Lamphier, Rosanne Welch, 2017-01-23 This four volume set documents the complexity and richness of women's contributions to American history and culture empowering all students by demonstrating a more populist approach to the past Based on the content of most textbooks it would be easy to reach the erroneous conclusion that women have not

contributed much to America's history and development. Nothing could be further from the truth. Offering comprehensive coverage of women of a diverse range of cultures, classes, ethnicities, religions, and sexual identifications, this four-volume set identifies the many ways in which women have helped to shape and strengthen the United States. This encyclopedia is organized into four chronological volumes, with each volume further divided into three sections. Each section features an overview essay and thematic essay as well as detailed entries on topics ranging from Lady Gaga to Ladybird Johnson, Lucy Stone and Lucille Ball, and from the International Ladies of Rhythm to the International Ladies Garment Workers Union. The set also includes a vast variety of primary documents such as personal letters, public papers, newspaper articles, recipes, and more. These primary documents enhance users' learning opportunities and enable readers to better connect with the subject matter.

Filmography of American History Grant Tracey, 2001-11-30. Containing over 200 films, this resource is ideal for students, teachers, and other viewers who are interested in using films to enhance their knowledge of American historical events and periods. Along with traditional historical categories such as the two World Wars, the Civil War, and the Great Depression, the book emphasizes immigrant, multicultural, and women-centered films to portray the fullness of the American experience. It also analyzes representations of people and events across different films for a variety of viewpoints and considers how films reconfigure a past era through the issues of the day in which they were produced. For ease of use, the book is organized into time periods. Each entry contains the setting, director, cast, credits, the year of production, distributor, ratings, and is supplied to identify audience appropriateness. The detailed narrative supplies a brief plot summary along with a thesis supported by strong examples from the film, such as excerpts of dialogue and factual details from history. The entries encourage readers to view the film through the lens of history and to consider it within the larger nexus of films listed in that particular chapter. Frequently, the historical focus considers both the time period depicted in the film and the time period in

which it was made The running times provide readers with a quick access to key scenes for further study Each entry also concludes with sources for further reading and indexes identify those films with multicultural and women s themes
