Lords Supper Believers Church Perspectives

Martha Moore-Keish, James Farwell

Lords Supper Believers Church Perspectives:

The Lord's Supper Dale R. Stoffer, 1997 Here is a rare opportunity to observe the special significance of the Lord's Supper in believers churches This work gives a stimulating overview of the history theology and practice of the Lord's Supper in denominations that share the common heritage of believers baptism The essays discuss the sharing of the bread and cup foot washing and the love feast **The Lord's Supper : believers church perspectives** Dale R. Stoffer (ed), 1997

The Lord's Supper Dale Stoffer, 2019-10-28 This work gives a stimulating overview of the history theology and practice of the Lord's Supper in denominations that share the common heritage of believers baptism The essays first developed for a major conference at Ashland Theological Seminary discuss sharing the bread and cup footwashing and the love feast Several scholars examine the witness of Scripture and of church history on communion Others describe the current practice and theology of the Lord's Supper in denominations as varied as Baptist and Quaker Seventh Day Adventist and African Methodist Church conferences beginning in 1967 and their related publications Here is a rare opportunity to observe the special significance of this sacred ceremony in believers church The Lord's Supper Thomas R. Schreiner, Matthew R Crawford, 2011-01-01 An exploration of the Baptist view of the Lord's Supper contrasting it with Roman Catholic Lutheran Calvinist and Zwinglian perspectives Who Can Take the Lord's Supper? Dallas W. Vandiver, 2021-09-10 Baptism and the Lord's Supper are likely more basic for the church than you think When Jesus inaugurated the new covenant by his death on the cross he established baptism as the new covenant sign of entry and the Lord's Supper as the new covenant sign of participation These signs identify believers with Christ and his people They are integral to the existence membership and discipline of the local church In answer to the question Who can take the Lord's Supper this book catalogues four major positions in the broad Baptist tradition While proponents of various views have appealed to the necessity of circumcision for participation in Passover as evidence for their position none have adequately worked out the covenantal relationships between circumcision and baptism or Passover and the Lord's Supper By contrast to Reformed paedobaptist covenantal theology and in distinction from Baptist covenantal theology and dispensational theologies this book develops the relation of these covenantal signs from a progressive covenantal perspective It presents an unprecedented comparison of the continuities and discontinuities between the covenant signs across the storyline of Scripture to demonstrate a biblical theological principle that the sign of entry should precede the sign of participation *Looking in the Other Direction* Teun van der Leer, 2023-09-22 In this study Teun van der Leer tells the story of the Believers Church Tradition a tradition mainly rooted in the so called Radical Reformation which prefers to be called a movement or rather a renewal movement Its name is a program a vision and a way of being church Based on extensive source research this book describes and analyzes the defining characteristics of this so called third type of church and investigates its ecumenical value With an extensive description of its nature of faith the church hermeneutical discernment and mission this book colors a movement within the

church landscape that has never been mapped in such detail before As such the book provides an in depth introduction to this ecumenically important but still a bit underexposed movement and makes a substantial contribution to the ecumenical ecclesiological debate about the church and its future

T&T Clark Handbook of Sacraments and Sacramentality

Martha Moore-Keish, James Farwell, 2022-12-29 Introducing readers to the contemporary field of sacramental theology this volume covers the biblical and historical foundations a survey of the state of the discipline and a collection of constructive essays representing major themes practices and approaches to sacraments and sacramentality in the contemporary world The volume starts with a set of foundational essays that offer broad introduction to the field of sacramental theology from contemporary scholars analysing a number of historical figures in order to illumine and inform contemporary sacramental theology The second part of the volume is dedicated to a series of essays on sacramentality and includes attention to elements of space time ritual action music and word all as aspects of what Christians have termed sacramental reality The third set of essays includes attention to each of the seven practices that have most commonly been termed sacraments in Christian traditions baptism eucharist Lord s Supper confirmation confession forgiveness and reconciliation marriage ordination and anointing The final part of this volume features scholars who are working on sacraments in conversation with contemporary academic disciplines critical race theory queer theory comparative theology and disability studies

