most popular genres of the 21st century this book argues that Americans have entered a new era of narrative dominated by  
the fear and wish fulfillment of the breakdown of authority and terror itself Bringing together disparate and popular genres  
of the 21st century American Popular Culture in the Era of Terror Falling Skies Dark Knights Rising and Collapsing Cultures  
argues that popular culture has been preoccupied by fantasies and narratives dominated by the anxiety and strangely the  
wish fulfillment that comes from the breakdowns of morality family law and order and storytelling itself From aging  
superheroes to young adult dystopias heroic killers to lustrous vampires the figures of our fiction film and television again  
and again reveal and revel in the imagery of terror Kavadlo s single author thesis driven book makes the case that many of  
the novels and films about September 11 2001 have been about much more than terrorism alone while popular stories that  
may not seem related to September 11 are deeply connected to it The book examines New York novels written in response to  
September 11 along with the anti heroes of television and the resurgence of zombies and vampires in film and fiction to draw  
a correlation between Kavadlo s Era of Terror and the events of September 11 2001 Geared toward college students  
graduate students and academics interested in popular culture the book connects multiple topics to appeal to a wide  
audience      **The Publishers Weekly** ,1897      **Monthly Catalogue, United States Public Documents** ,1994-03
