D. Mackie,2013-08-22 The National Book League was a precursor to the current Booktrust and was set up in 1924 by the Society of Bookmen in order to promote reading particularly among the young To that end the NBL issued Reader s Guides on a variety of subjects each written by an author with expertise in that field and containing an annotated bibliography of recommended titles on the subject J D Mackie had a distinguished career as a historian of Scotland and was appointed Historiographer Royal for Scotland in 1957 the year after this guide was published This guide includes an introduction defending Scottish history as a subject independent from general British history and a bibliography divided by period and by specific points of interest including Scottish art and the role played by Scots in the development of the British Empire

Christian,2020-03-13 Beside the Bard argues that Scottish poetry in the age of Burns reclaims not a single past dominated and overwritten by the unitary national language of an elite ruling class but a past that conceptualizes the Scottish nation in terms of local self identification linguistic multiplicity cultural and religious difference and transnational political and cultural affiliations This fluid conception of the nation may accommodate a post Union British self identification but it also recognizes the instrumental and historically contingent nature of Britishness Whether male or female loyalist or radical literati or autodidacts poets such as Alexander Wilson Carolina Olyphant Robert Tannahill and John Lapraik among others adamantly refuse to imagine a single nation British or otherwise instead preferring an open polyvocal field on which they can stage new national and personal formations and fight new revolutions In this sense Scotland is a revolutionary category always subject to creative destruction and reformation Published by Bucknell University Press Distributed worldwide by Rutgers University Press **The English Catalogue of Books [annual]** Sampson Low,1897 Vols for 1898 1968 include a directory of publishers *The English Catalogue of Books* ,1897 **The Cambridge History of English Literature: The period of the French revolution** Sir Adolphus William Ward,Alfred Rayney Waller,1914 **Catalogue of the Books in the Reference Department** Blackburn (England). Public Library, Museum and Art Gallery,1907 **The New Cambridge Bibliography of English Literature: Volume 2, 1660-1800** George Watson,Ian R. Willison,1971-07-02 More than fifty specialists have contributed to this new edition of volume 2 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re

shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

Robert Fergusson and the Scottish Periodical Press Rhona Brown, 2016-04-08 Though Robert Fergusson published only one collection of poems during his lifetime he was a fixture in the Scottish periodical press Rhona Brown explores Fergusson's poetic output in its immediate periodical context enabling a new understanding of Fergusson's contribution to poetry that also enlarges on our understanding of the Scottish periodical press Focusing on the development of his career in Walter Ruddiman's *Weekly Magazine* Brown situates Fergusson's poetry alongside contemporary events that expose Fergusson's preoccupations with the frivolities of fashion theatrical culture the economic status of Scottish manufacture and politics At the same time Brown offers fascinating insights into the political climate of Enlightenment Scotland and shows the *Weekly Magazine* in relationship to the larger Scottish and British periodical milieus She concludes by exploring reactions to Fergusson's death in the British periodical presses arguing that contrary to critical consensus the poet's death was ignored neither by his own country nor by the larger literary community

James Thomson Richard Terry, 2000-01-01 James Thomson *Essays for the Tercentenary* is the first collection of essays devoted exclusively to the works of the eighteenth century Scottish poet James Thomson The volume is divided into two sections the first addressing Thomson's writings themselves and the second the reception of his works after his death and their influence on later writers The first section contains essays analyzing the politics and aesthetics of Thomson's major poems and also a reevaluation of Thomson as a heroic dramatist The second section capitalizes on the certainty felt by many in Thomson's own century that the poet especially through his most successful poem *The Seasons* had won for himself an indelible fame This volume provides a definitive reappraisal of his achievement for our own times
