Looking Out From Death From The Cultural Revolution To Tiananmen Square:

Looking Out from Death Duoduo, Gregory Lee, John Cayley, 1989 *Out of the Howling Storm* Beidao, 1993 Jervey Tervalon's novel about young people in South Central Los Angeles grows out of his experience teaching in a high school there and his pain at the death of one of his favorite students *Troubadours, Trumpeters, Troubled Makers* Gregory B. Lee, 1996 Whether examining the globalized consumption of satellite broadcast pop music or the heroic efforts of little known poets on the margins of the Chinese diaspora he finds a questioning and contesting of both the Orientalist construction of a mythic monolithic China invented by the West and the Chinese obsession with ideas of authenticity and purity of nationhood

use *Constructing a System of Irregularities* Chee Lay Tan, 2015-11-25 This book investigates the poetics of three of the most internationally renowned contemporary Chinese poets Bei Dao Yang Lian and Duoduo who were all exiled from China after the 1989 Tiananmen student movement Their poetry was later to be labelled Misty poetry Menglongshi Emphasising polyvalent imagery and irregular syntax Misty poetry engenders a multiplicity of meanings often leading to interpretational indeterminacy This book examines three aspects of the Mistiness of the poets oeuvre the socio historic background where Misty poets live and write imagery and linguistic elements After first identifying the roots of Mistiness this book identifies imagistic and linguistic clues in order to construct a hermeneutical system that examines the irregularities of the Misty poetics and appreciates the polysemy of the poets works Stylometry is used to analyse image frequency and its significance in a stylistic manner and a semiotic approach is then systematically applied to analyse the poets highly irregular images syntax and the different effects of their poems obscurity Through these approaches that unveil the poems evocativeness the irregularity of the poetry s Mistiness is established as its most powerful linguistic and imagistic aspect The book then places the three poets different misty characteristics into contrast Bei Dao s twisted imagery and elliptical syntax Yang s imagery in a classically inspired syntax and Duoduo s integration of images into a rhythmic syntax While the poets progressions from pre to post exile poetics suggest the potential of a non nationally specific or borderless poetics their seemingly irregular poetic Mistiness is the most powerful trait of Misty poetry for evoking its system of multifaceted significations and alternative aesthetics

Transpacific Displacement Yunte Huang, 2002-02-06 Yunte Huang has produced a fascinating study of what he calls textual travelling which is to say the transformation of poetic texts in this case Chinese ones at the hands of American scholars editors translators and especially poets This brave and highly original study is sure to raise controversy Marjorie Perloff author of Wittgenstein s Ladder *Baudelaire in China* Gloria Bien, 2012-12-14 Baudelaire s work entered China in the twentieth century amidst political and social upheavals accompanied by a literary revolution that called for classical models and modes of expression to be replaced by vernacular language and contemporary content Chinese writers welcomed their meeting with the West and openly embraced Western literature as providing models in developing their new literature

Baudelaire's reception in China provides a representative study of this meeting of East and West. His work, which has been declared to stand between tradition and modernity, also lies at the intersection between classical and modern literature in China. Many of the best known and most highly regarded writers in twentieth-century China were drawn to Baudelaire's work and some addressed it directly in their own writings. Bien draws upon H. R. Jauss's theory of the shifting and expanding horizons of expectation in the reading and interpretation of a literary work and upon James J. Y. Lin's notion of worlds received and created by both author and reader to show how poetic lines, images, and ideas, as well as Chinese critics' comments, eventually weave into a rich picture of Baudelaire's reception in China. *The Literature of China in the Twentieth Century* Bonnie S. McDougall, Kam Louie, 1997. The written culture of 20th-century China has only recently begun to receive sustained attention from Western readers and critics. This book presents illuminating information on writers, audiences, and the impact of various literary works on politics and culture and provides a unique window on Chinese society.

Words as Grain Duo Duo, Duoduo, 2021-01-01. Longlisted for the 2022 PEN Award for Poetry in Translation, this authoritative new collection by one of China's most lauded poets is a thrill to read. Drew Calvert Asymptote. *Words as Grain* offers Zen koan-like poems that call for rereading and contemplation. As the poet himself says in *Reading Great Poems*, let the dialogue between thought and silence continue. We are fortunate to be a party to this sustained and intense dialogue. John Bradley Rain Taxi. While keeping a cautious distance from literary trends and labeling Duo Duo has emerged as one of the world's preeminent poets. His poems respond to the Chinese political landscape from the Cultural Revolution to the Tiananmen Square tragedy and beyond. Some are written from the vantage point of exile abroad; others in his homeland, but all inscribe an ache for original expression, a sense of place, and the essence of language. In exacting renderings by award-winning translator Lucas Klein, this career-spanning anthology features Duo Duo's entire oeuvre since his return to China in 2004, as well as a representative selection of his earlier poems presenting nearly five decades of work. This collection traces the evolution in a particular historical context and cultural tradition of one of the most vibrant poets at work in the world today.
