shelf and it's Delaney's job to research the rare tomes and obscure artifacts that people come to buy and sell. When her new friends, also students at the medical school, come to the shop to sell a collection of antique medical books, Delaney knows she's stumbled across a rare and important find indeed. Her boss, Edwin MacAlister, agrees to buy the multivolume set, perhaps even to keep for his own collection. But not long after the sale, one of Delaney's new friends is found murdered in the alley behind the Cracked Spine, and she wonders if there is some nefarious connection between the origin of these books and the people whose hands they fell into. Delaney takes it upon herself to help bring the murderer to justice. During her investigation, Delaney finds some old scalpels in the bookshop's warehouse and discovers that they belonged to a long-dead doctor whose story and ties to the past crimes of Burke and Hare might be connected to the present-day murder. It's all Delaney can do to race to solve this crime before time runs out, and she ends up in a victim on the slab herself.

The Innocent and the Dead ROBERT. MCNEILL, 2025-01-30 One woman found dead. Another kidnapped. Two cases. Two books. One overworked Scottish detective. When the body of an attractive young woman is found in woodland on Edinburgh's iconic Calton Hill, DI Jack Knox quickly establishes that she had worked as a prostitute.
