British Literature is the most comprehensive and thoughtfully arranged text in the field offering a rich selection of compelling British authors through the ages With its first edition The Longman Anthology of British Literature created a new paradigm for anthologies Responding to major shifts in literary studies over the past thirty years it was the first collection to pay sustained attention to the contexts within which literature is produced even as it broadened the scope of that literature to embrace the full cultural diversity of the British Isles Within its pages canonical authors mingle with newly visible writers English accents are heard next to Anglo Norman Welsh Gaelic and Scottish ones female and male voices are set in dialogue literature from the British Isles is integrated with post colonial writing and major works are illumined by clusters of shorter texts that bring literary social and historical issues vividly to life The Fifth Edition builds on the pioneering features of the previous four editions expanding the strong core of frequently taught works while continuing to lead the way in responding to the shifting interests of the discipline *The Longman Anthology of British Literature* ,1999 [The Longman Anthology of British Literature](#) ,2010 **The Broadview Anthology of Literature of the Revolutionary Period 1770-1832** ,2010

Wolfson, 2003 **Selected Poems** Byron, 2005-11-24 Described as Mad bad and dangerous to know by one of his lovers Lady Caroline Lamb Lord Byron was the quintessential Romantic Flamboyant charismatic and brilliant he remains almost as notorious for his life as a political revolutionary sexual adventurer and traveller as he does for his literary work Yet he produced some of the most daring and exuberant poetry of the Romantic age from *To Caroline* and *To Woman* to the satirical *English Bards and Scotch Reviewers* his exotic Eastern tales and the colourful narrative of *Childe Harold's Pilgrimage* the work that made him famous overnight and gave birth to the idea of the brooding Byronic hero Romantic Futures Evy Varsamopoulou, 2023-12-15 *Romantic Futures* is a collection which explores the significance of futurity in British Romanticism from a comparative perspective in three defining manifestations the future as conscious legacy by which is meant both influences or continuities and the anticipations of

impact on the future the future as revealed by prophecy whether via religious figures or superstitions and a meditation on the temporality of the future or the future as a concept The book brings together a wide range of theoretical and disciplinary perspectives from utopian studies history religion and cultural theory to future studies neuroscience video games and art history Aiming to increase and diversify current critical engagement and highlight the contemporary relevance of the Romantics multivalent preoccupation with the future this collection renews the dialogue between Romanticism and our critical relation to its contemporaneity especially as it speaks to current understandings of the future in the sciences arts and humanities      **Active Romanticism** Julie Carr, Jeffrey C.
