Philosophy; A Comparison of the Scottish and German Answers to Hume, by Andrew Seth Andrew Seth Pringle-Pattison, 1885 **Kant and the Scottish Enlightenment** Elizabeth Robinson, Chris W. Surprenant, 2017-06-26 This book examines the influence of Hume Reid Smith Hutcheson and other Scottish Enlightenment thinkers on Kant's philosophy. It begins with the influence of these thinkers on Kant then moves to an examination of the relationship between truth, freedom, and responsibility and its connection to Kant's metaphysics and aesthetics **Edinburgh Companion to Twentieth-Century Scottish Literature** Ian Brown, 2009-07-03 This volume considers the major themes, texts, and authors of Scottish literature of the twentieth and so far twenty-first century. It identifies the contexts and impulses that led Scottish writers to adopt their creative literary strategies. Moving beyond traditional classifications, it draws on the most recent critical approaches to open up new perspectives on Scottish literature since 1900. The volume's innovative thematic structure ensures that the most important texts or authors are seen from different perspectives, whether in the context of empire, renaissance, war, and post-war literary genre, generation, and resistance. In order to provide thorough coverage, these thematic chapters are complemented by chronological 'Arcade' chapters which outline the contexts of the literature of the period by decades, and by 'Overview' chapters which trace developments across the century in theatre, language, and Gaelic literature. Taken together, the chapters provide a thorough and thought-provoking account of the century's literature [History of Scottish Philosophy](#) Alexander Broadie, 2008-12-15 Winner of the Saltire Society Scottish History Book of the Year 2009. Shortlisted for the Saltire Society Scottish Research Book of the Year 2009. This is the first ever account of the full 700-year-old Scottish philosophical tradition. The book focuses on a number of philosophers in the period from the later 13th century until the mid 20th and attends especially to some brilliantly original texts. The book also indicates ways in which philosophy has been intimately related to other aspects of Scotland's culture. Among the greatest philosophers that Scotland has produced are John Duns Scotus, Francis Hutcheson, David Hume, Adam Smith, and Thomas Reid. But there were many other fine, even brilliant philosophers who are less highly regarded if they are noticed at all, such as John Mair, George Lokert, Frederick Ferrier, Andrew Seth, Norman Kemp Smith, and John Macmurray. All these thinkers and many others are discussed in these pages. This clearly written and approachable book gives us a strong sense of the Scottish philosophical tradition.

The Humean Mind Angela Coventry, Alexander Sager, 2018-10-26 David Hume 1711-1776 is widely acknowledged as one of the most important philosophers in the English language, with his work continuing to exert major influence on philosophy today. His empiricism, naturalism, and psychology of the mind, and the passions, shape many positions and approaches in the sciences and social sciences. *The Humean Mind* seeks to provide a comprehensive survey of his work, not only placing it in its historical context but also exploring its contemporary significance. Comprising 38 chapters by a team of international contributors, the Handbook is divided into four sections: Intellectual context; Hume's thought; Hume's reception; Hume's legacy. This handbook includes coverage of all major aspects of Hume's thought, with essays spanning the full scope of Hume's

philosophy Topics explored include Hume's reception in the eighteenth and nineteenth centuries Hume's legacy in the twentieth and twenty first centuries Hume's history including an essay on Hume as historian as well as essays on the relevance of history to Hume's philosophy and his politics and an updated treatment of Hume's Legal Philosophy Also included are essays on race gender and animal ethics Essential reading for students and researchers in philosophy Hume's work is central to epistemology metaphysics philosophy of mind philosophy of science ethics legal philosophy and philosophy of religion

Historical Dictionary of Hume's Philosophy Kenneth R. Merrill, 2008-08-22 The Historical Dictionary of Hume's Philosophy is the only Hume dictionary in existence The book provides a substantial account of David Hume's life and the times in which he lived and it provides an overview of his philosophical doctrines This is done through a chronology an introductory essay a bibliography and over a hundred cross referenced dictionary entries covering key terms as well as brief discussions of Hume's major works and of some of his most important predecessors contemporaries and successors

The Reception of David Hume In Europe Peter Jones, 2005-01-01 The intellectual scope and cultural impact of British writers cannot be assessed without reference to their European fortunes These essays prepared by an international team of scholars critics and translators record the ways in which David Hume has been translated evaluated and emulated in different national and linguistic areas of Europe This is the first collection of essays to consider how and where Hume's works were initially understood throughout Europe They reflect on how early European responses to Hume relied on available French translations and concentrated on his Political Discourses and his History and how later German translations enabled professional philosophers to discuss his more abstract ideas Also explored is the idea that continental readers were not able to judge the accuracy of the translations they read nor did many consider the contexts in which Hume was writing rather they were intent on using what they read for their own purposes

The Riddle of Hume's Treatise Paul Russell, 2010-06-15 It is widely held that Hume's Treatise has little or nothing to do with problems of religion Contrary to this view Paul Russell argues that it is irreligious aims and objectives that are fundamental to the Treatise and account for its underlying unity and coherence

The Theological Education of the Ministry Alan P.F. Sell, 2013-05-10 Unwilling on conscientious grounds to submit to the religious tests imposed by the Universities of Oxford and Cambridge the English and Welsh Dissenters of the second half of the seventeenth century established academies in which their young men many of them destined for the ministry might receive a higher education From the eighteenth century onwards theological colleges devoted exclusively to ministerial education were founded while in Scotland historically and in England and Wales over the past 120 years freestanding university faculties of divinity theology have provided theological education to ordinands and others These diverse educational contexts are all represented in this collection of papers but the focus is upon those who taught in them

Caleb Ashworth Daventry Academy John Oman Westminster Presbyterian College Cambridge N H G Robinson University of St Andrews Geoffrey F Nuttall New Congregational College London T W Manson University of Manchester Owen Evans

University of Manchester and Hartley Victoria Methodist College the lone Methodist scholar discussed here and W Gordon Robinson and J H Eric Hull University of Manchester and Lancashire Independent College Between them these scholars covered the core disciplines of theological education biblical studies ecclesiastical history philosophy doctrine and systematic theology The Oxford Magazine ,1887
