Cutrer, T. Michael Parrish, 2018-03-05 On the morning of December 7 1941 after serving breakfast and turning his attention to laundry services aboard the USS West Virginia Ship's Cook Third Class Doris Dorie Miller heard the alarm calling sailors to battle stations The first of several torpedoes dropped from Japanese aircraft had struck the American battleship Miller hastily made his way to a central point and was soon called to the bridge by Lt Com Doir C Johnson to assist the mortally wounded ship's captain Mervyn Bennion Miller then joined two others in loading and firing an unmanned anti aircraft machine gun a weapon that as an African American in a segregated military Miller had not been trained to operate But he did firing the weapon on attacking Japanese aircraft until the 50 caliber gun ran out of ammunition For these actions Miller was later awarded the Navy Cross the third highest naval award for combat gallantry Historians Thomas W Cutrer and T Michael Parrish have not only painstakingly reconstructed Miller's inspiring actions on December 7 They also offer for the first time a full biography of Miller placed in the larger context of African American

service in the United States military and the beginnings of the civil rights movement Like so many sailors and soldiers in World War II Doris Miller s life was cut short Just two years after the attack on Pearl Harbor Miller was aboard the USS Liscome Bay when it was sunk by a Japanese submarine But the name and symbolic image of Dorie Miller lived on As Cutrer and Parrish conclude Dorie Miller s actions at Pearl Harbor and the legend that they engendered were directly responsible for helping to roll back the navy s then to fore unrelenting policy of racial segregation and prejudice and in the chain of events helped to launch the civil rights movement of the 1960s that brought an end to the worst of America s racial intolerance

Bielakowski, 2021-11-15 During World War II tens of thousands of African Americans served in segregated combat units in U S armed forces The majority of these units were found in the U S Army and African Americans served in every one of the combat arms They found opportunities for leadership unparalleled in the rest of American society at the time Several reached the field grade officer ranks and one officer reached the rank of brigadier general Beyond the Army the Marine Corps refused to enlist African Americans until ordered to do so by the president in June 1942 and two African American combat units were formed and did see service during the war While the U S Navy initially resisted extending the role of African American sailors beyond kitchens eventually the crew of two ships was composed exclusively of African Americans The Coast Guard became the first service to integrate initially with two shipboard experiments and then with the integration of most of their fleet Finally the famous Tuskegee airmen are covered in the chapter on air warfare Proud Warriors makes the case that the wartime experiences of combat units such as the Tank Battalions and the Tuskegee Airmen ultimately convinced President Truman to desegregate the military without which the progress of the Civil Rights Movement might also have been delayed **Power at Sea** Lisle A. whole this book documents how the Navy's domination of the seas around Korea enabled Allied forces to project combat power ashore the length and breadth of the Korean peninsula. It also shows how the powerful presence of U.S. and Allied naval forces discouraged China and the Soviet Union from launching other military adventures in the Far East, thus keeping the first limited war of the Cold War era confined to Korea. But far from being an aberration unlikely to be replicated, the Korean War proved to be only the first in a long line of twentieth century and early twenty first century conflicts involving U.S. naval forces confronting Communist and nontraditional adversaries and a full understanding of the Korean War experience as provided in this book helps define the role of sea power in today's world. In July 1947, not even three months after Jackie Robinson debuted on the Brooklyn Dodgers snapping the color line that had segregated Major League Baseball, Larry Doby would follow in his footsteps on the Cleveland Indians. Though Doby as the second Black player in the majors would struggle during his first summer in Cleveland, his subsequent turnaround in 1948 from benchwarmer to superstar sparked one of the wildest and most meaningful seasons in baseball history. In intimate absorbing detail Luke Epplin's *Our Team* traces the story of the integration of the Cleveland Indians and their quest for a World Series title through four key participants: Bill Veeck, an eccentric and visionary owner adept at exploding fireworks on and off the field; Larry Doby, a soft spoken hard hitting pioneer whose major league breakthrough shattered stereotypes that so much of white America held about Black ballplayers; Bob Feller, a pitching prodigy from the Iowa cornfields who set the template for the athlete as businessman; and Satchel Paige, a legendary pitcher from the Negro Leagues whose belated entry into the majors whipped baseball fans across the country into a frenzy. Together as the backbone of a team that epitomized the postwar American spirit in all its hopes and contradictions, these four men would captivate the nation by storming to the World Series all the while rewriting the rules of what was possible in sports.
