Third Series](#) Library of Congress. Copyright Office, 1978 [Give a Boy a Gun](#) Jack Olsen, The war between society and the antisocial personality has long been a subject of fascination and few have explored it as thoroughly as award winning author Jack Olsen In his national best seller *Son A Psychopath and His Victims* Olsen studied a psychopathic rapist who found the perfect protective coloration in jogging shoes and sweats In this book the story of Claude Lafayette Dallas Jr Olsen takes on perhaps his most challenging assignment explicating the curious relationship between a homicidal young mountain man and those who saw in his colorful ways the embodiment of the cowboy mystique of the West On a snow blown day Dallas killed two game wardens who entered his trapping and poaching camp in Idaho s Owyhee Desert The cold bloodedness of Dallas s crime shocked the West Stained with his victim s blood he confessed to a companion This is Murder One for me Then Claude Dallas vanished into the wild and rugged mountains that had sheltered him for so long For fifteen long months he was the subject of an international manhunt until the FBI and a drawling country sheriff joined forces to run him to earth in a rain of bullets Only then did lawmen learn about the network of friends who had helped him elude capture To some of Dallas s rustic neighbors the deadly progression from cowboy to poacher to killer seemed justifiable even admirable Clanking around the bars and barrancas of the high desert country in his hand filed spurs and well oiled guns Claude Dallas had brought a strange new madness to the mythology of the West a madness that even a jury of his peers found nostalgically seductive in a sensational trial Claude Dallas came within a whisker of going free Only Jack Olsen through painstaking research into Dallas s background and exhaustive on the scene interviewing could unravel such a rat s nest of contradictions and confusions and create so compelling a portrait of the killer whose bloody deeds might have been foreordained from childhood From Publishers Weekly Claude Dallas Jr was raised in Upper Michigan and Ohio by a father whose philosophy was give a boy a gun and you re makin a man After high school the young man went to the rugged border area of Idaho Oregon and Nevada and worked as a cow puncher and handyman on several ranches But his dream was evidently to become a 19th century style mountain man and so he turned to poaching often killing animals even though he had no need for the meat In 1981 he killed two game wardens in front of a witness On the run for 15 months he was eventually captured in a shootout and found guilty of manslaughter in a singularly bizarre trial From Library Journal Give a boy a gun and you re makin a man Claude Dallas Sr is quoted as saying in this book about his son Claude Jr a self made cowboy trapper and mountain man who was convicted of

manslaughter in the shooting deaths of two Idaho game wardens Claude Jr was well liked by many including a sympathetic jury which rejected possible first or second degree murder verdicts Was it a case of self defense or outright murder Olsen who last wrote the popular Son a psychopath and his victims LJ 11 15 83 skillfully presents his viewpoint in a readable tale more reminiscent of Old West traditions than of the 1980s Recommended **Hunter-trader-trapper** ,1914 **North Atlantic Maritime Cultures** Raoul Andersen,2011-06-15 No detailed description available for North Atlantic Maritime Cultures Albatrosses, Petrels and Shearwaters of the World Derek Onley,Paul Scofield,2019-11-14 Famous for their size and elegance in flight albatrosses are familiar to anyone who has travelled through the southern oceans and are a flagship family of conservation concern However albatrosses are just one of several groups of pelagic birds those that visit land only to breed and spend the rest of their lives far from the coast soaring from ocean to ocean in a never ending search for food Mysterious and graceful these birds can present a formidable identification challenge to even the most experienced birder This book provides the answer the first comprehensive guide to pelagic birds the albatrosses petrels shearwaters storm petrels and diving petrels A total of 46 spectacular colour plates highlight key ID criteria of the birds in flight with close ups of diagnostic regions of the plumage The plates are accompanied by accurate distribution maps while the sparkling text brings the world of these amazing birds to life Several extremely rare species such as Beck s Petrel are illustrated for the first time while the New Zealand Storm petrel rediscovered as recently as 2004 is also included Sea watchers all around the world will find this superb field guide indispensable **Albatrosses, Petrels and Shearwaters of the World** Derek J. Kirwin,G. M. Story,J.D.A. Widdowson,1990-11-01 The Dictionary of Newfoundland English first published in 1982 to regional national and international acclaim is a historical dictionary that gives the pronunciations and definitions for words that the

editors have called Newfoundland English The varieties of English spoken in Newfoundland date back four centuries mainly to the early seventeenth century migratory English fishermen of Cornwall Devon Dorset and Somerset and to the seventeenth to the nineteenth century immigrants chiefly from southeastern Ireland Culled from a vast reading of books newspapers and magazines this book is the most sustained reading ever undertaken of the written words of this province The dictionary gives not only the meaning of words but also presents each word with its variant spellings Moreover each definition is succeeded by an all important quotation of usage which illustrates the typical context in which word is used This well researched impressive work of scholarship illustrates how words and phrases have evolved and are used in everyday speech and writing in a specific geographical area The Dictionary of Newfoundland English is one of the most important comprehensive and thorough works dealing with Newfoundland Its publication a great addition to Newfoundlandia Canadiana and lexicography provides more than a regional lexicon In fact this entertaining and delightful book presents a panoramic view of the social cultural and natural history as well as the geography and economics of the quintessential lifestyle of one of Canada s oldest European settled areas This second edition contains a supplement offering approximately 1500 new or expanded entries an increase of more than 30 per cent over the first edition Besides new words the supplement includes modified and additional senses of old words and fresh derivations and usages

Raymon,L. Y. Sadler,1976 Regulation and Compliance in the Atlantic Fisheries

Stig S. Gezelius,2012-12-06 This is a book about fishermen s reasons for obeying fisheries law The fish harvesting industry has become subject to state interference to an increasing extent over the past twenty years As natural resources become scarce and subsequent fisheries regulations abound the question of law abidingness is brought to the public agenda However there is still little empirical data as regards the dynamics of compliance in this field and this book aims to meet a demand for in depth knowledge The cases studied can be regarded as instances of economies dependent on the harvesting of natural resources for both household and the market and the study aims to contribute to the building of more adequate theory on the dynamics of compliance in such economies However focusing on a specific type of setting seldom constitutes a safe escape route for getting away from more pervasive sociological questions and it certainly does not in this case As any attempt to explain social phenomena this study is faced with the fundamental sociological question of how the acts of individuals can best be understood The question concerns the interface between the individual and the collectivity between collective morality and self interest It thus deals with classical sociological issues such as the nature and regulatory capacity of group norms and sanctions and the forms and roles of rationality and strategic action
