Styling Your Writing Jen McConnel,2022-05-11 This text helps developing writers in the academy and beyond think through their writing process and develop strategies for styling their writing to meet the demands of a wide range of goals The book imagines writing as an assortment of outfits bundles of styles and strategies through which one approaches a writing purpose such as writing focused on experimentation and growth or writing focused on a professional task By assessing the outfits writers feel most and least confident in and examining how to be more at home in the outfits that matter to them this book helps students develop both specific skills and their overall identity as writers Readers are guided through before during and after writing strategies and techniques including freewriting outlining visual planning and composing in multimodal forms Readers are also introduced to the importance of setting clear writing goals and sharing their work in a variety of ways both in preparation for classroom success through peer review and writing center visits and beyond the classroom in virtual and in person spaces This book serves as a core or supplemental text for writing courses at the undergraduate graduate or high school level or as a writing guide for individual readers CounterStories from the Writing Center Frankie Condon,Wonderful Faison,2022-04-15 CounterStories from the Writing Center gathers emerging scholars of colour and their white accomplices to challenge some of the most cherished lore about the work of writing centres Writing within an intersectional feminist frame this volume s contributors name and critique the dominant role that white straight cis gendered women have played in writing centre administration as well as in the field of writing centre studies This work will shake the field s core assumptions about itself Practicing what Derrick Bell has termed creative truth telling these writers

are not concerned with individual white women in writing centres but with the social political and cultural capital that is the historical birthright of white straight cis gendered women particularly in writing centre studies The essays collected in this volume test defy and overflow the bounds of traditional academic discourse in the service of powerful testimony witness and counterstory CounterStories from the Writing Center is a must read for writing centre directors scholars and tutors who are committed to antiracist pedagogy and offers a robust intersectional analysis to those who seek to understand the relationship between the work of writing centres and the problem of racism Accessible and usable for both graduate and undergraduate students of writing centre theory and practice this work troubles the field s commonplaces and offers a rich envisioning of what writing centres materially committed to inclusion and equity might be and do Contributors Dianna Baldwin Nicole Caswell Mitzi Ceballos Romeo Garcia Neisha Anne Green Doug Kern T Haltiwanger Morrison Bernice Olivas Moira Ozias Trixie Smith Willow Trevino
