Lords Of Holderness 1086 1260 A Study In Feudal Society:

The Lords of Holderness 1086-1260 Barbara English,1979 **The Lord of Holderness 1086-1260** Barbara English,1979 *The Haskins Society Journal 32: 2020. Studies in Medieval History* Laura L. Gathagan,Charles C. Rozier,William North,2021-12-17 Essays illuminate a wide range of topics from the Middle Ages from the seals of an empress to priests wives and the undead This volume of the Haskins Society Journal demonstrates the Society s continued engagement with historical and interdisciplinary research from the early to the central Middle Ages on a broad range of topics including militarism piety the miraculous and the monstrous Chapters explore material culture through a mythic eleventh century papal banner and the seals and coins of the Empress Matilda offer new insights into Carolingian hagiography and into the undead in the *Historia rerum Anglicarum* Further chapters feature new evidence on the role of priests wives the tensions of multiple lordships shifting identities in the Irish Sea world and the didactic use of royal anger A fresh examination of Aelred of Rievaulx s *Relatio de Standardo* and a re assessment of Flemish documentary practice continue the Haskins Society s commitment to primary source analysis Two essays on the thirteenth century including links between Crusade spirituality and lay penitential strategies and an investigation into the economic costs of waging war round out the volume Contributors DAN ARMSTRONG DAVID S BACHRACH DANIEL M BACHRACH JILLIAN M BJERKE HANNAH BOSTON MARIAH COOPER FIONA J GRIFFITHS JESSE M HARRINGTON JEAN FRAN OIS NIEUS ALICE RIO CHARITY URBANSKI PATRICK WADDEN MEGHAN WOOLLEY LU ZUO **Feudal Assessments and the Political Community under Henry II and His Sons** Thomas K. Keefe,2023-04-28 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1983 **The Northern Danelaw** D.M. Hadley,2001-01-01 Investigating the changing nature of lordship and peasant statuses the transformation of estate structures the emergence of villages and the development of the parish system D M Hadley also explains the peculiarities of the northern Danelaw and reassesses the impact of the Scandinavian settlements on its society and culture A detailed local study is combined with a consideration of wider issues concerning Anglo Saxon England and long and short term changes unrelated to successive conquests **Lordship and Locality in the Long Twelfth Century** Hannah Boston,2024 A new perspective on lordship in England between the Norman Conquest and Magna Carta Multiple lordship that is holding land or owing allegiance to more than one lord simultaneously was long regarded under the western European feudal model as a potentially dangerous aberration and a sign of decline in the structure of lordship Through an analysis of the minor lords of Leicestershire Derbyshire and Staffordshire during the long twelfth century this study demonstrates conversely that multiple lordship was at least as common as single lordship in this period and regarded as a normal practice and explores

