Looking Back At Leisure:

Childhoods & Leisure Utsa Mukherjee, 2023-09-12 This edited volume brings together interdisciplinary scholarship on children's everyday leisure from across the globe addressing key questions around children's agency rights child adult relations and social change It is positioned to inaugurate a new frontier of research within leisure studies Leisure theory has historically been adult centric and based in the global north and consequently children's lived experiences of leisure have remained marginal to theory building exercises within leisure studies since its inception As the call for decolonizing leisure studies grows this book champions a cross cultural and social justice agenda that does not privilege global north childhoods but acknowledges the multiplicity of lived childhoods across the globe and their inter connections By drawing attention to children's leisure across multiple genres such as organized leisure sports play and digital leisure among others this edited volume drives a new wave of research that speaks simultaneously to leisure studies and childhood studies and thereby advances the intellectual remit of global leisure studies

Time, work and leisure Hugh Cunningham, 2016-05-16 This book traces the history of the relationship between work and leisure from the leisure preference of male workers in the eighteenth century through the increase in working hours in the later eighteenth and early nineteenth centuries to their progressive decline from 1830 to 1970 It examines how trade union action was critical in achieving the decline how class structured the experience of leisure how male identity was shaped by both work and leisure how in a society that placed high value on work a leisured class was nevertheless at the apex of political and social power until it became thought of as the idle rich Coinciding with the decline in working hours two further tranches of time were marked out as properly without work childhood and retirement Accessible wide ranging and occasionally polemical this book provides the first history of how we have imagined and used time

Looking Back at Leisure, 1988 Surveys various methods of leisure and recreation through the ages in such categories as sports circuses painting crafts travel and toys

Australian Leisure A J Veal, Simon Darcy, Rob Lynch, 2015-05-20 For first year students in tertiary leisure studies programs both Leisure Studies and Social Science Australian Leisure 4e provides an introduction to and analysis of a broadly defined concept of leisure It integrates Australian and international knowledge so that the book is an Australian interpretation based largely on local sources but which engages with relevant international research and theory This edition has been extensively reviewed and updated and includes new chapters on social networks global cultures and events Leisure is not just sport or the arts or outdoor recreation it is all these things and more including tourism gambling hobbies television watching entertainment play and doing nothing in particular The purpose of the text is to illuminate leisure and its place in past present and future Australian society The text is designed to lead students into the subject and provide pointers to more detailed study through discussion questions and guides to further reading

Leisure's Edge David Popescu, 2024-10-08 It's weird It's dark and it's weird The world is under a microscope in Leisure's Edge a collection of surrealist short stories that interweave elements of parable

modern koan cyclical nightmare social critique and Vanaprastha Exploring themes of self importance statistical probability agoraphobia legacy cannibalism infinity mathematics and the hypnotic lure of the permanence of art the collection employs humour not as a mere device but as a weapon against itself Leisure's Edge holds up a mirror to society so that it may stare back and splash cold water in its own face The stories have complexity and depth they are thought provoking with innovative literary structures yet wholly readable This work will resonate with admirers of Jos Saramago Donald Barthelme Jorge Luis Borges and Dostoyevsky's The Crocodile

The Labour of Leisure Chris Rojek, 2010 Leisure has always been associated with freedom choice and flexibility The week end and vacations were celebrated as time off In his compelling new book Chris Rojek turns this shibboleth on its head to demonstrate how leisure has become a form of labour Modern men and women are required to be competent relevant and credible not only in the work place but with their mates children parents and communities The requisite empathy for others socially acceptable values and correct forms of self presentation demand work Much of this work is concentrated in non work activity compromising traditional connections between leisure and freedom Ranging widely from an analysis of the inflated aspirations of the leisure society thesis to the culture of deception that permeates leisure choice Rojek shows how leisure is inextricably linked to emotional labour and intelligence It is now a school for life In challenging the orthodox understandings of freedom and free time The Labour of Leisure sets out an indispensable new approach to the meaning of leisure Chris Rojek is Professor of Sociology and Culture at Brunel University In 2003 he was awarded the Allen V Spona Award for outstanding achievement in the field of leisure studies

Looking back Mary Elizabeth Shipley, 1879

Free Time Graham Neville, 2004-05-27 For centuries Christian teachers saw leisure only as a necessary accompaniment of work a time for the recovery of strength so that work could be resumed But now the expansion of leisure requires a theological reassessment These essays are offered as a contribution to that process In this book hints are taken from a wide variety of theologians from Augustine and Thomas Aquinas to Pascal Kierkegaard Berdyaev Barth and Moltmann as well as from sociological writers such as Thorstein Veblen and Josef Pieper There are also thematic discussions of fantasy and imagination of freedom and boredom and of play games and laughter The intention is to stimulate discussion not to make definitive statements

Mapping Leisure Ishwar Modi, Teus J. Kamphorst, 2018-02-06 This volume addresses the rich and varied thoughts concepts approaches and leisure practices in sixteen countries of three continents Australia Asia and Africa The chapters showcase the diversity in the forms and ways in which the idea and practice of leisure have developed across space and time However the common thread through the chapters is that concepts and practices of leisure are found all over the world from pre historic settlements to the present day consumer societies Seemingly being at leisure is a capacity of the human species present at birth and which develops in a variety of individual and societal contexts Even in situations where leisure gets little official recognition as being an aspect of life such as under colonial rule or in extremely work centric societies it needs to be contextually understood This is a welcome addition to the literature on leisure