Across the Spectrum Gregory A. Boyd, Paul Rhodes Eddy, 2009-09 This accessible yet comprehensive primer explores the breadth of viewpoints on major issues in evangelical theology by examining positions taken by evangelicals on seventeen seminal issues The second edition retains the helpful features of the first edition and adds an appendix that addresses thirteen peripheral issues in contemporary evangelicalism Praise for the first edition The authors do what no book on the market does In one volume they faithfully present divergent views on the crucial issues that divide evangelicals and they do so in an unbiased succinct and lively manner This book is perfect as a supplemental text in an introductory theology course or as a manual for church study groups It will help everyone arrive at his or her own conclusions within the parameters of the evangelical tradition Dennis Okholm Azusa Pacific University Across the Spectrum succeeds with distinction in at least two respects First it represents a very useful tool for those who wish to begin grappling with different approaches to difficult theological problems The book will be most helpful to beginning students in evangelical theology the target audience Second the work presents various perspectives in fair and unbiased tones If used with care it will repeatedly reward the reader with its fair and even treatment of different theological views Nathan D Holsteen Bibliotheca Sacra I ve been waiting for this book for some time Due to its brief nontechnical format it can be used in a variety of ways in undergraduate theology courses Although a concise volume it succinctly outlines multiple arguments both pro and con for incredibly over two dozen issues in disputed largely non fundamental areas of doctrine The professor can present positions in favor of particular views or leave the issues open It s settled I m requiring it Gary R Habermas Liberty University A collective sigh of relief will arise from the

evangelical student body when it discovers this book It helpfully and critically surveys the many legitimate evangelical theological options and convincingly demonstrates that there is no single authentically evangelical viewpoint on a wide range of controversial issues It constitutes a small library between two covers Roger E Olson George W Truett Theological Seminary Baylor University Dance or Die Toivo Pilli, 2009-04-01 This book focuses on the changes in the identity of Estonian Evangelical Christian Baptists ECB during the Soviet years 1945-1991 The author analyzed the influences that affected the life and self understanding of the ECB churches in this most northernmost of the three Baltic countries External pressures from the Soviet atheistic state and the internal dynamics of Estonian ECB churches are both considered and analyzed Comparisons are drawn which show both the similarities with the wider Evangelical world and uniqueness of a local Baptist identity The book based on extensive use of archive and other primary source materials makes an especial contribution to the important emerging field of the study of Evangelicals in Eastern Europe **Beyond 400** David J. Cohen, Michael Parsons, 2011-01-01 Baptists worldwide recently celebrated 400 years of history and witness This volume is a collection of papers presented at the Beyond 400 conference held in Perth Western Australia as part of these celebrations Contributors have written from a broad range of perspectives reflecting biblically and theologically on the thinking and practice of Baptists in the past and present These reflections form a basis for exploring how Baptists can function more effectively in our contemporary world situation and imagine themselves in the future Chapters range from providing historical perspectives to biblical and theological reflections on issues that have been critical to Baptist belief and ministry They examine the core values that historically have distinguished Baptists within the broader context of the church and explore how these values might both underpin and play out in Baptist churches today Contributions reflect a firm belief among both the presenters and attendees at the Beyond 400 conference that Baptists not only have a future but also offer a necessary voice to our world This voice is firmly based on the issues that first precipitated the Baptist movement some 400 years ago and the continuing relevance of these issues as they are reimagined for our contemporary situation Early Christians Speak, Vol. 1 3rd Ed. Everett Ferguson, 1999-11-01 These studies in early church history cover various aspects of the church life of early Christians They focus on the second century What did the second century Christian leaders say about faith baptism infant baptism worship services the Lord's Supper prayer singing church organization mercy and the role of women New Testament texts bearing on the topic are listed at the beginning of each chapter We are talking about the same community of people the same church as existed in the New Testament Such writings have an important bearing on the interpretation of the Scriptures **The Oxford Handbook of Sacramental Theology** Hans Boersma, Matthew Levering, 2015-08-06 As a multi faceted introduction to sacramental theology the purposes of this Handbook are threefold historical ecumenical and missional The forty four chapters are organized into the following parts five parts Sacramental Roots in Scripture Patristic Sacramental Theology Medieval Sacramental Theology From the Reformation through Today and