how these minor lords used the flexibility of lordship structures to construct localised centres of authority in the landscape and become important actors in their own right Lordship was moreover only one of several forces which minor lords had to navigate Regional society in this period was profoundly shaped by overlapping ties of lordship kinship and locality each of which could have a fundamental impact on relationships and behaviour These issues are studied within and across lords honours around religious houses and urban areas and in a close case study of the abbey of Burton upon Trent This book thus contextualises lordship within a wider landscape of power and influence *Power and Border Lordship in Medieval France* Kathleen Thompson, 2002 The emergence of the northern French county of the Perche and the rise of the Rotrou family from obscure origins to princely power 11 13c **Politics and Society in Mid Thirteenth-Century England** Peter Coss, 2024-09-03 Despite the multidirectional nature of modern research the interpretation of the political history of thirteenth century England has remained locked into a traditional framework bequeathed by the mid twentieth century historian R F Treharne and embellished by the emphases and accentuations of his present day successors Characterised by its conception of community its constitutionalism its ready identification of a national enterprise and its predilection for idealism and progressive thinking this framework remains close to the Whig interpretation of English history It is reinforced by the continuation of reverence for the baronial leader Simon de Montfort In contrast Peter Coss offers here an alternative approach to the period which is anchored in social mores and cultural values More emphasis is placed upon the interests ambitions and needs of contemporaries upon social networks of various kinds and upon how interests both clashed and cohered as people strove to improve or preserve their situations This was a crisis born of political instability but in the context of institutional administrative and legal growth that is to say at a particular point in the evolution of the state Drawing on a wide range of sources the book reconsiders the generation of the crisis the factors which influenced its course and its partial resolution In short it explores the anatomy and physiology of a troubled realm *The Foundation of Nostell Priory, 1109-1153* Judith A. Frost, 2007 *The Great Famine* William Chester Jordan, 1997-12-15 The horrors of the Great Famine 1315 1322 one of the severest catastrophes ever to strike northern Europe lived on for centuries in the minds of Europeans who recalled tales of widespread hunger class warfare epidemic disease frighteningly high mortality and unspeakable crimes Until now no one has offered a perspective of what daily life was actually like throughout the entire region devastated by this crisis nor has anyone probed far into its causes Here the distinguished historian William Jordan provides the first comprehensive inquiry into the Famine from Ireland to western Poland from Scandinavia to central France and western Germany He produces a rich cultural history of medieval community life drawing his evidence from such sources as meteorological and agricultural records accounts kept by monasteries providing for the needy and documentation of military campaigns Whereas there has been a tendency to describe the food shortages as a result of simply bad weather or else poor economic planning Jordan sets the stage so that we see the complex interplay of social and environmental factors

that caused this particular disaster and allowed it to continue for so long Jordan begins with a description of medieval northern Europe at its demographic peak around 1300 by which time the region had achieved a sophisticated level of economic integration He then looks at problems that when combined with years of inundating rains and brutal winters gnawed away at economic stability From animal diseases and harvest failures to volatile prices class antagonism and distribution breakdowns brought on by constant war northern Europeans felt helplessly besieged by acts of an angry God although a cessation of war and a more equitable distribution of resources might have lessened the severity of the food shortages Throughout Jordan interweaves vivid historical detail with a sharp analysis of why certain responses to the famine failed He ultimately shows that while the northern European economy did recover quickly the Great Famine ushered in a period of social instability that had serious repercussions for generations to come

The Fourteenth-century Sheriff Richard Gorski,2003 A study of the careers of over 1200 sheriffs appointed in England during the fourteenth century

Flanders and the Anglo-Norman World, 1066-1216 Eljas Oksanen,2012-09-13 This book explores the relations and exchanges between Flanders and the Anglo Norman realm following the union of England and Normandy in 1066

COLONY & FRONTIER IN MEDIEVAL IRELAND T. B. Barry,Frame,Katharine Simms,1995-01-01 These essays explore aspects of the English colony in medieval Ireland and its relations with the Gaelic host society They deal both with the foundation and expansion of the English lordship in the twelfth and early thirteenth centuries and with the problems and adjustments that accompanied its contraction in the later middle ages Attention is paid both to the government and society of the colony itself and to the interactions between settler and native

[The New Cambridge Medieval History: Volume 4, C.1024-c.1198, Part 2](#) Rosamond McKitterick,David Abulafia,C. T. Allmand,1995 The fourth volume of The New Cambridge Medieval History covers the eleventh and twelfth centuries which comprised perhaps the most dynamic period in the European middle ages This is a history of Europe but the continent is interpreted widely to include the Near East and North Africa The volume is divided into two parts of which this the second deals with the course of events ecclesiastical and secular and major developments in an age marked by the transformation of the position of the papacy in a process fuelled by a radical reformation of the church the decline of the western and eastern empires the rise of western kingdoms and Italian elites and the development of governmental structures the beginnings of the recovery of Spain from the Moors and the establishment of western settlements in the eastern Mediterranean region in the wake of the crusades

