shelves of academic libraries diplomats and military professionals as well as make the reading lists of concerned citizens given the dangerous state of US and Russian relations now hovering on the cusp of a new and increasingly hazardous nuclear arms race It provides a road map showing how we collectively returned to the nuclear cliff edge and shines light on the possibility of an exit from a seemingly endless dark tunnel Providing context for the forthcoming 2020 Review of the Non Proliferation Treaty *Scorpion King* is must reading for an imperilled world *Scorpion's Kiss* Peter Molloy,2001 Zen Buddhism and Bad Women High flying international businessman Paul Harris is not accustomed to losing either in business or romance But after moving to a small town in the Midwest he meets the seductively poisonous Mara who has a game plan with a whole new set of rules A dark thrilling suspenseful adventure *Scorpion s Kiss* is a cosmic cycle saga that incorporates elements of Buddhism and dysfunctional romance into its tumultuous plot A gripping story that cannot be left unfinished *Scorpion s Kiss* is highly recommended reading Midwest Book Review A must read emotional roller coaster ride Absolutely riveting **M50 Ontos and M56**
