Scrimmage Of Appetite:

Scrimmage of Appetite Jon Davis, 1995 If Walt Whitman had come back to face America at the end of the 20th Century these are the poems he might have written Whether adapting the long Whitmanian line reinventing the prose poem or alternating lyric and prose meditations Jon Davis has taken the measure of these times and found a world where virtue has been devoured by appetite where the private and familial have been invaded by the tawdry the commercial and the vicious as if our lives were hotwired to our television sets our minds crackling with the loose electricity of an experiment gone wrong In poems that are ambitious and political without being sententious or partisan Davis turns to the power of words for a way to reconcile the irreconcilable praising language as a rich entangled and inexhaustible source of solace and meaning With *Scrimmage of Appetite* Jon Davis has fulfilled Wallace Stevens's image of a poet merciless To accomplish the truth in his intelligence

Requiem for the Orchard Oliver De la Paz, 2010 These are vivid visceral poems about coming of age in a place where the Ferris Wheel was the tallest thing in the valley where a boy would learn to fire a shotgun at nine and wring a chicken's neck with one hand by twirling the bird and whipping it straight like a towel In spite of such hardscrabble cruelties or because of them there is also a real tenderness in these poems the revelations of bliss driving along an empty highway like opening a heavy book letting the pages feather themselves and finding a dried flower The poet has a gift for rendering his world in cinematic images In short these poems are the stuff of life itself ugly and beautiful wherever or whenever we happen to live it Martin Espada

Understanding Fred Chappell John Lang, 2000 Lang evaluates Chappell's major works including the four novels preceding *Midquest* the first five volumes of poetry the remarkably different books of poems published between *Castle Tzingal* and *Spring Garden* New and Selected Poems and the two collections of short stories An investigation of the varied connections between and achievements of the Kirkman tetralogy and *Midquest* concludes this analysis BOOK JACKET

To Reconnoiter the Territories of Brain, Mind, and Philosophy R. Garner Brasseur M.D.,2016-09-15 The book deals with the nature and evolution of the mind of man and is an attempt to delineate its intangible existence as a function and product of the flesh and blood of tangible brain tissue In the process the book necessarily delves into anatomy and function of brain and into philosophy An intention was also to arrive at some definite ideas on philosophy Hopefully in the end to elucidate the two conjoined aspects of the human mind the tangible physical body of the real world and the intangible conceptual world of ideas

Other Latitudes Brian Brodeur,2008 Attempting to repair the fissures of everyday life Brian Brodeur negotiates the psychological distances between desire and disgust humor and catastrophe banality and dream The poems of Other Latitudes begin in the realm of personal experience and expand into larger territories of cultural narcissism and political blindness These poems meditate on the tenuous relationship between artist and subject the curiosities of self inflicted wounds and the presence of hope in a landscape that is intrinsically scarred Brodeur s debut illustrates the conflict between inner lives and their outward appearances with an eye turned to the unforgiving natural world

artists struggle to express their deepest spiritual yearnings At a time when the notion of spirituality seems inchoate artists writers and musicians can often eloquently articulate the mysterious otherness of our lives Especially powerful are the personal testimonials which reveal the empowerment of transcendence over alienation and disbelief Marci Whitney Schenck Publisher and Editor Christianity and the Arts Here one finds wonderful stories about artists and of the creative spirituality arising out of their work Wuthnow goes beyond telling us simply that these are people living at the edges of our culture suggesting that they are spiritual models for our time people who cultivate spiritual depth through sustained practice or doing something that is fresh expressive and worthwhile The book addresses the serious many sided aspects of their search indeed of our search for moments of transcendence today Wade Clark Roof J F Rowny Professor of Religion and Society University of California at Santa Barbara and author of Spiritual Marketplace The Search for Selfhood in Modern Literature M. Roston,2001-09-05 The scientific achievements of the modern world failed to impress the leading writers of this century leaving them instead profoundly disturbed by a sense of lost values and of the insignificance of the individual in a universe seemingly indifferent to human concerns In The Search for Selfhood in Modern Literature Roston explores the strategies adopted by such mid century authors as Greene Salinger Osborne Baldwin and others in their attempt to cope with the spiritual vacuity strategies including the emergence of the anti hero and of literary existentialism and offer in the course of the investigation fascinatingly new insights into their work The Collected Poems of Delmore Schwartz Delmore Schwartz,2024-04-02 The first complete collection of the poetry of Delmore Schwartz the most underrated poet of the twentieth century John Berryman When Delmore Schwartz published his first short story In Dreams Begin Responsibilities in Partisan Review in 1937 he became an instant literary celebrity After the appearance of his first book by the same name he was inundated with praise The famed poet Allen Tate wrote to him Your poetic style is beyond any doubt the first real innovation that we ve had since Eliot and Pound and T S Eliot himself wrote Schwartz a letter asking him to compose more poetry The brilliant start of his career is matched perhaps only by its tragic end a lonely death after an extended period of alcoholism depression and derangement Today more than fifty years after his death in 1966 Schwartz is often remembered for the tragedy of his life rather than for the innovation and sad brilliance of his greatest work This book brings together all of Schwartz s poetry for the very first time from his groundbreaking debut collection to his unpublished late work which he kept writing until his death Accompanied by Ben Mazer s illustrative notes and introduction The Collected Poems of Delmore Schwartz offers readers the long awaited opportunity to rediscover one of the most influential and original poets of the twentieth century As Mazer writes in his introduction It is the poems that count now And it is the glory of the poems that survives here awaiting new life **Dream Garden** Patrick Bizzaro,1997-08-01 Dream Garden provides the first inclusive appreciation and evaluation of the poetry of one of the South s indeed America s premier writers Fred Chappell The selections range from a poignant prologue by George Garrett to appreciations by R T Smith and R H W Dillard from critical