Philosophical and Theological Issues in Sacramental Doctrine Contributors to this Handbook explain the diverse ways that believers have construed the sacraments both in inspired Scripture and in the history of the Church's practice. In Scripture and the early Church, Orthodox, Protestants, and Catholics all find evidence that the first Christian communities celebrated and taught about the sacraments in a manner that Orthodox, Protestants, and Catholics today affirm as the foundation of their own faith and practice. Thus, for those who want to understand what has been taught about the sacraments in Scripture and across the generations by the major thinkers of the various Christian traditions, this Handbook provides an introduction. As the divisions in Christian sacramental understanding and practice are certainly evident in this Handbook, it is not thereby without ecumenical and missional value. This book evidences that the story of the Christian sacraments is, despite divisions in interpretation and practice, one of tremendous hope.

Acts 1-9:42, Volume 37A The Rev. Dr. Steve Walton, 2024-10-29 Over 2 million copies sold in The Word Biblical Commentary series. This commentary series delivers the best in biblical scholarship from the leading scholars of our day who share a commitment to Scripture as divine revelation. It emphasizes a thorough analysis of textual, linguistic, structural, and theological evidence, resulting in judicious and balanced insight into the meanings of the text in the framework of biblical theology. These widely acclaimed commentaries serve as exceptional resources for the professional theologian and instructor, the seminary or university student, the working minister, and everyone concerned with building theological understanding from a solid base of biblical scholarship.

Overview of Commentary Organization

Introduction covers issues pertaining to the whole book, including context, date, authorship, composition, interpretive issues, purpose, and theology.

Pericope Bibliography, a helpful resource containing the most important works that pertain to each particular pericope.

Translation, the author's own translation of the biblical text, reflecting the end result of exegesis and attending to Hebrew and Greek idiomatic usage of words, phrases, and tenses, yet in reasonably good English.

Notes, the author's notes to the translation that address any textual variants, grammatical forms, syntactical constructions, basic meanings of words, and problems of translation.

Form/Structure/Setting, a discussion of redaction, genre, sources, and tradition as they concern the origin of the pericope, its canonical form, and its relation to the biblical and extra-biblical contexts in order to illuminate the structure and character of the pericope.

Rhetorical or compositional features, important to understanding the passage, are also introduced here.

Comment, verse by verse interpretation of the text and dialogue with other interpreters, engaging with current opinion and scholarly research.

Explanation, brings together all the results of the discussion in previous sections to expose the meaning and intention of the text at several levels: 1) within the context of the book itself; 2) its meaning in the OT or NT; 3) its place in the entire canon; 4) theological relevance to broader OT or NT issues.

General Bibliography, occurring at the end of each volume, this extensive bibliography contains all sources used anywhere in the commentary.

Serving the People of God's Presence Terry L. Cross, 2020-10-27 Leading theologian Terry Cross articulates the doctrine of the church's ministry from a Pentecostal perspective, demonstrating how Pentecostals can contribute to and learn

from the church catholic This companion volume to Cross s previous book The People of God s Presence proposes a radical revision of the structural framework of the local church within the often overlooked corporate priesthood of all believers Cross explores principles for leadership and ministry from the New Testament and the early church helping all believers to do the work of ministry

