Race riots are the most glaring and contemporary displays of the racial strife running through America's history. Mostly urban, mostly outside the South and mostly white instigated, the number and violence of race riots increased as blacks migrated out of the rural South and into the North and West's industrialized cities during the early part of the twentieth century. While most riots have occurred within the past century, the encyclopedia reaches back to colonial history, giving the encyclopedia an unprecedented historical depth. Though white-on-black violence has been the most common form of racial violence, riots involving other racial and ethnic groups such as Asians and Hispanics are also included and examined. Organized A-Z topics include notorious riots like the Tulsa Riots of 1921, the Los Angeles Riots of 1965 and 1992, the African American community's preparedness and responses to this odious form of mass violence, federal responses to rioting, an examination of the underlying causes of rioting, the reactions of prominent figures such as Huey P. Brown and Martin Luther King Jr. to rioting, and much more. Many of the entries describe and analyze particular riots and violent racial incidents, including the following: Belleville, Illinois Riot of 1903; Harlem New York Riot of 1943; Howard Beach Incident 1986; Jackson State University Incident 1970; Los Angeles, California Riot of 1992; Memphis, Tennessee Riot of 1866; Red Summer Race Riots of 1919; Southwest Missouri Riots 1894, 1906; Texas Southern University Riot of 1967. Entries covering the victims and opponents of race violence include the following: Black Soldiers; Lynching of Black Women; Lynching of Diallo Amadou Hawkins; Yusef King; Rodney Randolph; A. Philip Roosevelt; Eleanor Till; Emmett; Lynching of Turner Mary; Lynching of Wells Barnett; Ida B. Many entries also cover legislation that has addressed racial violence and inequality, as well as groups and organizations that have either fought or promoted racial violence, including the following: Anti-Lynching League; Civil Rights Act of 1957; Economic Opportunity Act of 1964; Ku Klux Klan; National Association for the Advancement of Colored People; NAACP; Nation of Islam; Vigilante Organizations; White League. Other entries focus on relevant concepts, trends, themes, and publications. Besides almost 300 cross-referenced entries, most of which conclude with lists of additional readings, the encyclopedia also offers a timeline of racial violence in the United States, an extensive bibliography of print and electronic resources, a selection of important primary documents, numerous illustrations, and a detailed subject index.

African Americans in the U.S. Economy Cecilia Conrad, 2005. Over the last several decades, academic discourse on racial inequality has focused primarily on political and social issues, with significantly less attention on the complex interplay between race and economics. *African Americans in the U.S. Economy* represents a contribution to recent scholarship that seeks to lessen this imbalance. This book builds upon and significantly extends the principles, terminology, and methods of standard economics and black political economy. Influenced by path

breaking studies presented in several scholarly economic journals this volume is designed to provide a political economic analysis of the past and present economic status of African Americans The chapters in this volume represent the work of some of the nation s most distinguished scholars on the various topics presented The individual chapters cover several well defined areas including black employment and unemployment labor market discrimination black entrepreneurship racial economic inequality urban revitalization and black economic development The book is written in a style free of the technical jargon that characterizes most economics textbooks While the book is methodologically sophisticated it is accessible to a wide range of students and the general public and will appeal to academicians and practitioners alike