Rulership and Rebellion in the Anglo-Norman World, c.1066-c.1216 Paul Dalton,David Luscombe,2016-03-09 The importance of the themes of rulership and rebellion in the history of the Anglo Norman world between 1066 and the early thirteenth century is incontrovertible The power government and influence of kings queens and other lords pervaded and dominated society and was frequently challenged and resisted But while biographies of rulers studies of the institutions and operation of central local and seigniorial government and works on particular political struggles abound many major aspects of rulership and

rebellion remain to be explored or further elucidated This volume written by leading scholars in the field and dedicated to the pioneering work of Professor Edmund King will make an original important and timely contribution to our knowledge and understanding of Anglo Norman history Historical Dictionary of the Crusades Corliss K. Slack,2013-05-09 The crusades were among the longest and most bitter wars in human history and consisted of no less than seven major expeditions from Western Europe from the late 11th to the early 14th centuries for the purpose of wresting Jerusalem and the Holy Land from the control of the Muslims In the end it was the Muslims who won and the Christians who suffered a major setback and the Middle East remained firmly in Muslim hands This was one of the worst clashes between different religions and civilizations and for long it was largely forgotten or brushed over That is no longer the case with many Muslims regarding Western interference in the region as a repeat of the crusades while launching their own jihads So while an old conflict it is still with us today Even at the time it was very hard to understand the causes and outcome of the crusades and that remains a problem today This Historical Dictionary of the Crusades cannot claim to have resolved it but it most definitely does make the situation easier to understand The introduction provides an overview tracing the crusades from one expedition to the next and assessing their impact The actual flow of events is far easier to follow thanks to the chronology And maps help to trace the events geographically The entries and there are more than 300 of them in this second edition look more closely at notable figures including Pope Gregory VII Richard the lionhearted and Saladin as well as important places Jerusalem Constantinople and others events battles and sieges as well as the use of weapons and armor The bibliography points to further reading

Lordship, Knighthood and Locality Peter R. Coss,1991-09-19 A study of the evolution of the knightly class in Coventry and Warwickshire **The Proceedings Against the Templars in the British Isles** ,2018-04-20 In October 1307 all the brothers of the military religious Order of the Temple in France were arrested on the instructions of King Philip IV and charged with heresy In November Pope Clement V instructed King Edward II of England to do likewise This volume provide the first full translation of the four surviving texts of the trial proceedings that followed in Britain and Ireland complementing the edition published in volume 1 The trial of the Templars was the first major heresy trial in the British Isles and the proceedings reveal the Episcopate s attempts to deal with this unprecedented situation the varying procedures followed in different countries and how testimonies were recorded and summarised for the Church Councils which eventually decided the fate of the Order of the Temple The testimonies given during the trial contain a wealth of information about religious beliefs among the lay population of the British Isles both the Templars and outsiders who gave evidence during the trial national and international mobility of lay religious the social function of the order of the Temple in the British Isles and its relations with society at large and the organisation and operations of the Order of the Temple at a local national and international level Detailed introductions to each volume describe the manuscripts and how the material was compiled and arranged and discuss the course of the proceedings and the value of the evidence they contain Appendices in this volume

also list the names of all the Templars mentioned during the proceedings Templar houses and the locations of the proceedings in London *The Place of War in English History, 1066-1214* J. O. Prestwich, 2004 A leading medievalist of his generation studies Anglo Norman practice in the raising and maintaining of armed forces and its effect on the government and economy **Women in Medieval History and Historiography** Susan Mosher Stuard, 2016-11-11 What was the status of women in the Middle Ages How have women fared in the hands of historians And what is the current state of research about women in the Middle Ages Susan Mosher Stuard addresses these questions in a collection of essays that delve in to the history and historiography of women in medieval England France Italy and Germany Contributors include Barbara Hanawalt Diane Owen Hughes Suzanne Wemple Denise Kaiser and Martha Howell One of the most interesting observations made in *Women in Medieval History and Historiography* is the way in which the history of women in each country has followed a distinct course that is in rhythm with other concerns of national historical writing *Women in Medieval History and Historiography* will interest historians scholars of women s studies and medievalists
