Scripta Minora Selecta:

Scripta minora selecta Wiktor Steffen, 1973 **IN AFRICA E A ROMA** Pietro Romanelli, 1982 **Scripta minora selecta** Victor Steffen, 1973 *Hellenistic Tragedy* Agnieszka Kotlinska-Toma, 2014-11-20 Ancient Greek tragedy is ubiquitously studied and researched but is generally considered to have ended as it began in the fifth century BC. However, plays continued to be written and staged in the Greek world for centuries, enjoying a period of unprecedented popularity and changing significantly from the better known Classical drama. Hellenistic drama also heavily influenced the birth of Roman tragedy and the development of other theatrical forms and literature, including comedies, mime, and Greek romance. *Hellenistic Tragedy: Texts, Translations, and a Critical Survey* offers a comprehensive picture of tragedy and the satyr play from the fourth century BCE. The surviving fragments of this dramatic genre are presented alongside English translations and critical analysis, as well as a survey of the main writers involved and an exploration of the genre's formation, later influence, and staging. Key features of the plays are analysed through extant texts and other evidence, including plots based on contemporary political themes, mythical subjects, and Biblical themes, and features of metre and language. Practical elements of Hellenistic performance are also discussed, including those which have become the hallmarks of ancient theatre: actors, costumes of long robes (kothurnoi) and high onkos masks, the theatre building, and the closed stage on the logeion. Piecing together a synthetic picture of Hellenistic tragedy and the satyr play, the volume also examines the key points of departure from earlier drama, including the mass audience, the mutual influence of Greek and Eastern traditions, and the changes inside the genre which prove Hellenistic drama was an important stage in the development of the European theatre. **Scripta minora selecta** Victor Steffen, 1973 *Solon the Athenian, the Poetic Fragments* Maria Noussia Fantuzzi, 2010-12-10 This book illuminates the authoritative voice of Solon of Athens by an integrated literary, historical, and philological approach and the use of a range of hermeneutic frameworks from literary theory to oral poetics. Catullus and His World Timothy Peter Wiseman, T. P. Wiseman, 1987 This book is an attempt to read the poems of Gaius Valerius Catullus in his own context, to look at the poet and his works against the cultural realities of the first century BC, as recent advances in historical research allow us to understand them. Catullus' own social background, the circumstances of the literary life of his time, the true extent of his works, and the variety of audiences he addressed, these and other questions are explored by Professor Wiseman with new and startling results. Contemporary high society and politics are illustrated through Clodia and Caelius Rufus, considered not as mere adjuncts to Catullus' story but as significant historical personalities in their own right. A final chapter on nineteenth and twentieth-century interpretations of Catullus' world shows how anachronistic preconceptions have prevented a proper understanding of it and made this radical reappraisal necessary. Anyone with a serious interest in Latin literature or Roman history will want to read this book. Students in the upper levels of school or at university will find it essential background reading to their work on Catullus and Cicero's *Pro Caelio*. **Teils., polygl** Wiktor Steffen, Octavius

Jurewicz,1973 Greek Comedy and the Discourse of Genres Emmanuela Bakola,Lucia Prauscello,Mario Tel-,2013-04-18 Explores comedy's voracious and multifarious dialogue with a large spectrum of literary sub literary and paraliterary traditions surrounding and shaping it Markers of Allusion in Archaic Greek Poetry Thomas J. Nelson,2023-05-25 Presents a new view of literary history by demonstrating how the earliest known Greek poets signposted their allusions to tradition

A new companion to the Romance languages Martin Glessgen,2024-09-03 The Romance languages offer unique potential for empirical analysis and methodological innovation within the vast field of linguistics due to the survival of a large body of historical documentation the rich diversity of dialects and languages and the exceptional quality of the research undertaken to date However these same factors have led to an ever increasing volume of material available for study requiring the establishment of a shared canonical knowledge base This companion offers a balanced overview of the core subjects and the methodology which make up the field of Romance linguistics It provides a solid foundation in the discipline as well as easy and convenient access to highly specialised areas of research by means of systematic references to the latest handbooks and encyclopedias The companion is designed to be read from cover to cover or to be consulted for information on specific topics Advanced students early career researchers lecturers specialists of other languages philologists and historians alike will all benefit from this accessible and up to date reference work as it enables readers to contextualise any knowledge of the discipline they may already possess Some Recently Found Greek Poems J.M. Bremer,A. Maria van Erp Taalman Kip,S.R. Slings,2018-07-17 This book deals with some fragmentary poems of Alcaeus Archilochus Hipponax and Stesichorus The choice of the poems was determined by external factors all of them are written on papyrus and were first published during the last few decades After the first edition the fragments were discussed by many scholars mainly in periodicals The authors of this volume have assembled the results of this scholarly work and used it as a foundation for a carefully constituted text and an extensive overall commentary In this way the poems will be more easily accessible than they were hitherto **La**

Filologia greca e latina nel secolo XX: without special title ,1989 **Scripta minora selecta** Victor Victor Steffen,1973 *Metamorphosis of Language in Apuleius* Ellen D. Finkelpearl,1998 This book differs from previous studies in its scope its insistence on a variety of approaches its emphasis on the importance of genre and its argument that the place of the literary tradition progresses through the book This is the first attempt to link Apuleius allusive practices with a consideration of the emergence of the novel and the consequent tensions in generic form The chapters on Charite the Phaedraesque stepmother and Isis represent experimental new directions for the interpretation of Apuleius and literary influence *Augustus* Jonathan Edmondson,2014-03-24 This book presents a selection of the most important scholarship on Augustus and the contribution he made to the development of the Roman state in the early imperial period The Greeks and Their Past Jonas Grethlein,2010-02-04 Investigates literary memory in the fifth century BCE covering poetry and oratory as well as the first Greek historians **Ainoi, Logoi, Mythoi** G. J. Van Dijk,1997 The first intertextual study of all allusions

to fables occurring in Archaic Classical and Hellenistic Greek literature examining both modern and ancient fable theory as well as Greco Roman terminology of the genre *Poetry and Politics in the Age of Augustus* Anthony John Woodman, Tony J. Woodman, David West, 1984-04-26 **Eranos** ,1982
