Embracing Life Again After the Death of a Spouse Dr Anniekie Ravhudzulo,2011-01-12 When someone we love dies our whole world is knocked off balance One of the most common and yet difficult feelings you experience is isolation It seems no one understands what you are going through And many of us are so busy you don't take the time to fully grieve and therefore heal from your losses It is very true that people who are grieving often feel extremely tired because the process of grieving usually requires physical and emotional energy The grief you are feeling is not just for the person who died but also for the unfulfilled wishes and plans for the relationship with the person Death often reminds most of the people of past losses or separations Remember there are a number of conditions that can make it harder for you as a person to successfully make it through the grief process For example sudden losses are harder to deal with than ones that have been anticipated With anticipated losses the knowledge that a loss will occur allows people to prepare both by feeling grief before the fact of the loss and also by planning ways to minimize the negative impact of the loss when it does occur The loss of a spouse lover child parent or best friend is usually more deeply felt than the loss of more distant relations and friends This is because such central relationships have long and deeply felt histories and an intensity of attachment that does not occur with more distant relationships Central relationships are more deeply and significantly knitted into the grieving person's sense of self and thus leave a bigger hole in the grieving person's sense of self when they are lost I discovered that when things are going badly whether in the family or work environment most of us strive mightily to improve our situations But what if the way to overcome a series of losses and failures is just to sink into them We all go through trials and tribulations Everyone has difficult situations in their life It is the way we look at them and the way we handle those situations I believe it is the struggle

we must endure to gain the strength needed to break through the barriers With every victory comes the strength we need to overcome the obstacles and move forward Most people today give up easily because of what you may call emotional downturn This book in your hand has been written and carefully thought out with you in mind It has been written to bring you out of your sociological pit and emotional defeat I therefore gladly recommend this book to your reading that you may be built in His grace I believe that God will never give you more than you can handle You often wonder how some people cope with their situations in life I often hear people saying I don't think I could deal with that but we don't know what strength lies within us until the time comes to face the challenge The harder the struggle the sweeter the victory No test no rewards

with peace the mountains and the hills shall break before him into singing and all the trees of the eld shall clap their hands
The Life of the Spirit attempts to deal only with inner religion In the Spirit we can all become one although on the surface we may not be able to agree at all The Kingdom of the Spirit is eternal and unchanging Theology and doctrine change from age to age but the inner Spiritual Reality is the same always **The Celebration of Life** Rev. Fr. Dr. Alphonsus E. Obi,2024-05-24 Why celebration of Life It is called celebration of life in recognition of a departed member of our community and all the children of God in this world who left this world to join the creator in Heaven Whether it is called wake or wake keeping all gears towards the provision of a service prior to burial in a social gathering Traditionally this is done at the home of the deceased with the body present Recently wakes are often performed at a funeral home or at a hall preferably chosen by the members of the deceased family It is often a social rite which highlights the fact that the loss affects the whole group The term wake originally referred to a late night prayer vigil which is mostly used for the social interaction While this modern usage of the verb wake means to stay alert A wake for the dead harks back to the vigil watch or guard of earlier times It is a misconception that people at wake are waiting in case the deceased should wake up The term wake originated from the Middle English waken *The Panorama of Life and Literature* ,1855