Pentecostal Theology Wolfgang Vondey,2017-07-13 Winner of the Pneuma Book Award 2018 from The Society for Pentecostal Studies Pentecostalism is the most rapidly growing branch of Christianity since the 20th century yet it does not lend itself well to a singular doctrine and there is therefore no single comprehensive account of Pentecostal theology worldwide In this volume Wolfgang Vondey suggests an account of Pentecostal theology that is genuine to Pentecostals worldwide while allowing for different adaptation and explication among the various Pentecostal groups He argues that Pentecostal theology is fundamentally concerned with the renewal of the Christian life identified by the transforming work of the Holy Spirit and directed toward the kingdom of God The book unfolds in two main parts illustrating the full gospel story and theology Eleven chapters identify the spiritual underpinnings and motivations for Pentecostal theology formulate a Pentecostal theology of action translate apply and exemplify Pentecostal practices and experiences and integrate Pentecostal theology in the wider Christian tradition

Perichoretic Salvation James D. Gifford Jr.,2011-09-15 For two thousand years Christian theologians have struggled to explain the believer s union with Christ What sort of union is it How can it be fully described This book is an attempt to join the conversation to explore exactly what it means to be in union with Christ This book will argue that the believer s union with Christ can rightly be presented as a third type of perichoresis Perichoresis is a word that describes the way the persons of the Trinity interrelate without losing their essential oneness nor without being absorbed into each other In short the doctrine of perichoresis preserves the unity and diversity within the Godhead It is also used to describe the hypostatic union of the divine and human in Christ In Perichoretic Salvation James Gifford argues that the union of the believer and Christ is a relationship of the same kind though of a third type Arguing from a perspective that is rooted biblically historically and theologically the book will allow the union to be explained more fully than in the past while remaining within the bounds of what the church has taught over the centuries It may prove to be a basis for understanding the work of Christ afresh for the twenty first century

Understanding Four Views on the Lord's Supper Russell Moore,2007 Four different ways Christians understand the Lord s Supper Baptist view memorialism Reformed spiritual presence Lutheran consubstantiation and Roman Catholic transubstantiation are fairly represented and debated to provide readers with an opportunity to draw their own conclusion on this important Christian institution

The A to Z of the Baptists William H. Brackney,2009-09-16 With 110 million members worldwide Baptists are surpassed only by Roman Catholic and Orthodox groups as the largest segment of Christians The term Baptist has its origins with the Anabaptists the denomination historically linked to the English Separatist movement of the 16th century Although Baptist churches are located throughout the world the largest group of Baptists lives in the Southern United States

and the Baptist faith has historically exerted a powerful influence in that region of the country The A to Z of the Baptists relates the history of the Baptist Church through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on important events doctrines and the church founders leaders and other prominent figures who have made notable contributions This volume commemorates the 400th anniversary of the founding of the Baptist movement in 1609 *The Blackwell Companion to Christian Ethics* Stanley Hauerwas, Samuel Wells, 2011-02-25 Featuring updates revisions and new essays from various scholars within the Christian tradition The Blackwell Companion to Christian Ethics Second Edition reveals how Christian worship is the force that shapes the moral life of Christians Features new essays on class race disability gender peace and the virtues Includes a number of revised essays and a range of new authors The innovative and influential approach organizes ethical themes around the shape of Christian worship The original edition is the most successful to date in the Companions to Religion series **Of Widows and Meals** Reta Halteman Finger, 2007 Though community has become a common byword in the contemporary Western church the practice of communal sharing has effectively fallen by the wayside Unfortunately it is often the poor who are left wanting because we no longer come together Reta Halteman Finger finds a solution to this modern problem by learning from the ancient Mediterranean Christian culture of community In the earliest Jerusalem church in holding the responsibility for preparing and serving communal meals women were given a place of honor With the table fellowship and goods sharing of the early church Luke says there were no needy persons among them Acts 4:34 Finger thoroughly examines this agape meal tradition challenging traditional interpretations of the community of goods in the Jerusalem church and proving that the communal sharing lasted for hundreds of years longer than previously assumed *Of Widows and Meals* begins a discussion of need in community that can revolutionize the contemporary church's interaction with the world at large
