

The book cover features an abstract painting with a grid-like structure. The top section is divided into three horizontal bands: a light blue band at the top, a green band in the middle, and a white band at the bottom. The bottom band contains the title and authors. The main body of the cover is a large abstract painting with a grid of four quadrants. The top-left quadrant is green, the top-right is red, the bottom-left is white, and the bottom-right is a mix of green and white. The painting has a textured, painterly quality.

Upsetting Composition Commonplaces Ian Barnard, 2014-10-15 In Upsetting Composition Commonplaces Ian Barnard argues that composition still retains the bulk of instructional practices that were used in the decades before poststructuralist theory discredited them While acknowledging that some of the foundational insights of poststructuralist theory can be difficult to translate to the classroom Barnard upends several especially intransigent tenets that continue to influence the teaching of writing and how students are encouraged to understand writing Using six major principles of writing classrooms and textbooks clarity intent voice ethnography audience and objectivity Barnard looks at the implications of poststructuralist theory for pedagogy While suggesting some evocative poststructuralist pedagogical practices the author focuses on diagnosing the fault lines of composition's refusal of poststructuralism rather than on providing solutions in the form of teaching templates Upsetting Composition Commonplaces addresses the need to more effectively engage in poststructuralist concepts in composition in an accessible and engaging voice that will advance the conversation about relations between the theory and teaching of writing
