Communes and Despots in Medieval and Renaissance Italy John E. Law, 2016-12-05 Building on important issues highlighted by the late Philip Jones this volume explores key aspects of the city state in late medieval and Renaissance Italy particularly the nature and quality of different types of government It focuses on the apparently antithetical but often similar governmental forms represented by the republics and despotisms of the period Beginning with a reprint of Jones s original 1965 article the volume then provides twenty new essays that re examine the issues he raised in light of modern scholarship Taking a broad chronological and geographic approach the collection offers a timely re evaluation of a question of perennial interest to urban and political historians as well as those with an interest in medieval and Renaissance Italy **Lords of Renaissance Italy** John Law, 1998-12-01 *The Encyclopædia Britannica: Lord Chamberlain-Mecklenberg* ,1911
