field *Where Fate Beckons* John Dunmore,2010-01-20 French explorer and naval officer Jean Francois de la Prouse 1741 88 was after James Cook the greatest explorer of the Pacific in the eighteenth century In 1785 La Perouse was commissioned by Louis XVI to head an expedition into the uncharted regions of the Pacific Ocean Setting out from France the expedition over the next three years was the first to map the coasts of California Alaska and Siberia From there La Prouse continued to Easter Island and Hawaii where La Prouse Bay bears his name After a stop in Botany Bay Australia La Prouse s two ships set out for the Solomon Islands En route they encountered a storm and were sunk despite search efforts over the centuries no trace of the wreckage of La Prouse s ships has been found *Where Fate Beckons* tells the story of La Prouse s life and adventures along the way providing a lively introduction to the world of French colonialism the end of the Age of Exploration and French society in the years leading to the French Revolution *South Sea Maidens* Michael Sturma,2002-03-30 From the first European contact with Tahiti in 1767 the myth of the South Sea maiden has endured through many incarnations Although the maiden frequently provided an idealized antidote to Western women s self assertion the South Pacific also afforded a space where boundaries between the sexes could be relaxed and transgressed From James Cook and Captain Bligh to James Michener and Margaret Mead the Island girl has occupied a special place in the erotic imagination of the West In a sweeping study that embraces history literature visual arts anthropology and film this study gives fresh insight into the myths and reality of a Western icon While women from far off lands have always been presented as exotic and alluring the South Sea maiden has come to symbolize feminine sexuality as an integral part of the adventure sensuality and romance of the South Pacific Everyone from early explorers to 19th century writers and artists to latter day anthropologists film makers and tourism promoters have extolled their virtues and their bodies Sturma looks behind the popular cliché to reveal how the myth making process reflected not only Western desires but the cut and thrust of changing sexual politics The result is an intriguing look at both South Sea image makers and the women whom they found so seductive *Australia, New Zealand, and the Pacific* Donald S. Garden,2005-08-19 A fascinating study of the environmental history of Australia New Zealand and the islands of the Pacific from the time of the dinosaurs to the present day Of interest to students and academics alike this book provides a much needed synthesis of the recent literature on the environmental history of Australia and Oceania Part of ABC CLIO s Nature and Human Societies series this book maps out the key trends in the region s environmental history charting the creation of the Australian continent from the ancient land mass of Gondwanaland to the arrival of humans Especially fascinating are the chapters highlighting how successive waves of human migration created environmental havoc throughout the region leading to the collapse of the Easter Island civilization and the spread of nonindigenous flora and fauna From the controversies over the reasons why creatures such as the marsupial lion and the giant kangaroo became extinct to such contemporary problems as deforestation and global warming this book contains sobering lessons for us all *She Captains* Joan Druett,2001-05-29 With her pistols loaded she went aboard And by her

In Oceania Nicholas Thomas, 1997 Australian scholar Nicholas Thomas documents and analyzes rhetorical artifacts of explorers missionaries fiction and travel writers and the people of the Pacific themselves to demonstrate how Oceanic identities have been represented over time The picture Thomas paints of Oceania shows that interactions between indigenous cultures and European influences created entirely new Oceanic identities 62 illustrations *Imperial Benevolence* Jane Samson, 1998-07-01 This insightful analysis of British imperialism in the south Pacific explores the impulses behind British calls for the protection and improvement of islanders From kingmaking projects in Hawaii Tonga and Fiji to the antislavery campaign against the labor trade in the Western Pacific the author examines the deeply subjective cultural roots permeating

Britons attitudes toward Pacific Islanders By teasing out the connections between those attitudes and the British humanitarian and antislavery movements Imperial Benevolence reminds us that nineteenth century Britain was engaged in a global campaign for Christianization and Civilization **A Son of the Sun** Jack London,2001 Entertaining atmospheric and action filled yet difficult to obtain until now the eight short stories in Jack London s A Son of the Sun center on the thrilling exploits of Captain David Grief in the dangerous and exotic South Seas Captain Grief encounters the adventurers scoundrels pirates and opportunists who followed the example of their colonial predecessors and exploited the islands and their resources early in the twentieth century Inspired by London s own voyage through the South Seas on board his self made yacht the Snark these stories paint a colorful and at times horrifying picture of the remote South Pacific Thomas R Tietze and Gary J Riedl provide concise and illuminating introductions to each story as well as informative notes The volume is enlivened by reproductions of London s own photographs and maps and by the illustrations that accompanied each story when first published **Pitcairn Island as a Port of Call** Herbert Ford,2014-01-10 Pitcairn Island is arguably the most isolated inhabited spot on Earth Yet despite tricky ocean currents often lethal surf and sudden gales the island s standing as the home of the descendants of Fletcher Christian and his mutineer cohorts from H M S Bounty has drawn thousands of ships to its shores This maritime history of the island chronicles every ship that has called at Pitcairn from the time of the arrival of the mutineers in 1790 to December 2010 The ship s log format lists the date of each call the ship s name and particulars and brief reports of activities during the call which often include matters of love murder survival intrigue shipwreck romance and much more Since Pitcairn remains totally dependent on ships for its survival this work offers the most thorough historical record of the island and its people
