The Roots of Bioethics Daniel Callahan, 2012-10-03 Daniel Callahan whose cofounding of The Hastings Center in 1969 was one of the most important milestones in the history of

bioethics has written on an uncommonly wide range of issues over a long career They have moved back and forth between clinical care of individual patients and the ethical problems of health care research and delivery Through his many writings four core problems have recurred in all of his work and influence each of the others What is health and how has its understanding been shaped by medical progress and the culture of medicine and society What is progress a deep value in modern health care and how should we judge it What kinds of technological innovations that come out of the drive for progress are really good for us and what do we do when there is a clash between individual good and social good in the use of expensive technologies a problem now evident in the unsustainable high costs of health care How should our understanding of the place of an inevitable death in all our lives and its place in medicine help us to better think of the goals of medicine and the goals of our life in seeking a good death Those four questions have been with bioethics from its beginning and will remain with it for the indefinite future They are the roots of bioethics

Journey to a Healthier You Carol Angle, 2003 Journey to a Healthier You clarifies the diet and nutrition jargon that can be an obstacle to achieving a healthy lifestyle In an easy to read format this book overcomes the confusion and contains twelve simple steps to make your lifestyle healthier Each Chapter focuses on a different step uses uncomplicated language to explain why it is necessary to take that step and contains a lot of simple ideas to help accomplish your goal This book is the result of the author's personal triumph over her son's failing health Carol Angle's oldest son was diagnosed with a severe heart condition at six months old and was sent home from the hospital with strict instructions not to let him catch a cold In a seemingly impossible task to keep her son alive and healthy Carol started her family on the road to a healthier lifestyle The results of her quest have been consolidated into this book in an attempt to inspire others who also want to improve their health The purpose of this book is to provide every reader with the tools they need to successfully tailor their own lifestyle to be as healthy as they desire The author recognizes that every individual is unique things that work for one person will not work for everyone The book lets you choose which ideas work best for you at this moment in your life because everyone is different and everyone is at a distinct point in their journey towards good health Your choices will lead you at your own speed at your own comfort level down your own path for a lifetime of improved health In today's fast paced environment it is hard to find the time to eat properly and make healthy choices But everyone has the capacity to achieve a healthy lifestyle This book simplifies the process by giving you uncomplicated choices and quick tips for creating healthy habits for life Even in today's busy lifestyle Good health to you
