L. Firstbrook,2003 Hillary and Sherpa Tensing Norgay became the first men to reach the summit of Everest Or were they Twenty nine years previously George Leigh Mallory and Andrew Sandy Irvine died on their attempt on the summit Many believe they were successful but perished on their return This passionate debate has lasted nearly 75 years and the truth can now be uncovered **The Lost Explorer** Conrad Anker,David Roberts,2013-08-22 In 1999 Conrad Anker found the body of George Mallory on Mount Everest casting an entirely new light on the mystery of the lost explorer On 8 June 1924 George Leigh Mallory and Andrew Sandy Irvine were last seen climbing towards the summit of Everest The clouds closed around them and they were lost to history leaving the world to wonder whether or not they actually reached the summit some 29 years before Edmund Hillary and Tensing Norgay On 1 May 1999 Conrad Anker one of the world s foremost mountaineers made the momentous discovery Mallory s body lying frozen into the scree at 27 000 feet on Everest s north face Recounting this day the authors go on to assess the clues provided by the body its position and the possibility that Mallory had successfully climbed the Second Step a 90 foot sheer cliff that is the single hardest obstacle on the north face A remarkable story of a charming and immensely able man told by an equally talented modern climber

George Mallory and Andrew Irvine two British climbers who disappeared on Everest in 1924 Did they reach the summit before perishing on their descent Or did they fall short of their goal lost forever in the mountain s icy embrace For decades the world has been captivated by the story of Mallory and Irvine Their final resting place remained a mystery until 1999 when Mallory s frozen body was discovered high on the mountain The discovery of his camera however has only added to the enigma Could the photographs inside provide clues to their ultimate fate In this gripping book we delve into the captivating story of Mallory and Irvine s ill fated expedition We examine the evidence explore the theories and attempt to unravel the mystery of their disappearance We also explore the broader history of Everest expeditions from the early attempts to the modern era of commercial climbing Through the lens of Mallory and Irvine s journey we gain a deeper understanding of the human spirit s relentless pursuit of adventure even in the face of overwhelming odds Their story is a testament to the indomitable will of those who dare to dream of reaching new heights even at the risk of everything Everest stands as a symbol of human ambition and resilience It is a mountain that has claimed the lives of many but it has also inspired countless others to push their limits and achieve extraordinary feats Mallory and Irvine s story is a reminder that the pursuit of great dreams is often fraught with danger but it is a journey that can also lead to greatness If you like this book write a review
