Lotus Leaves Leung Ping Kwan, 2021-01-15 Leung Ping Kwan is one of Hong Kong's most acclaimed poets. His poems display a unique blend of the literary and the down to earth of the modern and the traditional of the serious and the humorous of the local and the universal. In his own words I want my poems about things to be a dialogue with the world to learn and be inspired by the shapes, smells and colours of things. This collection has been carefully curated and is arranged under ten thematic sections: Lotus Leaves, Hong Kong, Macao, Foodscape, After the Book of Songs, Strange Tales, After Pu Songling, Cloth, Ink, Museum Pieces, Places and Friends, and Bitter Melon and Others. These translated poems and the delight they bring are a celebration of the continuing legacy of a remarkable Hong Kong poet. Popular Songs and Ballads of Han China Anne Birrell, 2022-05-17 This book first published in 1988 compiles 77 songs and ballads of the Han dynasty (200 BC - AD 300). Each song text is newly translated and fully annotated and explicated. Dr Birrell deals systematically with problems of the earliest sources, dating, attribution, textual variants, multiforms, metre, generic title, song title and structure. This careful and thorough treatment is especially necessary for a corpus of anonymous popular texts which are often corrupt, structurally confusing, laconic and full of nonsense words and colloquialisms. Her introductory essay provides a socio-historical context for this material and charts its literary transmission while singling out special characteristics of the genre such as musical, oral and dramatic elements. The main text arranged into eleven chapters plus an introduction is supplemented by notes, appendices, maps, chronology, bibliography and index. Preface p. iii **Culinary Herbs & Spices of the World** Ben-Erik van Wyk, 2014-09-26 For centuries herbs and spices have been an integral part of many of the world's great cuisines. But spices have a history of doing much more than adding life to bland foods. They have been the inspiration for, among other things, trade, exploration and poetry. Priests employed them in worship, incantations and rituals, and shamans used them as charms to ward off evil spirits. Nations fought over access to and monopoly of certain spices like cinnamon and nutmeg when they were rare commodities. Not only were many men's fortunes made in the pursuit of spices, spices at many periods throughout history literally served as currency. In *Culinary Herbs and Spices of the World* Ben-Erik van Wyk offers the first fully illustrated scientific guide to nearly all commercial herbs and spices in existence. Van Wyk covers more than 150 species from black pepper and blackcurrant to white mustard and white ginger, detailing the propagation, cultivation and culinary uses of

each Introductory chapters capture the essence of culinary traditions traditional herb and spice mixtures preservation presentation and the chemistry of flavors and individual entries include the chemical compounds and structures responsible for each spice or herb s characteristic flavor Many of the herbs and spices van Wyk covers are familiar fixtures in our own spice racks but a few especially those from Africa and China will be introduced for the first time to American audiences Van Wyk also offers a global view of the most famous use or signature dish for each herb or spice satisfying the gourmand s curiosity for more information about new dishes from little known culinary traditions People all over the world are becoming more sophisticated and demanding about what they eat and how it is prepared Culinary Herbs and Spices of the World will appeal to those inquisitive foodies in addition to gardeners and botanists **The Atlantic Monthly** ,1891 *Atlantic Monthly* ,1891 **The Monthly anthology, and Boston review** ,1895 *Alicia Warlock, a Mystery* Wilkie Collins,1875
